E-nnouncements

After 152 days of being empty, BCSC hallways had a welcome bustling of students on August 10ᵗʰ. C⁴ area county students joined their classes on August 12.

Nearly 3000 students are enrolled in C⁴ classes this year, with another 934 students getting a taste of what C⁴ has to offer through the "Preparing for College and Careers" course.

BACK 2 SCHOOL
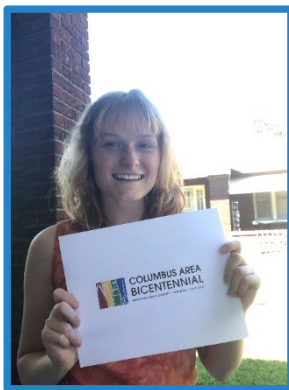

Columbus Area Bicentennial Logo Designed by Former C⁴ Student

2018 CNHS graduate **Ava Becker** was thrilled to get the news that her logo was chosen to celebrate Columbus, Indiana's bicentennial. One of the first people Ava shared her news with was her former C⁴ instructor **Jeff Metz**. Ava told Mr. Metz: "When I first read the email (about my design being chosen), I immediately thought of you and wanted to thank you for what a huge role you have played in my path as a graphic design student. I got flashbacks to my Mill Race poster and just knew I wouldn't be here without your guidance."

As C⁴ begins the 2020-2021 school year, we are dedicated to continue giving students opportunities to discover their passions and leave positive imprints on the community.

C⁴'s HOSA chapter competed virtually at the International HOSA Conference this summer. CNHS Junior **Matthew Liu** earned a Gold Medal in Medical Math. This prestigious honor includes a full-ride scholarship to Sullivan University. Matthew has been a PLTW Biomedical Science student since his freshman year – during which he won the State HOSA math competition.

We are honored to celebrate his success with him!

Other notable awards from the conference include:

CEHS graduate **Caitlyn Wager** – Top 10 in the Veterinary Science Competition

CNHS Senior **Nayoung Kim** – Top 10 in Extemporaneous Writing

Congratulations
