SUMMER FUN FILLED WITH EXPLORATION AND DISCOVERY

WELCOME

Welcome to PCDS Summer! Our mission is to immerse children into exploration and discovery in a safe and caring environment.

PCDS Summer extends the work that Park City Day School commits itself to by allowing students to gain confidence in their abilities, explore new things and take on challenges. Campers will strengthen their social emotional skills by playing with others and being mindful of their surroundings both on and off campus.

Please enjoy looking through the catalog.

The Mini Moose program provides children a chance to experience a wide variety of activities. We will explore the nature trails as well as engage in weekly water activities. We will have crafts and free choice time inside to get out of the heat! In the past, we have done dinosaur digs, made our own smoothies and popsicles, created collages from items found in nature, played dress up, and more.
