@ConnectionsC4

Nursing I students: CEHS Madelynn Garrett (10), CEHS Winslet Garcia-Hernandez (10), and CNHS Nayeli Felipe Sebastian (10) show off their creation.

Nursing I students (and their instructors) needed some fun before preparing for CPR certification, so, what better than a carnival – a Kidney Carnival! Students created carnival-style games that would allow participants to win prizes if they answered questions related to the renal system. The teachers were amazed by the creativity and knowledge displayed by their students!

Nursing I Instructor Mendi Richards tries her hand at the Kidney Carnival games.

Two steps to save a life:

Call 911

Push hard and fast in the center of the chest.

Health Science 1 and Dental students had the opportunity to earn CPR certification in March. 36 students passed the written and skills tests, earning their certification. Many of these students plan to enter a healthcare career requiring CPR certification.

Join Our TEAM

C⁴ has two teaching positions open for the 2021-2022 school year. We are seeking a Health Sciences (Nursing) teacher and a Biomedical teacher.
