

**Kilgore Independent School District**  
**Kilgore Middle School**  
**2023-2024 Campus Improvement Plan**

# Mission Statement

Preparing today's students for tomorrow's opportunities.

## Vision

Igniting life-long learning in all students.

## Core Beliefs

- \* Quality instruction is critical for student success.
  - \* Academic excellence is our cornerstone.
- \* Education is more than just classrooms or test scores.
  - \* Responsible citizenship is character in action.

Perceptions	10
Priority Problem Statements	12
Comprehensive Needs Assessment Data Documentation	13
Goals	15
Goal 1: Student Achievement: Kilgore Middle School will demonstrate exemplary performance in comparison to state and national standards in the areas of Reading, Writing, Mathematics, Science, and Social Studies	15
Goal 2: Student Achievement Instruction: KMS will implement research-based instructional strategies through all content areas and will promote academic success by engaging students through real-world experiences while cultivating independent thinking and creative problem-solving.	20
Goal 3: High-Quality personnel: KISD will attract, develop, and retain high-quality staff through a well-defined, personally valuable professional development plan and support structure.	22
Goal 4: Safe and Engaging Environment: KMS will focus on the civic perception of the KMS campus by managing student behavior, improving classroom management, academic expectations, and leadership involvement.	24
Goal 5: College and Career Readiness: KISD will prepare our graduates to succeed in the college/career path of their choice.	28
Goal 6: KMS will collaborate with families and community members to increase community involvement as evidenced by attendance and communications.	30
2023-2024 Site Based Decision Making Team	32

# Comprehensive Needs Assessment

## Demographics

### Demographics Summary

- KMS serves 293 sixth graders, 310 seventh graders and 325 eighth graders in a small town in Kilgore, Texas.
- After first nine weeks, all students returned to on-campus instruction except for 10 remote learning students who were predominantly hispanic and African American.
- Our town supports Kilgore College which offers support in dual credit and adult education.
- Our school is surrounded by small rural school districts, and the nearest private school is in Longview, Texas.
- Due to our community being reliant on an oil economy, we have close to 67% of our students economically disadvantaged. but expect a large jump when we return due the oil field collapse and other economic setbacks due to Covid shutdown last spring.
- Our enrollment has consistently increased the past 5 years with the most growth coming from Hispanic population and with a loss in African American population.
- Our teaching staff consists of 84.7% white, 8% African American, 4.5% Hispanic, and 1.6% American Indian with the average of 12.7 years experience and with 28.8% having over 20 years of experience.
- Our employment of teachers with less than five years experience stabilized at 25.6%.
- Our students' ethnicity consists of 47.9% White, 33.9% Hispanic, 11.7% African American, 4.8% Two or More Races, 0.8% American Indian and .9% Asian.
- We serve 8.2% in Special Ed, 8.3 in Gifted and Talented, 65% at risk, and 18.5% Limited English Proficient English learner.
- Per last census, 75.6% of our adult community holds a high school degree with 18.5% of adult community earning at least a bachelor's degree.

### Demographics Strengths

- We have no migrant students and no students classified as homeless this year.
- Our campus and district have strong connections with our 23 area services and provide information in pamphlet form or personal discussions from the National Center for Homeless Education.
- We also offer "Backpack" food on Fridays for our students with greatest need to provide nutrition over the weekend when they cannot have free breakfast or lunch.
- We also provide free lunch for our students in the summer to help support economic needs.
- Our campus has more diversity with our Hispanic increase.

- All demographics are represented in our music programs of band, choir and orchestra, our boys and girls athletic programs, and our electives and service organizations.

# Student Learning

## Student Learning Summary

- In Renaissance Math Universal Screener, 6th grade math students started with 48% on grade level and improved to 63% on grade level. 7th grade math started with 43% on grade level and increased to 51% on grade level. 8th grade began the year with 59% on grade level and improved to 68% on grade level.
- In Renaissance Reading Universal Screener, 6th grade reading students started with 30% on grade level and improved to 36% on grade level. 7th grade students started with 24% on grade level and improved to 31% on grade level. 8th grade students started at 25% on grade level and improved to 32% on grade level.
- In DMAC data, our scores jumped on all unit tests due to second year of implementation of TEKSRESOURCE.
- Mastery levels at 13% for math STAAR are stable from 7th to 8th grade even without honors and GT Algebra I students testing with their 8th grade class in lieu of Algebra 1 EOC.
- Mastery levels dropped in 8th grade reading (21%) from their 7th grade level of 23%.
- Eventhough our 8th grade social studies approaches scores are below 2019 state average, we showed a growth of 8% points over the previous year and an increase in mastery from 13% to 15%.

## Student Learning Strengths

- Implementation of individual student tracking by the teachers and students has brought targeted remediation and growth plans for individual students.
- Pinpointed tracking, tutorials and grade level instruction has allowed two students to be removed from Special Ed status to 504 status.
- Over 50% increase in mastery level on History 8 unit tests due to personal assignment changes and implementing Lohman Program. Passing rates on DMAC went from 62% in 2019 to 81% this year and mastery went from 18% to 25%.
- 7th and 8th grade math RTI remediation is making improvements to increasing student numbers on grade level performance for campus data.
- For SSI grade 8 reading 2019, students scored 60% on first administration which is 3% pts. higher than their 7th grade scores and 10% pts higher than their 6th grade scores.
- For SSI grade 8 math 2019, students scored 79% on the first administration which is 3% pts. higher than their 7th grade scores and 15% pts higher than their 6th grade scores.
- Our STAAR Math 8 2019 students Met/Exceed Growth percentage of 77% is higher than the Region VII growth of 69.5%.
- Our STAAR Reading 8 2019 students Met/Exceed Growth percentage of 62% is higher than the Region VII growth of 61.5%
- Our STAAR Science STAAR 2019 scores of 77% were above the state average 74%.

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1:** 1% of special education students passing state-level exams. **Root Cause:** Expectations of special education students must be the same as all students. Retraining is ongoing in differentiation and involving special ed teachers in grade level instruction and PLC's. Also implementing coteaching and supplementary tutorials for special ed students will give support.

**Problem Statement 2:** 13% of students met standard on 2023 STAAR exams. **Root Cause:** Lack of grade level alignment and implementation of best practices learned in PLCs and PD.

# School Processes & Programs

## School Processes & Programs Summary

- Our curriculum is aligned for the second year through TEKSResource for vertical alignment.
- PLC's offer time for horizontal and development of instructional practices.
- Our "House" system offers small multigrade clusters of students a chance to connect and compete with different peers.
- Monday Motivation offers small group meetings for goal setting and for individual support.
- We offer instruction in computer labs, PBL based units, coteach classes for special education integration, career and investigation.
- We offer fine arts education through art, band, choir, orchestra, and theatre arts.
- We offer physical education through PE classes, football, basketball, volleyball and track.
- We offer academic extensions through UIL competitions, Robotics, communications, Model UN, Invention Fair and writing competitions.
- We utilized RCA training through a committee to engage all teachers in RCA strategies.
- We are supported by programs and education in special education, RTI, At-Risk management, and Gifted and Talented.
- New teachers are supported in training in procedures, processes, curriculum, and technology before school and throughout the year.
- Incentive Programs are designed as behavior rewards for students exemplifying our Bulldog Essentials.
- We added a fulltime behavioral therapist to assist in counseling for high risk students.

## School Processes & Programs Strengths

- Our "House" program offers more opportunities for students to practice social skills and lead out on projects through committees. By having four houses, our school can build small communities within the overall population. Rewards for reaching out in service to others, being role models in the classroom and hallway, and academics offers students a fun way to assume responsibility for themselves and their house community.
- Our fine arts programs have a tradition of being sweepstakes performing and offer another opportunity for parents to engage in our school through concerts.
- PLC's have been differentiated to fit the needs of different subject and grade matter.
- All core subjects have a common planning with their grade level and content subjects have coordinated duty schedules that allows more planning time.
- All students are screened for beginning, middle but lost end of year screening due to school closings to track progress in math and reading.
- Use of teachers observing teachers helped build engagement concepts in our classrooms this year.
- TEKSResource program has insured teachers are planning to the correct depth and rigor of our TEKS.

- Academic extensions are offered through UIL academic competitions, writing contests, robotics and science competitions and Model UN.
- Our safety drills are conducted monthly and with high efficiency. During a real airconditioning motor burn, students calmly and quickly exited the building due to many practices.
- Schedules are designed for all classes having the ability to meet even on assembly days.
- House program gave more opportunities for our special needs student and support staff to interact with others.
- Implementation of Swivel video recording allows teachers to self reflect and share teaching strategies.
- Implementation of a "New Teacher" trainer plus a mentor has allowed one of one training throughout the year in classroom management.
- Implementation of additional licensed counselor allowed us to identify students in high crisis need.

# Perceptions

## Perceptions Summary

- We are considered an average school size, so our community expects more personal involvement and close relationships that may be lacking in larger school districts.
- We believe all students can learn and that creating a safe and engaging learning environment increases success.
- We actively seek out new teachers for our campus through personal contacts, social media and other recruitment to keep a highly qualified staff.
- We have a higher percentage of African American placements in discipline. The majority of these referrals revolved around a couple of students. Since our AA population numbers have dropped, those referrals count more percentages points with fewer students. Through training and RDA committee, Restorative Discipline techniques are incorporated and examination is ongoing in our discipline matrix and school conduct codes.
- Our Facebook, Remind 101, Smore and Webpage presence keeps parents involved in our activities and achievements on our campus. In the case of any drill or emergency, parents are notified immediately through our district call program and social media.
- "Coffee with the Principal" offered a time for parents to express concerns or volunteer support in areas that are parent led.

## Perceptions Strengths

- Teachers offer breakfast clubs for additional tutorials for all subjects for remediation and for striving to mastery levels on STAAR.
- We offer drug testing and counseling resources for students.
- We adopted our KISD Essentials for Excellence campus wide and made all expectations know to parent and students and posted prominently throughout our school our expectations as reminders to our campus and visitors.
- We have integrated several academic events through the classroom that incorporate the use of community members as mentors and judges to increase partnership with different role models in the community.
- We build a sense of community by training 65 teachers in the Capturing Kids' Hearts program to encourage students to take responsibility for their actions and to build community within the classroom.
- We supply support for students struggling with behavior through Restorative Discipline program, counseling and mentorship through the Guppy Program.
- Our Career Investigation class and job fair offers students the opportunities to explore future educational needs for careers and offers opportunities for students to meet and job shadow various professionals.
- In a staff survey in May, 100% of our staff felt Bulldog Essentials were affective in improving campus expectations.
- In a staff survey in May, 89% of our staff felt utilizing Fish Philosophy added to our campus culture and climate.

### **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1:** A lack of involvement in the Hispanic community with their students' education. **Root Cause:** Lack of Hispanic models and influences with our staff at KMS, and a climate of distrust among the Hispanic community with documentation and communication.

# Priority Problem Statements

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

## Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Federal Report Card and accountability data
- RDA data
- Local Accountability Systems (LAS) data

## Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

## Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data

- Response to Intervention (RtI) student achievement data

### **Student Data: Behavior and Other Indicators**

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

### **Employee Data**

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- T-TESS data

### **Parent/Community Data**

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

### **Support Systems and Other Data**

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Other additional data

# Goals

**Goal 1: Student Achievement:** Kilgore Middle School will demonstrate exemplary performance in comparison to state and national standards in the areas of Reading, Writing, Mathematics, Science, and Social Studies

**Performance Objective 1:** By May 2024 KISD will ensure that 80% of all students will achieve a minimum of one year's growth on Reading.

**Evaluation Data Sources:** Growth will be tracked through unit tests and screeners. Teachers will meet with principal, APs, and instructional specialist to monitor the growth of each individual child.

Strategy 1 Details	Reviews			
<b>Strategy 1:</b> Use Beginning of Year, Middle of Year, and End of Year Screener to collect data.	Formative			Summative
	Nov	Feb	Apr	June
	 35%			
<div style="display: flex; justify-content: space-around; align-items: center;"> <span> No Progress</span> <span> Accomplished</span> <span> Continue/Modify</span> <span> Discontinue</span> </div>				

**Goal 1: Student Achievement:** Kilgore Middle School will demonstrate exemplary performance in comparison to state and national standards in the areas of Reading, Writing, Mathematics, Science, and Social Studies

**Performance Objective 2:** By May 2024, KISD will ensure that 80% of all students will achieve a minimum of one year's growth in Math.

**Evaluation Data Sources:** 1st semester we tracked growth through unit tests and screeners.

We will know when STAAR test results are in. Overall, each teacher has met with principal and APs and instructional specialist to monitor growth of each individual child.
