

E-nnouncements

Friday, January 20, 2023 Volume 23 Issue 18

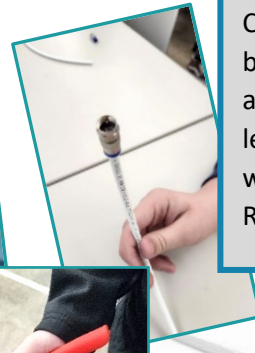

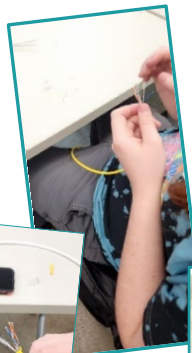

C⁴ will connect community resources to provide career education for all students while laying the foundation for life-long learning.
www.bcscschools.org/C4 @ConnectionsC4

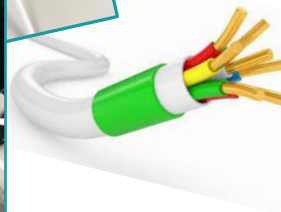

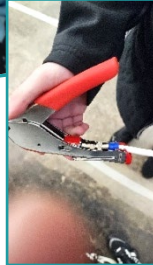

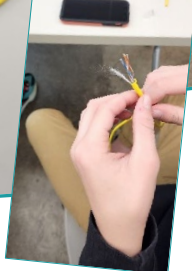

Human Body Systems students in Miss Linn and Mrs. Horn's classes are following a hypothetical 11-year-old asthma patient through her diagnosis and treatment. They discovered that they wanted to know the patient's lung volumes through their research. This week, they measured their own lung volumes to better understand the process that the patient would go through.

Mrs. Horn and Mrs. Steinwedel's Medical Terminology students are learning the anatomy and physiology of the cardiovascular system this week, and as a check for understanding, they drew heart diagrams in teams to see what they already knew. They then double-checked their notes for accuracy before submitting them for a grade. The students had fun drawing on the tables and coming up with all of the parts as a team.

Computer Tech Support students were busy this week learning to make Coaxial and Network cables (Cat5). Students learned proper crimping to make a watertight fit and how to connect RJ45 and RJ45EZ terminals.

**Mark your calendars for the C⁴ Open House next week!
It's a great opportunity to see the labs and classrooms first-hand.**

OPEN HOUSE

Wednesday, January 25, 2023
5:00 pm to 7:15 pm | CNHS | Door 15

Incoming and current students and parents: Learn more about C⁴ Columbus Area Career Connection!

Meet C⁴ instructors and students

Come and Make a Connection with C⁴!

www.bcscschools.org/c4 812-376-4240
