

Dear Families/Caregivers,

Life is not meant to be a solo act. People are designed to work and play together. Cooperation is essential for getting along with others. Working together benefits everyone!

We have been learning how people play fair in groups. We learned that fairness makes play more fun for everyone. To make games fair and fun, everyone should:

- Be included,
- Work together,
- Encourage each other,
- Play by the rules,
- Do their best, and
- Have fun!

Here are a few ways you can help your child learn to play fairly with others:

- Play games with your child. Take turns picking out the game, setting up, deciding who's going first and so on.
- Encourage your child to help you cook. Take turns adding the ingredients and stirring.
- Provide your child with a chores chart with a few age-appropriate tasks to do that will help around the house.
- Praise your child when you see him or her playing fairly with siblings or friends.

Sincerely,
Your Child's Teacher
