On Thursday, the newly appointed C⁴ Leadership Team met via Google Hangout with IUPUC Clinical Assistant Professor Dr. Darrin Carr to learn about career exploration (pictured left). The Leadership Team will share this information with freshmen in Preparing for College and Careers (PCC) classes. We are excited for this talented group of individuals to share their passion for C⁴ and to have multiple opportunities throughout this school year to glean more leadership wisdom from multiple community partners.

Congratulations!

Former C⁴ students **Cassandra Claycamp** and **Rylee Nobbe** continue to excel in Agriculture! Both were recently awarded the American FFA Degree, the highest degree achievable in the National FFA Organization. Less than one percent of the membership receives this each year.

Watch for the **C⁴ Student of the Week** feature resuming next week. Be sure to follow C⁴ on Facebook and Instagram to learn more about our amazing students and what they are learning in C⁴!
