

Elementary Student Activities: 2020-2021

Student Activities/Clubs are those activities that seek to meet the interests of students that are not provided by the curricular program of the school. As is the case with all extracurricular activities, Student Activities/Clubs must be approved by the Board. Prior to a student activity/club being brought to the Board for approval, it must have operated successfully for a 90-day probationary period. (Please refer to AG 122-2 for probationary period details)
