Race4Ed Needs Your Help!

We need your help NES Community!

Please see the attached flyer and help us in raising funds for our students! Share the NES flyer with families and friends via email, spread the word. Need paper copies? Reach out and we will get those to you!

This fundraiser affords our school to do so much for our students: field trips, tees, yearbooks, Artist in Residence, Birthday Books, Grade 5 farewell and so much more!

Without these funds, we are limited in the extra that we can do.

As noted below, our students will participate in a 45 minute fun experience to celebrate this collaborative effort. On 10/08, the Bostic Field stands will be open for local friends and family to come cheer our NES'ers as they walk, jog, race on the track.

The concession stand will be open for visitors - this is a part of our fund raising efforts. Please note: visitors (parents, families) are not permitted on Bostic track/field. This event includes viewing, cheering, waving from the stands only.

We are grateful to our volunteers who can join us on the field that day. Please sign up here: <http://www.ttsu.me/raceevent>

10/14: Apple Crunch Day

NES HEALTH SERVICES will celebrate Apple Crunch Day with students and staff on Oct 14th. Apples will be distributed/available during lunch. There will also be educational information about the importance of eating "healthy" foods.

In view of Farmer's Fair, it is a wonderful opportunity to promote our local farmers, orchards and agriculture. NES'ers may wear red, green or yellow in honor of their favorite type of apple!

Physical Education Update

Our Physical Education teachers continue to follow the direction of the mask order, requiring masks indoors, when students are not distanced 6 feet. Our teachers are prioritizing classes outdoors to support mask-free activities. When this is not possible, masks are required if students are close to each other and when movement is not high intensity.

Per the Mask Order, when indoors, masks are off when:

Participating in high intensity aerobic or anaerobic activities, including during a physical education class, in a well-ventilated location and when able to maintain a physical distance of six feet from all other individuals.
