Students were all smiles this week as they learned baton tactics from Criminal Justice instructors **Chanel Thompson** and **Mike Ward** (center). The quote of the day came from CSA senior **Kameron Jernigan** (not pictured), "This class makes me want to never commit a crime my whole life." While many Criminal Justice students will pursue a career in some form of law enforcement, ALL students are inspired to make good choices!

Senior **Allyson Schumm** is determined to combat the #1 killer of men and women in the US - heart disease. Allyson worked with the C<sup>4</sup> PLTW Biomed teachers for her senior project to offer an opportunity for all North and East students in the Biomed program to become CPR certified. 250 high school students were trained in infant and adult CPR, choking, and AED usage. Students then took a written test in order to earn their CPR certification. Thanks to Ally and the C<sup>4</sup> Biomed team for equipping students in our community with these lifesaving skills!

Cyber Security students competed in the Cyber Patriot competition and finished 79 out of 1463, ranking them 1st in the state for Gold Tier. From left to right: **Sotaro Kaneda, Michael Reisinger, Rishi Rao**, C<sup>4</sup> instructor **Michael Paprocki, Akshat Verma, Samyak Lasod**, and **Jiaxuan Wang**. Great job, guys!

### Mark Your Calendar!

- ❖ BCSC WINTER BREAK  
December 23-January 3
- ❖ C<sup>4</sup> Open House January 29  
5-8 @ Columbus North
