

Policy 0420.41: Charter School Oversight

Status: ADOPTED

Original Adopted Date: 10/16/2007 | **Last Revised Date:** 09/19/2023 | **Last Reviewed Date:** 09/19/2023

The Governing Board recognizes its ongoing responsibility to oversee that any charter school the Board has authorized is successfully fulfilling the terms of its charter and is providing a sound educational program for students enrolled in the charter school. The Board delegates the administrative function of ongoing monitoring and oversight of its charter schools to the Superintendent or designee.

The Superintendent or designee(s) will be responsible for conducting the oversight activities of the Board. The Superintendent or designee(s) will: (Education Code 47604.32(a))

1. The Superintendent or designee serves as the principal point of contact between the Board and its charter schools and shall identify at least one staff member to serve as a contact person for each charter school authorized by the Board. Visit each charter school at least once per fiscal year.
2. Monitor ongoing charter school compliance with reporting requirements, including the annual update to the charter school's Local Control and Accountability Plan.
3. Monitor the fiscal condition of each charter school under the Board's authority.
4. Provide timely notification to the California Department of Education (CDE) of changes in a charter school's status as required by Education Code Section 476032(a)(5).
5. Receive and determine how to respond to complaints regarding the charter school.
6. Inspect or observe any part of a Board-authorized charter school at any time, with or without prior notice. Education Code 47607(a)(5) The District may inspect and receive copies of all records relating to the operation of the charter school, including financial, personnel, attendance accounting, and pupil records, and records of any entities managing the charter school. Charter schools are subject to the California Public Records Act (CPRA); however, the District's right to inspect and receive records is not based on the CPRA, but rather on the District's oversight role. A Board-authorized charter school shall promptly comply with all reasonable inquiries from the District in accordance with Education Code Section 47604.3.

The Superintendent or designee may attend meetings of the charter school board whenever possible and may periodically meet with a representative of the charter school.

In the case of any charter school under the District's oversight that chooses to be operated by or as a nonprofit public benefit corporation, the District Board reserves its right pursuant to Education Code 47604(c) to have a representative serve as a voting member on the board of directors of the nonprofit public benefit corporation and may exercise such right at any time. Any such representative of the District Board shall serve on the corporate board in the District Board or designee's sole discretion and shall be removed or replaced in the District Board or designee's sole discretion.

Board-authorized charter schools shall, on or before June 1 of each year, submit to the District an approved school calendar for the following year establishing that the charter school is complying with the required minimum number of school days and an approved bell schedule establishing that the charter school is complying with the minimum number of instructional minutes. At least one month prior to the commencement of each new semester, the charter school shall provide the District with a list of classes evidencing the class offerings for the semester and the staffing assignments (including copies of all credentials) establishing that all classes are being taught by appropriately qualified and credentialed employees.

Approved charter schools shall provide to the District's Office of Charter School Operations on or before July 1 and January 31 of each year of its existing charter, its board meeting schedules and agenda for the following six (6) months demonstrating that the charter school is complying with the Brown Act.

Approved charter schools shall provide to the District's Risk Manager duplicate originals of each policy of insurance and/or each memorandum of coverage required by its charter, including all declarations, forms, and endorsements, within thirty (30) days of the approval of its charter and by July 1 and January 31 of each year thereafter, and at any other time that a policy of insurance and/or memorandum of coverage is changed and at any other time a request is made by the District for such documents.

Approved charter schools shall provide to the District, on or before July 1 of each year of its existing charter, a copy of its current and valid certificate of occupancy or an equivalent document, and shall promptly notify the District if facts arise that could jeopardize the validity of the charter school's certificate of occupancy or if the certificate of occupancy is or will soon be no longer valid.

Approved charter schools shall provide to the District, on or before July 1 of each year of its existing charter, a copy of its most recently updated school safety plan pursuant to Education Code section 47605(c)(5)(F).

Should any approved charter school operate any learning center(s) pursuant to a charter petition approved by the District Board or subsequently approved by the District Board through a material revision, the charter school shall provide to the District's Office of Charter School Operations on or before July 1 of each year of its existing charter the address of any such learning center(s).

In the event that the 911 emergency services are called for any reason to the charter school site by charter school employee, student, or community member on campus, the charter school shall inform the District within 24 hours of the emergency services' arrival to the charter school site.

Waivers

If the charter school wishes to request a general waiver of any state law or regulation applicable to it, it shall request that the District submit a general waiver request to the State Board of Education on its behalf. Should the Board approve such a request from a charter school, the Superintendent or designee shall submit such a waiver request to the State Board of Education on behalf of the charter school.

Provision of District Services

The charter school may purchase administrative or other services from the District, in the District's sole discretion or from any other appropriate source. (Education Code 47613(d))

If the District agrees, in its sole discretion, to provide administrative or support services to a charter school, the District and charter school shall develop a memorandum of understanding or other agreement that clarifies the financial and operational agreements between the District and charter school.

At the request of a charter school, the Superintendent or designee shall create and submit any reports required by the State Teachers' Retirement System or Public Employees' Retirement System on behalf of the charter school. The District may charge the charter school for the actual costs of the reporting services, but shall not require the charter school to purchase payroll processing services from the District as a condition for creating and submitting these reports. (Education Code 47611.3(b))

Material Revision of an Approved Charter

The Board shall have the authority and also delegates authority to the Superintendent or his/her designee(s) to determine whether a proposed change in charter school operations constitutes a material revision of the approved charter. Material revisions to a charter may only be made with Board approval.

Material revisions shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed and as necessary to reflect the current program offered by the charter. (Education Code 47607(b))

Applications to materially revise a charter may be submitted at any time during the life of the approved charter.

If an approved charter school proposes to expand or move operations to one or more additional sites or expand grade levels, other than a change of location that does not include increasing the total number of sites exclusively operated by the charter school through acceptance of an offer of facilities from the District pursuant to Education Code section 47614 (known as Proposition 39) the charter school shall request a material revision to its charter and shall notify the Board of those additional or changed locations or grade levels. The Board shall consider approval of the additional or changed locations or expanded grade levels at an open meeting. (Education Code 47605(a)(4))

Any charter school approved by the Board shall at all times maintain clean, electronic (Word) copies of each version of its charter that is approved by the Board and shall maintain such prior approved versions in clean, electronic (Word) format even after submitting a request that a revised version of the charter be approved on renewal or as a material revision, including after such time as the Board may approve any such revised version. In no event shall a charter school make revisions to the approved version of the charter without maintaining a clean, electronic (Word) version of all forms of the charter that have previously been approved by the Board.

Oversight Fee

The District may charge the maximum amount permitted by law for its supervisory oversight of each charter school. This maximum is currently up to one percent of a charter school's revenue for the actual costs of supervisory oversight of the school. However, currently, if the charter school is able to obtain substantially rent-free facilities from the District (meaning the District is not already charging the charter school a pro-rata share of the cost for facilities provided under Education Code 47614), then the District may charge up to three percent of the charter school's revenue for actual costs of supervisory oversight. If the District is given responsibility for supervisory oversight of a charter school that was authorized by the State Board of Education on appeal, the District is not limited to these percentages and may charge for the actual costs of supervisory oversight and for the administrative costs necessary to secure charter school funding. (Education Code 47613(a)-(c), 47614(b)(1); 5 CCR 11969.7(f))

Monitoring Charter School Performance

The Superintendent or designee shall monitor the charter school to determine whether it complies with all legal requirements applicable to charter schools, including making all reports required of charter schools in accordance with Education Code 47604.32.

The Board shall monitor each charter school to determine whether it is achieving the measurable student outcomes set forth in the charter, both schoolwide and for each numerically significant student subgroup served by the school as defined in Education Code 52052(a)(2). This determination may be based on the measures specified in the approved charter and any applicable memorandum of understanding, and on the charter school's annual review and assessment of its progress toward the goals and actions identified in its Local Control and Accountability Plan (LCAP), and the charter's progress on all the state indicators included in the evaluation rubrics adopted pursuant to Education Code 52064.5 for which it receives performance levels, as reported in the California School Dashboard. (Education Code 47607(c)(1)(f)(2))

The Board shall monitor the fiscal condition of the charter school based on any financial report or information obtained from the charter school, including, but not limited to, the charter school's preliminary budget, annual update of the charter school's LCAP, first and second interim financial reports, and final unaudited report for the full prior year, as well as other pertinent information that may be available to the Board. (Education Code 47604.32(a)(4), 47604.33, 47606.5)

Technical Assistance/Intervention

Whenever a charter school is identified for technical assistance based on the performance of one or more numerically significant student subgroups on State Board of Education-established criteria, the charter school shall receive technical assistance from the County Superintendent of Schools in accordance with Education Code 47607.3.

In addition, if a charter school meets the criteria set for school districts under Education Code 52072(b)(1), the County Superintendent may request assistance from the California Collaborative for Educational Excellence (CCEE). After consulting with the Superintendent of Public Instruction and with approval of the State Board of Education, the CCEE may provide advice and assistance to the charter school pursuant to Education Code 52074. (Education Code 47607.3(c))

If a charter school receiving federal Title I funding has been identified for program improvement, it shall implement improvement strategies in accordance with its existing school improvement plan. (20 USC 6301, et seq)

The Board shall consider for revocation any charter to which the CCEE has provided technical assistance and about which it has made either finding specified in Education Code 47607.3(d). In such case, the Board shall consider increases in pupil academic achievement for all pupil subgroups served by the charter school in determining whether to revoke the charter. A charter school may not appeal a revocation decision made pursuant to this process. (Education Code 47607.3(e)(f))

If a charter school governing body requests technical assistance, the Board shall provide such assistance consistent with Education Code 47607.3(a)(1) or (2). If the charter school has not been identified for technical assistance pursuant to Education Code 47607.3(a), the Board may assess a fee for the assistance, not to exceed the cost of the service. (Education Code 47607.3(g))

Complaints

Each charter school shall establish and maintain policies and procedures to enable any person to file a complaint, in accordance with the uniform complaint procedures as specified in 5 § CCR 4600-4687, alleging the school's noncompliance with Education Code 47606.5 or 47607.3 or 49010 or any other applicable law covered by the uniform complaint procedures. (Education Code 33315, 52075 and 49013)

A complainant who is not satisfied with the decision may appeal the decision to the State Superintendent of Public Instruction or California Department of Education (CDE) as applicable. (Education Code 33315, 52075(c) and 49013(c), 5 CCR 4632))

If the charter school finds merit in the complaint, or if the State Superintendent of Public Instruction or California Department of Education (CDE) finds merit in an appeal, a remedy shall be provided to all affected students and parents/guardians. (Education Code 52075(d) and 49013(d), 5CCR 4633(g))

This discussion is not exhaustive of all complaint procedure requirements with which charter schools must comply, nor of all types of complaints to which the charter school's uniform complaint procedure may apply.

School Closure

In the event that the Board revokes or denies renewal of a charter or the school closes for any other reason, the Superintendent or designee may, or shall, when applicable in accordance with the charter and/or a memorandum of understanding, provide assistance, facilitate the transfer of the charter school's former students and to finalize financial reporting and close-out.

Should a school's charter be revoked (upon a final decision of revocation or, if there is an appeal, upon a final decision of appeal of revocation), or should the charter school cease for any reason, the Superintendent or designee shall notify the California Department of Education within 10 calendar days of the official action closing the charter school. Such notification shall include, but not be limited to, a description of the circumstances of the closure, the effective date of the closure, and the location of student and personnel records. (Education Code 47604.32(a)(5), 5 CCR § 11962.1(a))
