

Dear Families/Caregivers,

Students have many different relationships including family members, friends, classmates, teammates, etc. Developing social skills includes building and maintaining relationships between different groups of people.

We have been exploring our relationships with our neighbors. We learned that good neighbors are:

- respectful
- polite
- helpful

Good neighbors also help to make their neighborhoods safe. The best way to make your neighborhood safe is by being a good neighbor.

Here are a couple of things that you can do with your child to help him or her be a good neighbor:

- Is there a neighbor who may need some help or thoughtfulness? Talk with your child about what you could do and then do it.
- Walk around the neighborhood with your child. Point out the things that make your neighborhood a special place to live. Smile and wave to people in your neighborhood. A smile goes a long way.

Sincerely,

Your Child's Teacher
