

**Policy 0420.4: Charter School Authorization**

**Status:** ADOPTED

**Original Adopted Date:** 07/21/2009 | **Last Revised Date:** 09/19/2023 | **Last Reviewed Date:** 09/19/2023

The Governing Board believes that charter schools provide one possible opportunity to implement school-level reform and to support educationally sound innovations which improve student learning. These schools shall operate under the provisions of their charters, federal laws, specified state laws, and general oversight of the Board. In considering any petition to establish a charter school within the district, the Board shall give consideration to the potential of the charter school to provide students with a high-quality education that enables them to achieve to their fullest potential. The Board also recognizes that authorizing charter schools includes a rigorous, comprehensive application process and that charters should be granted to petitioners who demonstrate strong potential for establishing and operating a high-quality charter school over the lifetime of the charter, including, but not limited to, the charter school's ability effectively to administer a public school agency.

The Charter Schools Act of 1992 ("Act"), Education Code 47600 *et seq.*, authorizes the establishment of public charter schools. To establish a charter school, petitioners must submit to the Board for approval a petition which includes all components required by law and AR 0420.4. Charter schools are generally exempt from the laws and rules that regulate non-charter public schools and, instead, the parameters for their operation, including the manner in which they educate students, maintain transparency, and ensure public accountability, must be set forth in their individual charter petitions. As such, the Board will hold charter school petitioners strictly accountable for compliance with all aspects of the Act, though the District does not repeat each requirement of the Act in its Board Policies or Administrative Regulations.

**Submission of a Petition**

One or more persons may submit a petition to the Board for a charter school to be established within the District or for the conversion of an existing District school to a charter school. (Education Code 47605(a))

Any petition for a charter school shall include all components, signatures and statements required by law, this policy and the accompanying administrative regulation, as well as a signed certification that the charter is complete. (Education Code 47605(b)) The petition must contain reasonably comprehensive descriptions of the fifteen required elements as fully set forth in Education Code 47605(c)(5), and summarized here as follows:

(A) The educational program as required by Education Code 47605(c)(5)(A).

(i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.

(B) Measurable pupil outcomes as required by Education Code 47605(c)(5)(B). The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress is to be measured as required by Education Code 47605(c)(5)(C). The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a School Accountability Report Card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement as required by Education Code 47605(c)(5)(D).

(E) The qualifications to be met by individuals to be employed by the charter school as required by Education Code 47605(c)(5)(E).

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff as required by Education Code 47605(c)(5)(F). These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (J), inclusive, of paragraph (2) of subdivision (a) of Section 32282.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, as required by Education Code 47605(c)(5)(G), including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school.

(H) Admission policies and procedures as required by Education Code 47605(c)(5)(H) and consistent with Education Code 47605(e).

(I) The manner in which annual, independent financial audits shall be conducted, as required by Education Code 47605(c)(5)(I), which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school, as required by Education Code 47605(c)(5)(J), for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native

language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security as required by Education Code 47605(c)(5)(K).

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools as required by Education Code 47605(c)(5)(L).

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school as required by Education Code 47605(c)(5)(M).

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter as required by Education Code 47605(c)(5)(N).

(O) The procedures to be used if the charter school closes as required by Education Code 47605(c)(5)(O). The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

The proposed charter shall be attached to the petition when the petition is circulated and signatures are gathered.

The Superintendent or designee shall consult with legal counsel, as appropriate, regarding compliance of the charter petition with legal requirements.

### **Timelines for Board Action**

Within 60 days of receiving a charter, the Board shall hold a public hearing on the charter provisions, at which time the Board shall consider the level of support for the petition by teachers, other employees of the District, and parents/guardians. A petition is deemed received on the day the petitioner submits a petition to the District office, along with a signed certification that the petitioner deems the petition to be complete. (Education Code 47605(b))

The Board shall either grant or deny the petition within 90 days of receiving the petition, or within 120 days with the mutual consent of the petitioner and the District. (Education Code 47605(b))

At least 15 days before the public hearing at which the Board will grant or deny the charter, the District shall publish all staff recommendations regarding the petition, including any recommended findings and, if applicable, certification from the County Superintendent of Schools regarding the potential fiscal impact of the charter school on the District. (Education Code 47605(b))

During the public hearing at which the Board will grant or deny the charter, the petitioners shall have equivalent time and procedures to present evidence and testimony in response to the staff recommendations and findings. (Education Code 47605(b))

The Superintendent or designee will maintain accurate records, in relation to each charter petition, of documents submitted, the Board's proceedings, and the findings upon which a denial decision is made.

### **Approval of Petition**

A charter petition shall be granted if the Board is satisfied that doing so is consistent with sound educational practice, and for new charters, the interests of the community in which the school is proposing to locate. In granting charters, the Board shall consider the academic needs of the students the charter school proposes to serve and shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences for academically low achieving students as identified by the petitioners according to standards established by the

California Department of Education (CDE). (Education Code 47605(c), 47601)

The Board may initially grant a charter for a specified term not to exceed five years. (Education Code 47607(a)(1))

Prior to authorizing any charter, the Board shall verify that the charter includes adequate processes and measures for monitoring and holding the school accountable for fulfilling the terms of its charter, and complying with all applicable laws, including Education Code 47604.1. Such processes and measures shall include, but not be limited to, fiscal accountability systems, multiple measures for evaluating the educational program, inspection and observations of any part of the charter school and regular reports to the Board.

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5(e))

The District shall not require any District student to attend the charter school nor shall it require any District employee to work at the charter school. (Education Code 47605(f)(g))

The Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the district and the charter school. Any such memorandum of understanding shall be amended as necessary.

The Board shall deny any charter petition that proposes to:

1. Operate a charter school as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization. (Education Code 47604(b))
2. Convert a private school to a charter school. (Education Code 47602(b))
3. Establish a new charter school, as defined in paragraph (2) of subdivision (e) of Education Code 47612.5 relating to "nonclassroom-based instruction". (Education Code 47612.7(a))

Regarding all other charter petitions, the Board shall deny a petition only if the Board makes written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605(c)(1)-(8))

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain the number of signatures required.
4. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(e).
5. The petition does not contain reasonably comprehensive descriptions of all of the fifteen elements in Education Code 47605(c).
6. The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of collective bargaining pursuant to Government Code 3540-3549.3, the Educational Employment Relations Act.
7. For a new charter, the charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding shall detail specific facts and circumstances regarding:
  - a. The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.
  - b. Whether the proposed charter school would duplicate a program currently offered within the district, when the existing program has sufficient capacity for the students proposed to be served within reasonable proximity to where the charter school intends to locate.
8. For a new charter, the District is not positioned to absorb the fiscal impact of the proposed charter school in which case the charter petition shall be subject to a rebuttable presumption of denial. The District meets this

criterion if it has a negative interim certification, or has a qualified interim certification and the County Superintendent certifies that approving the charter school would result in the District having a negative interim certification.

The Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll disabled students who reside outside the special education local plan area in which the district participates. (Education Code 47605.7(a), 47647)

## Appeals

If the charter is denied, the petitioner(s) may appeal by submitting the petition for establishment of a charter school with the San Bernardino County Office of Education and if then denied by the County Board, with the State Board of Education (Education Code 47605(k))

If the petition is denied by the County Board and the petitioner plans to appeal to the State Board of Education, at the request of the petitioner, the Board shall prepare the documentary record, including a written transcript of the public hearing at which the Board denied the charter, no later than 10 business days after the petitioner makes the request. The Board delegates responsibility for preparing the documentary record to the Superintendent or Superintendent's designee. (Education Code 47605(k)(2)(A))

Within 30 days of receipt of an appeal submitted to the State Board of Education, the Board may submit a written opposition to the State Board of Education detailing, with specific citations to the documentary record, how the Board did not abuse its discretion in denying the petition. (Education Code 47605(k)(2)(C)) If either the County Board or the State Board of Education remands the petition to the Board because the petition on appeal contains new or different material terms, the Board shall reconsider the petition and shall grant or deny the petition within 30 days. (Education Code 47605(k)(2)(B))
