### Mythology Book Club

Read Percy Jackson and Magnus Chase with Mrs. S this Summer! Enjoy reading the first book of the Percy Jackson series and the first book of the Magnus Chase series. During our time together we'll compare the gods of classical Greek and Norse mythology to how they are represented in the popular Riordan series.

Grades: 4-6

Tuesdays: June 4, 11, 18, and 25

11:00 AM-12:00 PM

Melissa Schneider

### LEGO Challenges

These LEGO Labs provide an engaging, playful opportunity for hands-on STEAM learning and fun. Each camp will present unique missions and challenges for students to complete individually and collaboratively. Students will build elaborate structures, vehicles and objects while unknowingly exploring fundamental concepts of engineering and physics. They'll learn to collaborate and create without fear of mistakes. Any student entering grades 4-12 is invited and will be appropriately challenged.

Grades: 4-12

Week 1: June 3-6

8:00-9:25 AM

David Jewison

### HOT Math - Secret Agent

Higher Order Thinking (HOT) Math camps will individually and uniquely challenge your student in mathematical thinking. Knowing that students can lose over two months of previously learned content over the summer months, we will work hard to keep those neurons connected through various nontraditional methods to keep learning fun. Each session will be roughly 40% direct math concepts followed by 60% applied math/logic/problem-solving. Each week of camp will be unique with no repeated content from week to week. Sign up for them all!

Grades: 2-6

Week 1: June 3-6

9:35-11:00 AM

David Jewison

### Science ROCKS!

Are you fascinated by rocks, minerals, and gems? Do you wish you had the skill to pick up rocks and be able to identify them? Do you enjoy doing experiments and investigations? If so, this camp is for you. You will leave this camp with a box of rock samples and a piece of jewelry you created with rocks and minerals. We can't wait to ROCK out the week with you!

Grades: 3-5

Week 1: June 3-6

Grades: 1-2

Week 2: June 10-13

9:35-11:00 AM

Betsy and AnnMarie Donahue

### **Wonderful World of Shells**

Learn about the amazing invertebrate animals known as seashells! This hands-on class will explore shells of all types and discover their lifestyles! Fun shell projects and learning about these beautiful creatures may just start a new hobby for the student! The classroom will contain 1000's of shells to study and each student will receive shells to begin their own collection. Come and spend a week at the beach!

Grades: 2-5

Lori Ortega

Grades: 2-5

Week 2: June 10-13

8:00-9:25 AM

Lori Ortega

### **Book Arts**

Do you enjoy writing, drawing, and crafting? In this class, we will create three different books using everyday materials like paper, cardboard, and ribbon. We will try some fun writing activities and explore drawing and painting techniques to create illustrations for our handmade books.

Grades: 3-6

Week 2: June 10-13

9:35-11:00 AM

Sara Moore

### **Frassati Youth Group**

Join us for a summer Youth Group, where students will engage in activities based on Blessed Pier Giorgio Frassati's love of prayer and activity. Students will participate in cultural, physical, spiritual, social and service activities with faith and prayer as the "real rock binding students together."

Grades: 4-6

Week 2: June 10-13

9:35-11:00 AM

Brianna Stumpf and Molly Leifeld

### **Craft Camp!**

This camp is designed to encourage creativity and self-expression all while exploring a variety of crafting techniques!

Grades: 2-5

Week 2: June 10-13

8:00-9:25 AM

Kerri Zick

### **Deutsch Macht Spass! (German is Fun!)**

Learning a new language opens more neural pathways and enhances thinking, communication, and empathy. It is also a lot of fun! And the younger you learn a new language the easier it is! This summer camp will introduce kids to the German language and culture using engaging games, songs, and hands-on activities. By the end of the week, students will have a journal full of new words and drawings and be ready to teach others what they have learned.

Grades: 1-6

Week 2: June 10-13

9:35-11:00 AM

Elizabeth Stevenson

### **Art Factory!**

For all learning styles, this class encourages experimentation, innovation and creative art-making without limitations. Students will engage in hands-on art projects utilizing a mix of traditional and non-traditional materials. Students will use their unique art skills in their projects and show artistic expression in their learning. This course aims to inspire a deeper understanding of art making. The opportunity for your children to devote 75 minutes a day to art will be a powerful experience.

Grades: 2-7

Week 3: June 17-20

8:00-9:25 AM

Jody Berhow

### **Acting, Setting and Props Oh My!:**

#### **Performing Readers' Theater**

Join us for a reader's theater class! We will be working on various acting exercises, studying different versions of popular fairy tales, and creating a readers' theater performance to present to families. We will rehearse lines, create props and design various setting features for the performance. Families are invited to attend the final performance on the last day of class. (Thursday, June 20 at 10:30) If you enjoy stories and performing, then this is the class for you!

The June session's plays and activities are different from the July session (July 22-25), and students are welcome to sign up for both!

Grades: 3-6

Week 3: June 17-20

9:35-11:00 AM

Molly Leifeld

### **Oh, the Places You'll Go...**

If you want to explore places around the world join us on a fun geographical and cultural journey. Campers will be asked to get together with friends and pick a country to study. Each group will create a presentation that they will share with other campers. The displays and activities may include new discoveries about animals, artists, dances, foods, climate, resources, and/or people of the region. We will provide the materials for the final project. So if you decide to focus on Australian animals, Italian cuisine, or the Hawaiian Luau come embrace a culture and get inspired!

Grades: 3-6

Week 3: June 17-20

9:35-11:00 AM

Betsy and AnnMarie Donahue

### **Cross Stitch for Beginners**

Cross stitch is an embroidery technique that is fun and easy to learn. In this class, you'll learn how to read a cross-stitch pattern, choose your thread and fabric, and sew a pattern of your choosing. At the end of the last class, you'll have your own cross-stitch materials to take home to continue working on your project.

Grades: 3-6

Week 3: June 17-20

9:35-11:00 AM

Sara Moore

### **Become an author!**

Do you ever dream about being a writer or an artist when you grow up? Then, this class is for you! We will read and discuss different forms of picture books...then you will write and illustrate your very own! You will be an author! At the end of the week, you'll get to bring your one-of-a-kind book home with you.

Grades: 3-4

Week 3: June 17-20

9:35-11:00 AM

Stephanie Kendall

### **Discover Drawing**

Drawing is the best foundation for art making! Join us for a 5-hour course that will allow children to learn about all types of drawing techniques and materials. Students will be able to use pencils, charcoal, chalk, ink and markers which will help them use both sides of their brain to strengthen creativity and logical thinking. The opportunity for your children to devote 75 minutes a day to spontaneous drawing can relieve stress, improve focus and memory.

Grades: 2-7

Week 3: June 17-20

9:35-11:00 AM

Jody Berhow

Coach Bowlin

### Youth Basketball Camp II

A repeat of our first camp, but with an emphasis on using fundamentals under game-like conditions. Shooting contests, playing 1 on 1, 2 on 2, and 3 on 3 will be more prevalent.

We will teach team offense concepts such as cutting to get open, give & go, and screen and roll. We will play a lot of 3 on 3 to help our players incorporate what they have learned.

Grades: 3-6 Co-Ed  
June 24-27
