WAYNE COUNTY SCHOOLS DIRECTORY

October, 2023

Wayne RESA is pleased to provide you with our annual Wayne County Schools Directory. This collection of useful information is also available in electronic format and can be accessed at www.resa.net/aboutus/districts/.

The directory provides contact information for the 33 school districts in Wayne County, in addition to more than 98 public school academies, state and regional educational institutions, and private schools. Education is an extremely critical component of life in Wayne County with the previously mentioned educational entities having an impact on over 260,000 students in the area.

Guided by our mission, Wayne RESA is committed to leadership through service and collaboration for excellence in teaching and learning for all. We work hard to ensure that we provide services that are relevant, timely, needed and wanted by all of our stakeholders. These services include (but are not limited to): providing quality professional development, instructional support services, software applications and support for district student and administrative services, group purchasing, and much more. It is important to note that Wayne RESA continues to help schools collectively save more than \$35 million by providing consolidated/shared services throughout the county. In addition, Wayne RESA also provides state-mandated functions including pupil accounting, as well as special education monitoring and compliance.

For more information on our services and programs, please see the listing of Wayne RESA departments and staff on pages one through eight of this Directory and be sure to visit our website at www.resa.net or contact us at (734) 334-1300.

Please accept my best wishes for a positive and productive 2023-2024 school year!

Sincerely,

Daveda J. Colbert, Ph.D.
Superintendent
