

What is
an Art Car?

An Art Car

is...

A car that someone made
into ART!!!!

By adding a little bit of
this and little bit of that...

And a lot of imagination...

And a lot of creativity...

And sometimes a few plastic fish
and lobsters...

And some stars and stripes...

And even, hmmm...

And even some toys...

And also, hmmm...

And maybe even some Pez...

And some painted patterns...

And some portraits of famous musicians...

And even a fancy
ambulance...
