HEARING DULY CONSTITUTED

THIS PAGE INTENTIONALLY LEFT BLANK

PURPOSE OF AN ACT 34 HEARING

THE PURPOSES FOR THIS HEARING ARE AS FOLLOWS:

1. To establish the need for the project by reviewing historical events leading to the Board's decision to proceed with a building program.
 2. To review the various options considered by the Board prior to their decision to proceed with the project.
 3. To describe the construction to occur at Northern Elementary School Project and the educational program that serves as a basis for what is being proposed.
 4. To present the estimated construction cost, the total project cost, the financial needs and an estimate of the local tax impact of the project.
 5. To give citizens and residents the opportunity to comment and to pose questions.
- Act 34 of 1973 applies to all new construction in educational buildings:

Act 34 of 1973 applies only to costs for new construction and substantial addition to an existing building. In addition, there are other excludable costs which are not factored into the Act 34 calculations including; site development costs, test borings and architectural/engineering fees on these items.

PLEASE NOTE: This is an opportunity for the administration and the professionals who are accountable to your Board of Education to describe and discuss the proposed project. It is not a debate, but a stenographer is present to receive and record comments and observations. Official record of the hearing is being documented in order that the Board can consider and study constructive comments or questions.

Any and all interested persons may appear at and attend the public hearing and will be granted a reasonable opportunity to be heard at this public hearing. Sign-in sheets are available in the Board Room at the time of the hearing. The Board will call upon individuals signing such sign-in sheets in the order in which they appear. Commentary will be limited to three (3) minutes per interested person. No person shall be allowed to speak a second time until all parties commenting the first time have been heard. The Board will allow public comment and/or questioning until the conclusion of the hearing.

Please feel welcome to participate during the comment period at the appropriate part of the presentation. Thank you.

THE PUBLIC HAS THIRTY (30) DAYS FOLLOWING THIS HEARING UP TO AND INCLUDING WEDNESDAY, DECEMBER 20, 2023 TO MAKE WRITTEN COMMENTS ABOUT THE PROJECT.

**RESOLUTION OF THE
BOARD OF SCHOOL DIRECTORS**

**NORTHERN YORK COUNTY SCHOOL DISTRICT
YORK COUNTY, PENNSYLVANIA**

Northern Elementary School – Additions and Renovations

WHEREAS, the Board of School Directors of this School District (“Board of School Directors”) has determined that a new elementary school facility is required for the use of the pupils of this School District and has authorized preliminary steps to be taken with regard to this school project, consisting of planning, designing, constructing, and furnishing an Elementary School (herein “Elementary School Project”); and

WHEREAS, the Pennsylvania Public School Code of 1949, as amended (the “School Code”), including amendments made pursuant to Act 34 of the Session of 1973 of the General Assembly (“Act 34”), requires, *inter alia*, that a public hearing be held prior to the construction, the entering into a contract to construct, or the entering into a contract to lease a new school building or a substantial addition to an existing school building; and

WHEREAS, in accordance with the requirements of Act 34 and the School Code, a public hearing is required to be held in conjunction with the Elementary School Project; and

WHEREAS, the School Code requires that a notice of such public hearing under Act 34 be advertised at least twenty (20) days prior to such hearing and that certain information be made available to persons in attendance at such hearing and that certain financial information be available for inspection be interested citizens during the period of such advertisement; and

WHEREAS, the Board of School Directors desires to authorize its Solicitor, Superintendent, Chief Financial and Operations Officer, Architect, Financial Consultant, and others to take certain actions with respect to the Elementary School Project; and

WHEREAS, the School District wishes to take certain action with respect to the Elementary School Project and to comply with Act 34 and the School Code.

NOW, THEREFORE, BE IT RESOLVED, by the Board of School Directors of the Northern York County School District, York County, Pennsylvania, as follows:

1. The School District hereby authorizes a public hearing to be held in accordance with and in compliance with the requirements of Act 34 and the School Code, in the Northern Middle School Auditorium located at 655 S. Baltimore Street, Dillsburg, PA 17019 on Monday, November 20, 2023, beginning at 7:30 PM prevailing time.

2. The Secretary of the Board of School Directors is hereby authorized and directed to advertise the Notice of Public Hearing set forth in Exhibit "A", which is attached hereto and made a part hereof in accordance with the requirements hereof and of Act 34 and the School Code.
3. This School District hereby authorizes the maximum project cost and maximum building construction cost for the Elementary School Project as follows:

Total Project Cost

\$20,382,727

Act 34 Maximum Building Construction Cost

\$4,976,957

4. The Board of School Directors hereby authorizes and directs that project descriptions of the Elementary School Project be prepared and hereby directs the Superintendent of the School District to make copies of such descriptions of the Elementary School Project available to interested citizens requesting the same at the place and during the reasonable hours stated in the Notice of Public Hearing, after approval thereof by the Solicitor of this School District, and also to make such project descriptions available to the public media as required by Act 34, the School Code, and the regulations of the Pennsylvania Department of Education.
5. This School District hereby authorizes Dave Jones, Esquire, and the law firm of Stock and Leader of York, Pennsylvania, Solicitor for the School District, to perform such acts on behalf of this School District as may be necessary in connection with the Elementary School Project.
6. This School District hereby authorizes the architectural firm known as SCHRADERGROUP Architecture, LLC, Project Architects for the designated Elementary School Project, to perform such acts on behalf of the School District as may be necessary in connection with the Elementary School Project.
7. This School District hereby authorizes the firm of Public Financial Management, Inc. as financial consultant to perform such acts on behalf of the School District as may be necessary in conjunction with the Elementary School Project.
8. This School District further authorizes the engagement of a court stenographer to transcribe the Act 34 proceedings, consistent with the intent of this Resolution.
9. This School District further authorizes its Officers, Administration, Solicitor, Financial Consultant, and Project Architect to take any and all necessary actions in order to effectuate the intent and purpose of this Resolution.

DULY ADOPTED, by the Board of School Directors of this School District, this 24th day of October 2023.

NORTHERN YORK COUNTY SCHOOL DISTRICT
York County, Pennsylvania

Attest: Maureen Ross
Maureen Ross, Board Secretary

By: Ken Sechrist
Ken Sechrist, Board President

CERTIFICATE

I, undersigned, Secretary of the Board of School Directors of the Northern York County School District, York County, Pennsylvania (the "School District"), hereby certify: that the foregoing is a true and correct copy of the Resolution, which was duly adopted by affirmative vote of a majority of all members of the Board of School Directors of the School District duly convened and held according to law on October 24, 2023 at which meeting a quorum was present; that said Resolution has been duly recorded in the minutes of the Board of School Directors of the School District; and that said Resolution is in full force and effect, without amendment, alteration, or repeal as of the date of this Certificate.

I further certify that the Board of School Directors of the School District met the advance notice requirements of the Sunshine Act, Act No. 1998-93 of the General Assembly of the Commonwealth of Pennsylvania, approved October 15, 1998, by advertising said meeting, and posting prominently a notice of said meeting at the principal office of the School District or at the public building in which said meeting was held, all in accordance with such Act.

IN WITNESS WHEREOF, I set my hand and affix the official seal of the School District, this 24th day of October 2023.

Maureen Ross, Board Secretary

(SEAL)

EXHIBIT "A"

**BOARD OF SCHOOL DIRECTORS OF THE
NORTHERN YORK COUNTY SCHOOL DISTRICT**

**NOTICE OF PUBLIC HEARING IN ACCORDANCE WITH ACT 34
Northern Elementary School Renovations and Additions**

TO: ALL RESIDENTS OF THE NORTHERN YORK COUNTY SCHOOL DISTRICT

Please take notice that a public hearing will be held in the Northern York County Middle School Auditorium located at 655 S. Baltimore Street, Dillsburg, PA 17019 on Monday, November 20, 2023, beginning at 7:30 PM, prevailing time, relating to the planning, designing, acquiring, construction, and furnishing of Northern Elementary School, York County, Pennsylvania (herein "Elementary School Project") in accordance with Act 34 of the Pennsylvania Legislature.

A description of the Elementary School Project, including the facts with respect to the educational, physical, administrative, budgetary, and fiscal matters relating to the Elementary School Project, and certain other information, will be presented and will be available for consideration at the public hearing on Monday, November 20, 2023, and from October 25, 2023, until the public hearing during regular business hours (8:00 AM to 4:00 PM) of the School District at the offices of the Superintendent located in the Administration Offices at 650 S. Baltimore Street, Dillsburg, PA 17019.

The Board of School Directors of the School District ("Board") by Resolution duly adopted has authorized the following:

<u>Total Project Cost</u>	<u>Act 34 Maximum Building Construction Cost</u>
\$20,382,727	\$4,976,957

This public hearing is being held with respect to the Elementary School Project pursuant to the requirements of the Pennsylvania Public School Code of 1949, approved March 10, 1949, as amended and supplemented, including amendments made pursuant to Act 34 of the Session of 1973 of the General Assembly.

Residents and employees of the School District may submit written testimony regarding the Elementary School Project no later than 12 p.m. on November 20, 2023. Such written testimony should be mailed via first class U.S. Mail or hand delivered (electronic mail shall not constitute acceptable delivery) to:

Mr. Steven Kirkpatrick
Superintendent
Northern York County School District
650 S. Baltimore Street
Dillsburg, PA 17019

The written testimony shall include the name and address of the person submitting the request, identification of the sender as a School District resident or employee, and a description of the support or objection to the elementary school project. To be of the most benefit, a statement of a junction should be followed by a viable alternative solution.

Any and all interesting persons may further appear at and attend the public hearing and will be given reasonable opportunity to be heard at such public hearing. Sign-in sheets will be available in the Auditorium of the Northern Middle School at the time of the hearing. The board will call upon individuals signing such sign-in sheets in the order in which they appear. Commentary will be limited to three (3) minutes per interested person. No person shall be allowed to speak a second time until all parties commenting the first time have been heard. The board will allow public comment and/or questions until the conclusion of the hearing.

Written comments regarding the elementary school project will also be received by the Superintendent at the School District's administration offices until 4:00 PM, Wednesday, December 20, 2023. Such written comments should be mailed via first class U.S. mail or hand delivered (electronic mail shall not be acceptable delivery) at the address noted above.

**BOARD OF SCHOOL DIRECTORS OF THE
NORTHERN YORK COUNTY SCHOOL DISTRICT**

**NOTICE OF PUBLIC HEARING IN ACCORDANCE WITH ACT 34
Northern Elementary School Renovations and Additions**

**TO: ALL RESIDENTS OF THE NORTHERN YORK COUNTY
SCHOOL DISTRICT**

Please take notice that a public hearing will be held in the Northern York County Middle School Auditorium located at 655 S. Baltimore Street, Dillsburg, PA 17019 on Monday, November 20, 2023, beginning at 7:30 PM, prevailing time, relating to the planning, designing, acquiring, construction, and furnishing of Northern Elementary School, York County, Pennsylvania (herein "Elementary School Project") in accordance with Act 34 of the Pennsylvania Legislature.

A description of the Elementary School Project, including the facts with respect to the educational, physical, administrative, budgetary, and fiscal matters relating to the Elementary School Project, and certain other information, will be presented and will be available for consideration at the public hearing on Monday, November 20, 2023, and from October 25, 2023, until the public hearing during regular business hours (8:00 AM to 4:00 PM) of the School District at the offices of the Superintendent located in the Administration Offices at 650 S. Baltimore Street, Dillsburg, PA 17019.

The Board of School Directors of the School District (the Board) by Resolution duly adopted has authorized the following:

Total Project Cost	Act 34 Maximum Building Construction Cost
\$20,382,727	\$4,976,957

This public hearing is being held with respect to the Elementary School Project pursuant to the requirements of the Pennsylvania Public School Code of 1949, approved March 10, 1949, as amended and supplemented, including amendments made pursuant to Act 34 of the Session of 1973 of the General Assembly.

Residents and employees of the School District may submit written testimony regarding the Elementary School Project no later than 12 p.m. on November 20, 2023. Such written testimony should be mailed via first class U.S. Mail or hand delivered (electronic mail shall not constitute acceptable delivery) to:

Mr. Steven Kirkpatrick
Superintendent
Northern York County School District
650 S. Baltimore Street
Dillsburg, PA 17019

The written testimony shall include the name and address of the person submitting the request, identification of the sender as a School District resident or employee, and a description of the support or objection to the elementary school project. To be of the most benefit, a statement of a junction should be followed by a viable alternative solution.

Any and all interested persons may further appear at and attend the public hearing and will be given reasonable opportunity to be heard at such public hearing. Sign-in sheets will be available in the Auditorium of the Northern Middle School at the time of the hearing. The board will call upon individuals signing such sign-in sheets in the order in which they appear. Commentary will be limited to three (3) minutes per interested person. No person shall be allowed to speak a second time until all parties commenting the first time have been heard. The board will allow public comment and/or questions until the conclusion of the hearing.

Written comments regarding the elementary school project will also be received by the Superintendent at the School District's administration offices until 4:00 PM, Wednesday, December 20, 2023. Such written comments should be mailed via first class U.S. mail or hand delivered (electronic mail shall not be acceptable delivery) at the address noted above.

III - PART THREE

PROJECT HISTORY + NEED FOR CONSTRUCTION

THIS PAGE INTENTIONALLY LEFT BLANK

PROJECT HISTORY AND NEED FOR CONSTRUCTION INTRODUCTION

DISTRICT DESCRIPTION AND LOCATION

The Northern York County School District encompasses an area of 119 square miles and is a mid-sized, suburban school district in York County, Pennsylvania. The school district is comprised of the Townships of Carroll, Franklin, Monaghan, Washington, and Warrington as well as the Boroughs of Dillsburg, Franklintown, and Wellsville.

The District currently has just over 3,300 students in Kindergarten through Grade 12 located in six schools. The primary grades are served in four K-5 elementary schools: Dillsburg Elementary School, Northern Elementary School, South Mountain Elementary School, and Wellsville Elementary School. The district is currently offering full-day Kindergarten. The District serves the secondary school population in two buildings: Northern Middle School (grades 6-8) and Northern High School (grades 9-12). Every reasonable effort has been made by the District over the years to assure that the facilities complement the programs and staff in delivering quality education and never become a hindrance or a detriment to the learning environment.

PROJECT HISTORY

The District commissioned a District-Wide Feasibility Study, which was prepared by another firm and completed in February 2020. In the absence of relative back-up information to understand how the costs were derived for the facility assessments, SG was hired to prepare a comprehensive analysis of the facilities to help prioritize the maintenance needs for each school for the next 5-10 years. Observed building deficiencies are identified along with recommended budget costs for the proposed work as part of this study. The District has also been experiencing enrollment pressure at the elementary schools with the inclusion of the Washington Township students who formally attended the Dover Area School District. The projections prepared by the Pennsylvania Department of Education (PDE), which only accounts for live births, did not include the implementation of full-day Kindergarten or the Washington Township students that started in the 2021-22 school year. SG recommended the District engage with a professional firm that specializes in enrollment projections to consider these factors and the impact to the projected enrollments.

The building capacity analysis includes PDE's methodology to calculate capacity, which is a standard practice in the Commonwealth as part of building construction submissions under PlanCon. To validate the existing building capacities using the district's actual facility use patterns, SG tailored the analysis to reflect the district's recommended class sizes and educational delivery methods for various age groups to determine NYCSA's functional operating capacity. Based on the collected information, SG prepared a series of construction options to address improvements to building infrastructure, capacity, and the delivery of education. The options that explored reconfiguring the grade alignment at the elementary and secondary schools will require additional programming and input to determine if they are viable options worth further consideration.

The final analysis was a reconfirmation of the costs associated with the options that maintain the current grade structure based on today's dollars.

ENROLLMENT PROJECTIONS

Sundance Associates (SA), an independent enrollment projection specialist hired by NYCSD, which was completed in summer of 2022. Their projections use the standard methodology for Cohort Survival Enrollments (similar to the PDE model); however, adjustments are made for new housing in accordance with information gathered from the municipalities based on permitting and occupancy schedules. Only the impact of new multi-family housing is added, noting that the impact of new single-family housing continues as current levels which is built in the grade level survival ratios.

Based on SA projections over the next 5 years, K-12 enrollments are anticipated to increase by 258 students from the actual 2021 enrollments at 3,322 students to 3,580 students in 2026, which equates to 7.7% average annual growth over the 5-year period. Refer to the following tables.

The enrollment projections prepared by SA have been used for planning purposes. The SA projections are based on the average birth rates and also consider the impact of new housing on school age children, which is appropriate given the district specific dynamics, which are not recognized in the PDE Enrollment Projections.

Northern York County

		TOTAL	Average Change	%Chg
Actual	2016	3,192		
	2017	3,200		
	2018	3,224		
	2019	3,325	3,240	
	2020	3,175		
	2021	3,322	130	4.1%
Projected	2022	3,358		
	2023	3,333		
	2024	3,427	3,434	
	2025	3,472		
	2026	3,580	258	7.7%
Extended	2027	3,604		
	2028	3,584		
	2029	3,571	3,555	
	2030	3,540		
	2031	3,473	-106	-3.0%

The 2021 enrollment is 130 students (4.1%) higher than the 2016 enrollments at the beginning of the Actual (historical) period having increased to 3,322 students. That increase is the equivalent of 10 students per grade in the 6-year historic period.

Enrollments are projected to grow by an additional 258 students to the peak year of 2026-27 where enrollments will have increased to 3,580 students, 7.7% over the end of the Actual period. That growth includes 277 students added from new Multi-Family housing.

District-wide enrollments do not exceed the District Capacity in any projection year.

ACCURACY: Cohort Survival Enrollment Projections have an accuracy of ±1% per year as represented by the golden cone on the chart. Though not shown on every chart, this is also true of the Grade Level and School based projections.

DISTRICT'S EDUCATIONAL PROGRAM

The Pennsylvania Department of Education (PDE) requires certain items to be included in any District-Wide Facility Study developed for a school district. One of those items is the district overview information, which must contain descriptions of the district educational program as well as the demographics of the school district. The curriculum information below is an excerpt from the district's website. Additional curriculum information is available on the website specific to each grade.

Excerpted from the Northern York County School District's website at: <https://www.northernpolarbears.com/>

CURRICULUM FRAMEWORK OVERVIEW

The Curriculum Framework at Northern York County School District consists of five main components: Essential Questions and Key Understandings; Focus Standards; Common Misconceptions; Knowledge, Skills, and Dispositions; and Assessment. These frameworks were created by teams of grade-level teachers from across the district.

FRAMEWORK COMPONENTS:

Essential Questions and Key Understandings:

- These questions assist students and teachers by providing guiding questions to focus instruction, develop meaning, and plan for assessment.
- These include important understandings we want students to realize and remember long after instruction ends.

Focus and Important Standards:

- Focus standards are carefully selected grade/course-specific standards that students must know and be able to do by the end of each school year in order to be prepared to enter the next grade level or course. They provide teachers with a sharp and consistent focus for in-depth instruction and related assessment.

Common Student Misconceptions:

- These are common misunderstandings, errors, or confusion experienced by students.
- Identifying these misconceptions assists teachers in planning to assist in the development of proper conceptions.

Knowledge and Concepts:

- This defines what we want students to know.
- Related to content mastery.

Skills and Competencies:

- This defines what students should be able to do.
- Focuses on application of knowledge.

Dispositions and Practices:

- These are the practices or habits we look to develop through the content, delivery, and assessment of the unit.
- Overtime, these will be aligned with our Portrait of a Graduate.

SCOPE AND SEQUENCE

A scope and sequence establishes consistency of instruction throughout the district by providing clear guidance on what your children's teachers should teach and when they should teach it. It lays out the order of and timing for units during the course of the year to ensure that all standards will be taught and assessed.

IDENTIFIED NEEDS

An evaluation of the program at Northern Elementary School determined a need for additional space for learning support and classroom space to accommodate programs, student support and future enrollments. The building entrance and undersized administration office doesn't offer a safe and welcoming space for parents and students. The cafeteria and kitchen are undersized to accommodate the number of students.

SUMMARY OF OWNED BUILDINGS AND LAND

The following "Summary of Owned Buildings and Land" presents information about each facility in terms of projects completed, grade configurations, capacities and enrollments. Columns 3-5 represent the existing FTE capacities of the buildings based on the current school district building stock and land. and columns 7-9 represent the proposed FTE capacities of the facilities once this project is complete.

SUMMARY OF OWNED BUILDINGS AND LAND				
District/CTC: Northern York County School District				
	PRESENT			
#1	#2	#3	#4	#5
NAME OF BUILDING OR SITE (INCLUDING DAO AND VACANT LAND) OWNED BY SCHOOL DISTRICT/CTC	CONSTRUCTION AND/OR RENOVATION DATES (BID OPENING DATES)	SITE SIZE (ACRES)	GRADE LEVELS	BUILDING FTE

Subtotal	XXXXXXXXXX	XXX	XXXX	
TOTAL	XXXXXXXXXX	XXX	XXXX	4,213

* Several district-owned facilities are located on the contiguous 112 acre campus

CONCLUSION

As part of the District's responsibility to maintain and upgrade their current building stock and to implement long-term solutions to meet its current and future needs, Northern Elementary and Northern Middle School were identified as the highest priority as part of the District-wide facility study. To that end, the School Board authorized to proceed with the renovations and additions to Northern Elementary and Northern Middle Schools simultaneously.

This Act 34 Hearing is for the renovations and additions to Northern Elementary School for grades K-5.

IV - PART FOUR

PROJECT OPTIONS CONSIDERED

THIS PAGE INTENTIONALLY LEFT BLANK

PROJECT OPTIONS CONSIDERED

INTRODUCTION

This section describes the process that was undertaken to develop the options for consideration. As part of the District-wide Facilities Assessment and Master Plan Study, the data collected provided the supporting information to develop the options and costs. The planning team worked with District Administration, educators, community and the school board to develop options under which the District might proceed based on the collected information provided herein.

As part of this process, the team engaged in a series of workshops with the administration from February to April 2022 to review the needs of the district's facilities and to work through district-wide options to address them. Based on discussions with the committee and the administration, some options were eliminated, and other options would need to be further evaluated strategically by the District to determine if the proposed grade realignments would best serve the educational program for these age groups. Options under consideration included grade reconfiguration, an early learning center, a 5-6 center and a 7-12 campus. Refer to the July 2022 District-wide Facility Assessment and Master Plan prepared by SCHRADERGROUP for the extent of options considered. The most viable options were limited to the following to develop budgetary estimates which maintained the current grade structure, renovations and additions to Northern Elementary School, and either renovations and additions to Northern Middle School or the construction of a new middle school at the Sports and Learning Center (SLC) location.

OPTION 1 – MAINTAIN CURRENT GRADE STRUCTURE

- Four (4) K-5 Elementary Schools
 - Dillsburg ES – maintain/potentially redistrict
 - **Northern ES – renovations/additions**
 - South Mountain ES – maintain
 - Wellsville ES – maintain
- **6-8 Middle School – renovations/additions**
- 9-12 High School – maintain

Support Buildings:

- Maintain the Administration building and lower-level maintenance facility
- **Demolish the remaining portion of the existing SLC**
 - The proposed additions to the Middle school include an auxiliary gymnasium to replace the gym currently being used at SLC.
 - Repurpose site to include parking, circulation, and athletic fields

OPTION 2 – MAINTAIN CURRENT GRADE ALIGNMENT

- Four (4) K-5 Elementary Schools
 - Dillsburg ES – maintain/ potentially redistrict
 - **Northern ES – renovations/additions**
 - South Mountain ES – maintain
 - Wellsville ES – maintain
- **6-8 Middle School – new construction at SLC**
- 9-12 High School – maintain

Support Buildings:

- Maintain the Administration building and maintenance facility
- **Partially demolish the existing SLC** building to construct the new school
 - Retain portion of classroom adjacent to the Administration and lower level maintenance
- **Demolish a portion of the existing Middle School**
 - Retain a portion of the school for athletics and performing arts support and maintenance/operations
 - Repurpose area of the former middle school site for athletic fields

The proposed options provide for a variety of ways to satisfy anticipated future enrollment within all of the current district facilities.

CONCLUSION

The School Board considered all options based on the current needs of the District and financial implications of each option. It was determined that Option 1, to provide renovations and additions to Northern Elementary and Northern Middle School, would be more fiscally responsible and would address the programmatic and future capacity needs at the elementary and middle school grade levels.

Option 1, to maintain the current grade configuration and provide renovations and additions to the Northern Elementary and Northern Middle School, was approved by the Board of Directors to move forward with design.

V - PART FIVE

PROJECT DESCRIPTION

THIS PAGE INTENTIONALLY LEFT BLANK

PROJECT DESCRIPTION

SUMMARY

The proposed construction work includes but is not limited to the following: preparation of site for the building additions and site amenities including on-site storm water infiltration system, new parking lots and play areas; construction of a new 1-story school classroom addition, Administration and Kitchen expansion as described below and in the attached Drawings. The building area is as follows:

Total Proposed Building Area

Renovations:	50,485 SF
<u>Additions:</u>	<u>11,520 SF</u>
Total:	62,005 SF

This will be a multi-prime construction contract consisting at a minimum of the following prime contracts:

1. General Trades (including site)
2. HVAC
3. Plumbing
4. Electrical

**note: these may change as bid time draws near.*

PROPOSED NORTHERN ELEMENTARY SCHOOL: Site Amenities

The proposed Northern Elementary School has a dedicated bus loop for buses and vans accessed from S. Baltimore Street via Middle School Road. A separate dedicated loop for parent drop-off and pick-up with sufficient length to cue 50 cars on-site will be accessed from S. Baltimore Street via the Middle School Road. Parking is provided for 107 vehicles. Overflow parking for additional vehicles can be accommodated at the bus-loading zone for after school activities. The play facilities include an enclosed play area in back of the school for recess, a multi-purpose field area, and a renovated soft surface play area for the primary grades. Stormwater will be managed with both an above-ground rain garden and with a subsurface facility.

PROPOSED NORTHERN ELEMENTARY SCHOOL: Building Amenities

The proposed Northern Elementary School will be fully renovated and added onto to provide four classrooms per grade level for a capacity of 600 students. Northern Elementary School will continue to serve as a neighborhood school for grades K-5.

The main secured entrance area will be expanded adjacent to the enlarged administration area and will serve as the public entrance for Gymnasium. The one-story school has shared use amenities centrally located. The stage will be removed to gain additional square footage in the space to accommodate the 1/3 of the student body for lunch servings.

PROPOSED NORTHERN ELEMENTARY SCHOOL: Programmed Areas

The programmed areas of the Northern Elementary School include:

24	Regular Classrooms for Grades K-5
1	Art Classroom / Discovery Lab
1	Music Classroom
1	Media Center/Library
1	Gymnasium
1	Cafeteria/Dining Commons
1	Kitchen
1	Administration and Guidance Suite
1	Nurse's Suite

EDUCATIONAL SPECIFICATIONS

NORTHERN ELEMENTARY SCHOOL

The proposed one-story Northern Elementary School will receive building-wide renovations and additions to accommodate the elementary school program and enrollments. The building will be totally air-conditioned, sprinklered, and designed for handicap accessibility. Energy efficient lighting, HVAC and plumbing equipment will be installed.

A synopsis of the programmed developed for this project are as follows:

BUILDING ORGANIZATION

The parent and bus drop-off will be reversed from its current condition to provide parent drop-off in the front of the school and bus drop off in back of the school. The main entrance accessed from the on-site parking lot is adjacent to the administration suite to check-in visitors prior to entering the building. This entrance will serve as the main public entry to the school adjacent to the existing gymnasium.

GENERAL CLASSROOMS

Four classrooms are clustered together for each grade level with learning support classrooms strategically placed around the building. The new one-story Kindergarten classroom addition will be an extension of the 1st and 2nd grade primary classroom wing. The kindergarten classrooms will each have an individual handicapped accessible toilet room and shared toilet rooms accessed from the corridor are provided for the first grade cluster. Grades 3 and 4 are located in the intermediate wing with 5th grade on the second floor.

All classrooms will have access to the specials classrooms at the end of the intermediate wing which include the Media Center/Library, Art/Discovery Lab and music classroom. The classrooms are within short walking distance of the cafeteria and gymnasium.

Each classroom will feature a sink with both hot and cold water as well as a bubbler. Marker boards and tack boards will be provided in the classrooms, mounted at heights appropriate to students. Cubbies will be provided in the classrooms.

New teacher and student desks and chairs will be provided in the new classrooms as well as wireless technology and ViewSonic "smartboards".

Dual level lighting and occupancy sensor lighting controls will also be included.

Roll-up shades will be provided at the exterior windows in the classrooms.

All rooms will have resilient tile flooring.

ART CLASSROOM

The Art Classroom will be clustered with the other Specials rooms at the end of the intermediate classroom wing. Built-in casework will be provided including wall mounted storage cabinets. A kiln will be included and located to provide exhaust ventilation, safety, and security. Shelving will be provided in the art storage area and additional storage will be provided for three-dimensional project storage, flat files, and clay cart storage. Additional material storage will be in an adjacent storage room.

Tall storage cabinets will have doors equipped for tack display space, accessible by students.

Countertop sinks with both hot and cold water will be provided.

Additional power and data outlets will be provided at multiple locations.

Tack display boards for display of student work will be provided in the corridors.

New flooring will be resilient tile. Stain resistance and ease of maintenance will be special considerations in this area.

MUSIC INSTRUCTION ROOM

The music room will serve the purpose of supporting the music programs for the entire elementary program.

Acoustical wall panels will be utilized in the spaces.

Marker boards and tack boards will be installed.

MEDIA CENTER/LIBRARY

The school's Library/Media Center will be clustered with the other Specials rooms at the end of the intermediate classroom wing. This is to be considered the Central "Living Room" of the facility. This space will be equally accessible by all age groups in the building. The media center will house the stacks and reference materials for research. An area for storytelling and reading will be provided with an area for instruction and group/project-based activities. Library equipment and furnishings will be provided. Additional storage casework will be provided to match this equipment. The library shelving will be considerate of the range of age groups of the students and will be mobile.

The library will include additional power and data outlets, and handicap accessible furnishings.

GYMNASIUM

A gymnasium will be provided for physical education and is located adjacent to the main entrance with access from the bus drop-off entrance. The gymnasium will be separated from educational areas by door systems to allow the facility to be used by the district and community at night. Public toilet rooms are adjacent to the gymnasium for nighttime functions. Existing bleachers are to remain.

The gymnasium flooring is existing to remain and the space will receive a fresh coat of paint.

DINING COMMONS/CAFETERIA

The Dining Commons, or what is commonly known as the Cafeteria, is located central to the building. The stage will be removed as part of the project to accommodate more seating.

The Cafeteria floor material will be luxury vinyl tile.

KITCHEN

The kitchen will be enlarged to meet current standards and requirements. New equipment as well as a walk-in refrigerator, freezer and dry storage room will be provided. One serving line will be provided to serve one or two grade levels per serving.

ADMINISTRATION AND GUIDANCE

One unified main office will be provided. The reception area, offices and conference room in the main office will have control and/or visual supervision of the main building entrance. The main entrance will be designed to provide a security vestibule.

The office area will include a reception area, the Principal's office, Guidance offices, conference room, a workroom and kitchenette area. A faculty toilet room is located in close proximity to the administration suite.

A security vestibule will be provided to control visitor access to the school through the office. This provides supervised access to be controlled by office personnel.

The workroom will include file storage, supply storage, work counter, copier, fax, and teachers' mailboxes.

NURSE

The nurse's office will be in close proximity to the main office. This location will be convenient to the classrooms, the cafeteria, the gymnasium, and the main office, and is located at a main entrance for student pick-up or ambulance service.

The nurse's office will include a handicapped accessible toilet room accessible from the space. A storage room will be provided for a possible wheelchair and vision/hearing testing equipment. A private exam room will be provided for student privacy. Lockable cabinets will be provided to secure records and mediations.

FACULTY ROOM

The Faculty room will be provided with sink and space for a refrigerator as well as a power outlet for a microwave. The facility will be in proximity to the cafeteria and kitchen with windows to the exterior for natural daylight and will also serve as a workroom/planning space.

TOILET ROOMS

The group toilet rooms will be designed to accommodate the handicapped and will be provided for each gender. Individual toilet rooms are available for both students and staff. Durable finishes, lighting and ventilation will be included. The group toilets will also serve the nighttime functions in the cafeteria and gym with individual faculty toilet rooms provided in the building.

CORRIDORS

The existing corridors are Terrazzo to remain. The corridor floor in the new classroom wing will be Terrazzo. Tack boards will be added throughout the facility to display student work.

SCHEDULE AND ADJUSTMENTS

The following pages are from the Pennsylvania Department of Education's Planning and Construction Workbook for reimbursable projects. They indicate the "schedule" or list of rooms planned for this project and the corresponding "full-time equivalent" (FTE) capacity. The total FTE is then adjusted for Special Education Classrooms and Resource Rooms, and the project Enrollment-to-Capacity Ratios.

PLANCON-A19

PLANCON D COST ESTIMATING

The following pages are from the Pennsylvania Department of Education's Planning and Construction (PlanCon) Workbook for reimbursable projects. They indicate the project accounting based on estimates. These estimates utilize the design development cost estimate and are formatted to meet the PDE requirements.

The estimates and the various cost breakouts are shown on PlanCon D02, D03 and D04. The Act 34 Maximum Building Construction Cost for New Building or Substantial Addition and the Aggregate Building Expenditure Standard maximum cost calculations adopted by the Northern York County School District Board of School Directors are shown on PlanCon D20, D21 and D23.

**ACT 34 OF 1973: MAXIMUM BUILDING CONSTRUCTION COST
FOR NEW BUILDING OR SUBSTANTIAL ADDITION ONLY**

District/CTC: Northern York County School Distr	Project Name: Northern Elementary School	Project #:
--	---	------------

Act 34 applies only to costs for new construction. The legal requirements do not address the costs for alterations to existing structures. For this reason, costs associated with the existing structure and other related costs should not be included in the following calculations.

A. STRUCTURE COST, ARCHITECT'S FEE, MOVABLE FIXTURES AND EQUIPMENT (D02, line D-NEW)

\$ 6,862,545

B. EXCLUDABLE COSTS FOR NEW CONSTRUCTION

1. Site Development Costs (D04, line A-7-NEW) \$ 1,795,798

2. Architect's Fees on the above
excludable costs \$ 89,790

3. Vocational Projects Only - Movable
Fixtures & Equipment (D02, line C-3-NEW) \$ _____

4. Total Excludable Costs
(B-1 plus B-2 and B-3) \$ 1,885,588

C. ACT 34 MAXIMUM BUILDING CONSTRUCTION COST
(A minus B-4)

\$ 4,976,957

**THE BOARD MUST ADOPT THE FIGURE ON
LINE C BEFORE SCHEDULING THE FIRST
ACT 34 HEARING.**

**THE FIGURE ON
LINE A SHOULD
NOT BE ADOPTED
BY THE BOARD.**

IF THE MAXIMUM BUILDING CONSTRUCTION COST BASED ON BIDS IS EQUAL TO OR GREATER THAN THE MAXIMUM BUILDING CONSTRUCTION COST BASED ON ESTIMATES PLUS EIGHT PERCENT (LINE D), A SECOND PUBLIC HEARING WILL BE REQUIRED BEFORE ENTERING INTO CONTRACTS AND STARTING CONSTRUCTION ON ANY PLANNED WORK.

D. ACT 34 MAXIMUM BUILDING CONSTRUCTION COST
TIMES 1.08 (C times 1.08)

\$ 5,375,114

**THE FIGURE ON LINE D
SHOULD NOT BE ADOPTED BY
THE BOARD.**

VI - PART SIX

ANALYSIS OF FINANCING ALTERNATIVES

THIS PAGE INTENTIONALLY LEFT BLANK

ANALYSIS OF FINANCING ALTERNATIVES

We have analyzed four alternative methods of financing the proposed designing, constructing, furnishing, and equipping of the Northern Elementary School (the "Project"). We also estimated the direct costs of financing as required by the Department of Education regulations issued November 4, 1978.

ANALYSIS OF ALTERNATIVES

The four alternatives of financing that we examined are:

1. Cash or a short-term loan.
2. General obligation bond issue.
3. A local authority issue.
4. A financing through the State Public School Building Authority (SPSBA).

Analysis of the School District's financial statements for recent years, and of the financing projections prepared in connection with this Project, and discussions with the School District's Administration indicated that financing the entire project with cash is not feasible. The School District does not have the funds necessary to pay enough cash for its share of the Project, nor does it appear that the School District would be able to raise the required amounts from its anticipated cash flow to meet the proposed construction schedule.

We then analyzed in detail the three alternatives which would require the School District to incur long-term debt. For each alternative, we estimated a bond issue size and calculated the average annual debt service requirements. We then constructed a repayment schedule assuming equal annual payments over 20 years at current interest rate levels for the General Obligation, Local Authority, and SPSBA Bond Issues. Financing costs for the local authority and SPSBA were slightly higher, which resulted in a larger bond issue and higher average annual payments. Bonds issued through either a local authority or the SPSBA would be classified as revenue bonds instead of general obligation bonds. Interest rates on revenue bonds are slightly higher than interest rates that would be received on general obligation bonds. This would result in higher annual debt service payments for the School District. The General Obligation alternative offers the School District the advantage of lower interest rates, more favorable refunding provisions and keeps more control with the local school board. Based on these analyses and past performance, the least costly alternative for financing the Project is the General Obligation Bond Issue.

COMPARISON OF LONG TERM FINANCING METHODS

<u>ITEM</u>	<u>GENERAL OBLIGATION</u>	<u>LOCAL AUTHORITY*</u>	<u>SPSBA</u>
Construction & Related Costs	\$18,948,308	\$18,948,308	\$18,948,308
Contingency & Supervision	1,158,500	1,158,500	1,158,500
Costs of Issuance	275,919	295,000	286,000
Total Costs	<u>20,382,727</u>	<u>20,401,808</u>	<u>20,392,808</u>
Less: Original Issue Premium	243,945	246,808	243,808
Less: Interest Earnings	<u>433,782</u>	<u>435,000</u>	<u>434,000</u>
BOND ISSUE	19,705,000	19,720,000	19,715,000
Average Annual Payment at 4.50%** for 20 years	\$1,495,962	\$1,529,223	\$1,528,835

* A Local Authority would have annual administrative expenses, which have not been included in these calculations.

** Local Authority and SPSBA Annual Payments are calculated assuming 4.75% as a result of higher interest costs associated with selling revenue bonds.

The School District is considering other ways to reduce the debt service and local effort needed to fund the Project.

1. The School District utilized a wrap around structure for the 2023 Bonds and will consider the use of the wrap around structure for the Future 2024 and 2025 Bonds to fully fund the Project.
2. The School District most likely will not need to pay for bond insurance due to the District's AA- credit rating.
3. For discussion purposes only, we have provided on Table 1, 2 and 3, the amortization schedules which would be utilized to fund the Project:

Table 1 = G.O. Bonds, Series of 2023 \$3,355,000
 Table 2 = G.O. Bonds, Series of 2024 \$10,000,000
 Table 3 = G.O. Bonds, Series of 2025 \$6,350,000

STATE REIMBURSEMENT

The School District does not anticipate receiving reimbursement from the State on this project due to the PlanCon moratorium that is currently in place.

INDIRECT COSTS

As a result of the completion of this proposed Project, it is only reasonable to assume that there will be additional indirect costs associated with services to be provided to accomplish long range objectives of the School District. It is reasonable to assume that they cost approximately \$8,000 per year.

School District officials have estimated the additional annual indirect costs associated with the Project to be as follows:

Additional Fuel & Utilities	\$5,000
Additional Insurance	2,000
Additional Custodial Supplies	<u>1,000</u>
Total	\$8,000

Assuming a collected mill currently provides \$1,590,966, the indirect costs will have a millage equivalent impact of 0.01 mills annually.

TOTAL MILLAGE IMPACT

The total millage impact of the Project is:

- Table 1 = G.O. Bonds, Series of 2023 \$3,355,000 = 0.08 mills
- Table 2 = G.O. Bonds, Series of 2024 \$10,000,000 = 0.31 mills
- Table 3 = G.O. Bonds, Series of 2025 \$6,350,000 = 0.20 mills

Total = 0.59 mills

The millage impact from the bond issues of 0.59 mills plus the indirect costs of 0.01 mills equals a total millage impact of 0.60 mills.

NORTHERN YORK COUNTY SCHOOL DISTRICT
