# Headmaster's Message

Dear Members of the MCI Class of 2023,

This is my first year at MCI, and I have yet to see everything through for the first time. In fact, to use the old analogy, I have been drinking from a fire hose since 1 July, 2022, when I first assumed the reins as Head of School. Since that date, I have attempted to learn about school history, culture, the makeup of the faculty and staff, but perhaps most importantly, the nature and character of the student body. In that endeavor, I have come to appreciate especially you, the Class of 2023, and not just because of your many small acts of personal kindness, and ever supportive words of encouragement, but by your clear purposeful leadership that, perhaps more than anything else, has been instrumental in setting so positive and upbeat a tone in all aspects of the MCI experience from the classroom, the athletic arena, residential life program, to the many clubs and societies that form the basis of our daily interactions and sense of family. Each and every one of you have made contributions that make MCI a better school. Your individual and collective example are a strong legacy that will continue to inspire us in the years ahead.

Although it is sad to part, it is exciting to see you move on to the next chapter of what will be, I am sure, positive lives of purpose and accomplishment. It is equally true that you are moving out into a world that is far from problem free with challenges and societal issues that exist on a planetary scale. It is therefore more important than ever for each one of you to take a stand and make a principled difference in the world - so keep making good decisions and leading by example. For as Margaret Mead famously noted, "Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."

As you navigate this dynamic future, please remember that you will never be alone, you will always be the MCI Class of 2023. Stay in touch with one another, support and help one another, and remember always that the friendships you made here, and the mentors who helped make you the person you are today, are treasured connections that will endure in all places and for all time. So do not be a stranger, and remember that there will always be a place that is yours at MCI.

The faculty, staff, and I salute you and your many accomplishments on your journey to graduation. We wish you every success and happiness as you now move forward with your lives on many different paths, and we all look forward to hearing of your many adventures when you visit us in the years ahead.

With deep affection,

Mr. David Pearson
