GirlUp Night is an annual event for 5th and 6th grade girls. BCSC works to help bridge the gap for women in STEM-related fields through collaborative partnerships with community programs, volunteers, and businesses. Educators encourage students to overcome barriers and develop their passions to pursue future education and careers.

C⁴ areas represented at the event last month were BioMedical, Culinary Arts, Engineering, Graphic Design, Precision Machining, and Welding. Special thanks to Cummins, Columbus Robotics, and Toyota.

Way to go, girls!
