

School District Of The City Of Pontiac
OFFICE OF THE SUPERINTENDENT
Dr. Kimberly Leverette, Interim Superintendent

February 28, 2024

Dear Valued Community Member,

We are excited to share that we are currently in the process of developing a new strategic action plan for Pontiac School District. Your participation and input are so vital to this process that we have prepared a comprehensive survey, working with our vendor partner [Third Eye Network](#), to capture your feedback.

You are able to complete the survey in [English](#) or [Spanish](#). The survey inquires about your level of familiarity and satisfaction with various aspects of the district. It also provides opportunities for you to provide feedback on ways the district can bring more value to you and your family and where improvements can be made to make PSD the district of choice in our region.

We aim to reach all community members across each municipality within our service area and the survey is open to district personnel, parents and guardians of district and non-district students, our community partner organizations, elected officials, philanthropy, the broader community at large, and even students.

The survey should take about 10 minutes to complete. Survey responses will be compiled and presented to the public at a future community meeting. Any personal identifiable information will be removed from the analysis and will not be shared publicly. Thank you in advance for taking the time to help shape the future of our district!

Best regards,
