Organizing Data – Tips from M. Fullan

Apples to Apples

According to/Considering degrees of poverty

- Micro Level
(School Level)

- Self to Self
- Self to “like” Schools
- External Standard - All students can learn.

- Macro Level
(Supt. and State/District Governing Agencies)

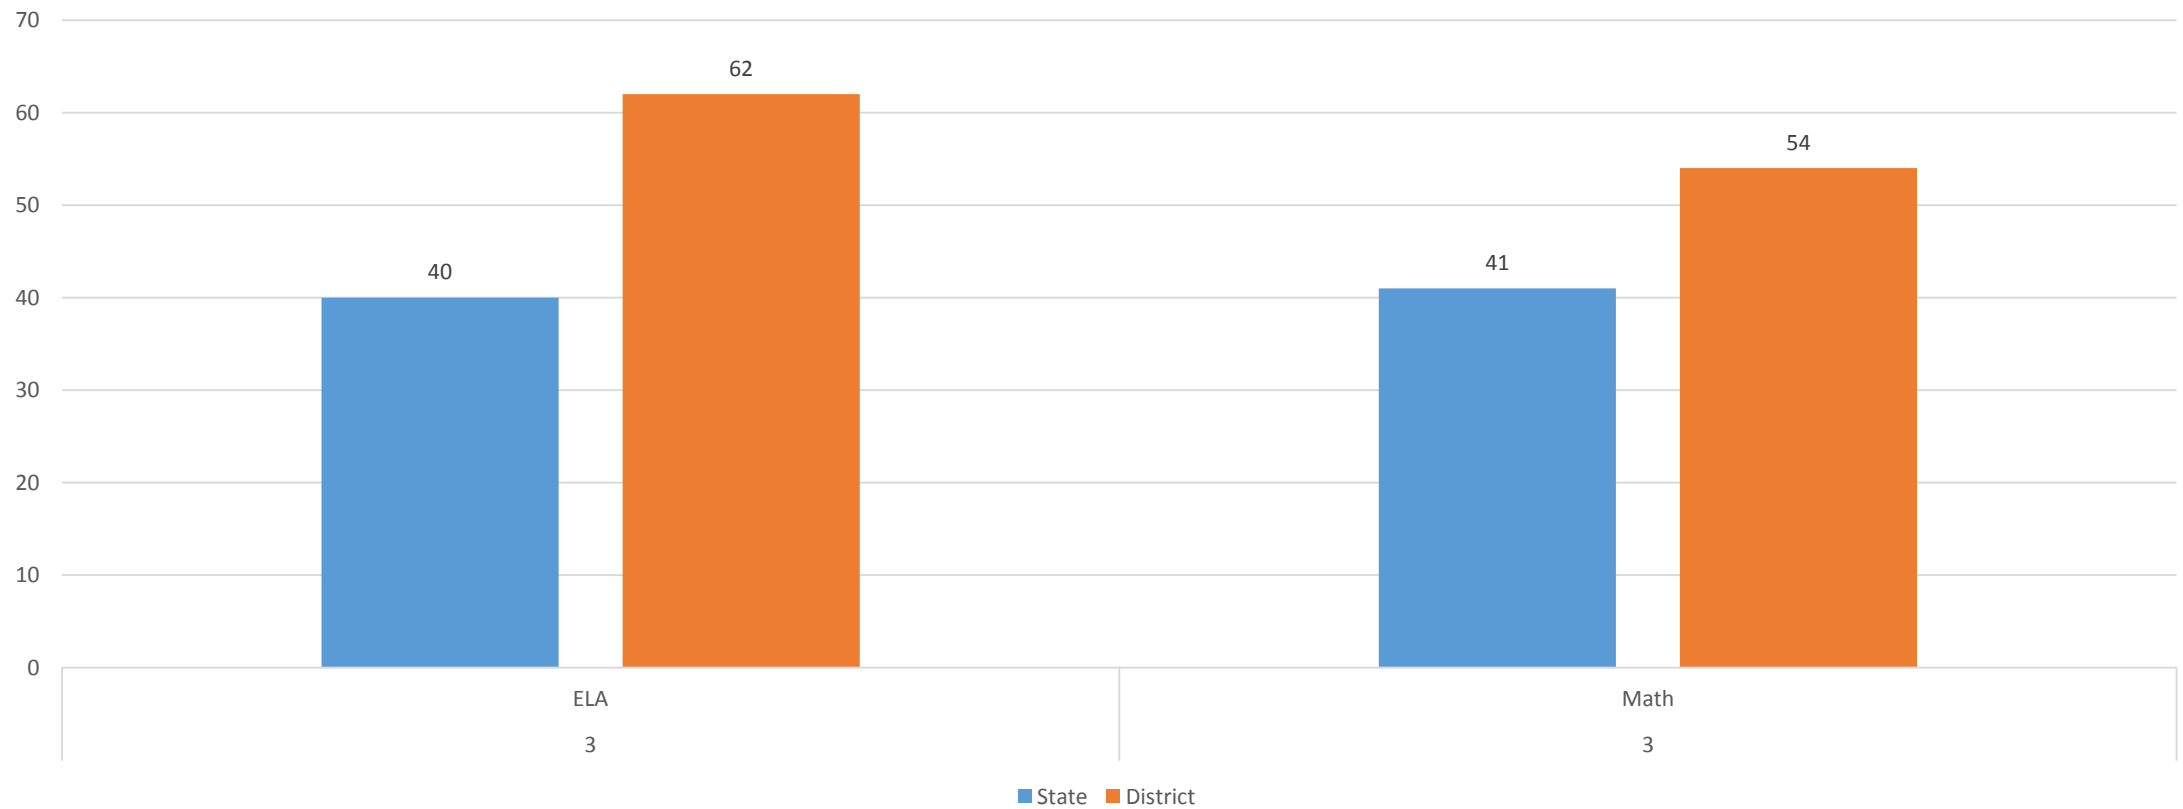

- 3 Recommendations:

1. Never condone presenting data/comparing schools without context.
2. Never take one year’s results to literally (Schools or subgroups)
3. When we see low performance:

“This is a job/opportunity for **capacity building.**”

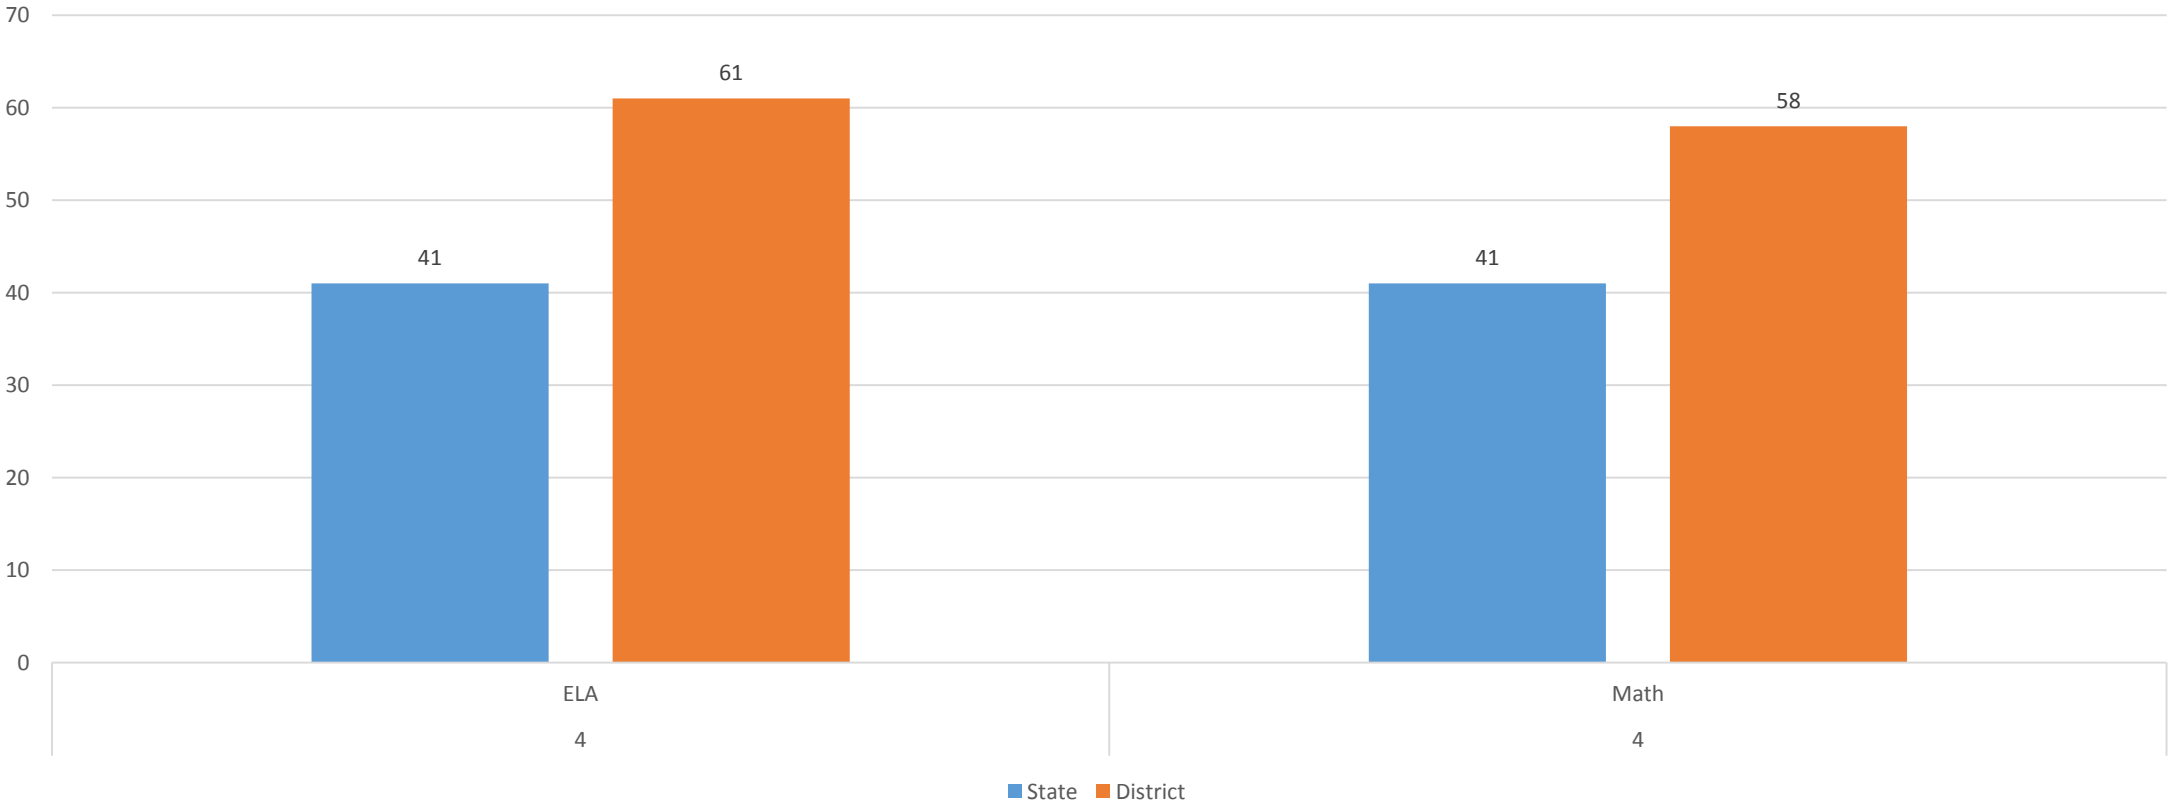

3rd Grade ELA & Math
