

Dear Families/Caregivers,

Young children have many different relationships including family members, friends, teammates, and classmates. The ability to work well with others is an important social skill.

We have been learning and practicing ways to be successful members of our school community. Some ways to be a good student are:

- Come to school ready to learn.
- Help make school a safe place where everyone can learn.
- Listen to your teacher and do your best.
- Play fair, take turns, and include others.
- Thank the lunch team and clean up after yourself.
- Use the restroom quickly and wash your hands.

Here are some ways to encourage your child to be a good student:

- Talk to your child about what he or she did at school each day. Ask your child to identify one way he or she was a good student each day.
- Provide a quiet space where your child can complete homework or study at home.
- Before school, make sure your child has eaten a healthy breakfast and has all the materials he or she needs for a successful day.

Sincerely,

Your Child's Teacher
