ABOUT THE SCHOOL ALLOTMENT GUIDELINES

The School Allotment Guidelines (SAG) is a board approved document that houses all our formulas. Formulas for earning positions for programs such as Art, Music, and PE as well as other positions are all housed in this document. The SAGs are reviewed yearly by the Superintendent's Budget Review Committee which is made up of central office staff, veteran and new principals, as well as program managers. The SAG helps the district to meet its goal of Fiscal Responsibility. We manage and protect public funds and assets through efficient and effective use of available resources.

INTRODUCTION

Each fiscal year as directed by the School Board, the Fulton County School System (FCSS) develops allotment formulas and guidelines for all schools within the district. For FY23, the district continued with the FY19 approach to budget development. Following best practices, FCSS continue to focus on aligning budget requests and outcomes to the district's priorities.

This approach still allows FCSS to continue to use an all-inclusive and open budget development process, so school-based programs throughout FCSS are sufficiently and equitably funded.

The school allotment formulas and guidelines are the responsibility of the Cabinet. Cabinet members propose and develop the guidelines based on the school district's mission, the Board's vision, the district's priorities and all existing mandates and requirements (federal, state, SACS, etc.). In compiling the SAG, the Budget Services Department obtains necessary assistance and direct support from Zone Superintendents, Principals, and staff from various departments including, Talent, Student Services, Planning/ Forecasting, Learning and Teaching, Strategy and Innovation, Support Services, and Curriculum and Instruction.

School Based Budgets:

Based on these allotment guidelines, as proposed by Cabinet, the Budget Services Department develops school-based budget outputs. Principals and school leaders should understand the rationale behind the development of the school budgets and be able to effectively communicate this rationale to the public(s) they serve. Each principal works with their leadership team, Zone Superintendent, and School Governance Councils to develop a budget that meets the needs of the specific student population at their school and aligns with the district's priorities.

Teacher allocations for special programs such as TAG, Special Education, EIP/ Remedial, ESOL, Art, Music, Health/P.E., Career Tech., etc., are based on needs as assessed by the various Program Managers, in collaboration with the Zone Superintendents, as defined by the allotment formula for each of these areas. All formulas used in allotments are applied the same way to all schools regardless of a school's Title I status, Every Student Succeeds Act of 2015 (ESSA).

The number of special education segments being mainstreamed into the general education classroom is added to the general education enrollment to calculate the number of general education teachers.

Staffing Flexibility:

FCSS uses site-based budgeting and site-based management through its "Bottom-Up" budget development approach. Each principal is fully empowered through a budgeting process that provides reasonable flexibility, high accountability, innovation, and results-driven budget recommendations aligned with each school's strategic plan and the district's priorities. This flexibility paired with accountability enables each principal to deploy staff according to their school's needs. As a part of this flexibility, some personnel units may be converted to other positions and some non-personnel dollars may be used to purchase additional personnel. Only vacant positions can be converted. Such conversions must not cause an increase in the overall budget allocation for the school. Staffing flexibility is afforded to all schools regardless of a school's Title I status.

The "Flexibility" icon \blacksquare is used throughout this document to help principals easily identify where they have flexibility with their school budgets. Note: A Principal may still need to consult with a Zone Superintendent, School Governance Council or District Program Manager to determine if a position is flexible.

Principal Accountability:

The principal is responsible for the fiscal management of all funds included in the school budgets. Principals will be provided with a Budget Accountability Report (BAR) for their school. This is a monthly report that details a school's budget and identifies any accounts that are in deficit. This report is designed to help principals balance and track their school budgets and actual expenditures in an accurate and timely manner. The financial stability of a school is reflected in the management of resources, expenditures and transfer of funds, accuracy of records and overall judgment in the general management of all school allotment funds. It is the responsibility of the principal to conclude the school year with the school's allotment showing a positive ending balance. A negative ending balance in a school's overall allotment budget will result in a corresponding decrease of the following year's allotment. Therefore, no expenditures should be made in excess of the current budget and staff hired must correspond to the approved budgeted positions.

School Governance Council (SGCs):

School Governance Councils are an integral component of Fulton's charter system. School Governance Councils, or SGCs, are responsible for setting and monitoring the strategic direction of the schools.

The SGC is responsible for the following:

- Approve the school's Strategic Plan
- Approve the school's budget recommendations
- Manage the Request for Flexibility process
- Participate in the hiring process when hiring a new principal
- Provide feedback on the principal's performance
- Interface with the school's Title I committee (where applicable)

Title I Comparability:

Comparability is one indication that a school district is using its Title I fund to supplement and not supplant other funding sources it uses to educate students. Meeting comparability means that a school district provides services in its Title I schools which are at least comparable to services the school district provides in its non-Title schools. FCSS uses an all-inclusive and open budget development process. All formulas used in allotments are to be applied the same way to all schools regardless of a school's Title I status.

Equitable application of the allotment formulas must result in school-based programs that are sufficiently and equitably funded. This allows FCSS to meet its Title I comparability requirements.

Consolidation of Funds:

As a charter system, Fulton County Schools has opted to participate in the GaDOE Consolidation of Funds Pilot. The purpose of consolidating funds is to help a schoolwide program school effectively design and implement a comprehensive plan to upgrade the entire educational program in the school based on the school's needs identified through its comprehensive need assessment. Consolidation of funds means that each schoolwide school treats the funds it is consolidating as a single "pool" of funds. Funds from the contributing programs lose their identity – but not all the benefits, and the school use funds from this consolidated schoolwide (SW) pool to support any activity of the SW Plan. For FY2023, Title I funds are consolidated with General Fund state and local allotments.

Average Salary & Benefits:

Salaries are calculated based on a district wide average salary scale. Salaries are not adjusted based on the actual person occupying the position. Therefore, schools are not penalized for higher salaries and schools cannot recoup funds for employees with a salary that is lower than the average salary. In addition, benefits are calculated using a standard base rate for the district. Schools will not recoup any portion of a position's benefits including employees not receiving benefits. Salary calculations are applied identically to all schools regardless of a school's Title I status.

In certain situations, schools may use any lapsed salary from full-time positions that were vacated prematurely to satisfy a specific need. Generally, this need should be in support of the same purpose as the salary that was originally budgeted. These situations are rare and require approval from the Chief Academic Officer (CAO) and Chief Finance Officer (CFO).

Leveling:

The district uses a leveling process to balance staff assignments based on actual student enrollment versus forecasted student enrollment during Student Enrollment Adjustment Time. Schools falling under projections lose staff and per pupil dollars and those schools above projections may earn additional staff and per pupil dollars. If state maximum class sizes are exceeded after final adjustments, the school principal will work with their Zone Superintendent and the CAO to determine if a budget adjustment is required. While it is our goal to offer stability in school budgets, adjustments do occur as the needs of individual schools fluctuate throughout the year. School allotment adjustments are applied to all schools in the same manner regardless of a school's Title I status.

Student Enrollment Adjustment Time (SEAT):

SEAT will serve as the basis for leveling school budget allocations. The student information enrollment data will be used to determine the appropriate allocation earned for each school as determined by the formulas contained in this SAG. It is the responsibility of each school principal to ensure that all enrollment data is accurately reflected in Infinite Campus. This includes withdrawing students from the count who are not enrolled in school. Data accuracy and integrity is a critical component of the leveling process, as this data point will inform the district of which schools are over, even, underfunded, or understaffed.

Supplements:

Employees who perform extra duties (e.g., grade-level chairpersons, department chairpersons, coaches, etc.) may be paid a supplement. The number of supplemented positions and amount of the supplements are determined annually by the Talent Division following Board of Education guidelines.

Substitutes:

Some positions are eligible for substitutes at a daily rate as determined by the Talent Division.

Non-Personnel Funds:

In addition to personnel earnings generated from the school allotment formulas and guidelines, schools also receive non-personnel funds. These funds include, but are not limited to, Athletic Services and per pupil allotments. Using the flexibility given by the School Board, each principal will allocate those non-personnel funds designated as flexible to various programs and accounts based on each school's needs. Flexibility with some non-personnel funds is given to all schools regardless of a school's Title I status.

Personnel Staffing:

Teaching positions are non-flexible and cannot be converted for non-instructional purposes. Allowable purchases are: Administrative Assistant at a premium cost, Instructional Paraprofessional, Instructional Coach, and a Response to Intervention (RTI) position.

Converting teaching positions can have a negative impact on Fulton County Schools QBE earnings.

STEM Schools:

STEM schools are Magnet High Schools and will be funded as such.

Start-Up Charter Schools

Funding for a charter school's instructional and administrative programs will comply with the Georgia Charter Schools Act of 1998, Article 31 of the Official Code of Georgia Annotated. FCS start-up charter schools receive a proportionate share of the district's state and local revenue. Budgets are calculated using the following:

- 1. Each charter school's QBE School Allotment sheets for the revenue amount for the year. The allotment is calculated using the FTE and earning on the QBE report for each school.
- 2. Budgets are also calculated using the formulas housed within these School Allotment Guidelines.

Each individual school is funded with the formula that results in the highest allocation. Charter Schools are funded no less favorably than traditional Fulton County Public Schools.

Fulton County Schools charter schools are listed below.	
---	--

Amana Academy	Kipp South Fulton Academy			
Chattahoochee Hills Charter	RISE Prep School			
Fulton Academy of Science and Technology (FAST)	RISE Grammar School			
Hapeville Career Academy	The Main Street Academy Lower & Upper			
* Skyview High School				

*Skyview Charter School Funding Agreement

- 1. Funding Model. Fulton County Schools ("FCS") will fund Skyview according to the following provision:
- a) <u>Per-Pupil Allocation</u>: The per-pupil allocation shall be set at \$8,500 per student enrolled in Skyview.
- b) <u>FTE Counts</u>: An average of FTE counts from March and October shall be utilized to determine Skyview's funding for each fiscal year. In the first year of the agreement, March 2020 and October 2020 shall be utilized to determine Skyview's funding, with Fall and Spring counts being averaged each year thereafter. The counts will be conducted according to state requirements for scheduling QBE counts on a specific, predetermined date during the count window.
- c) <u>Graduation Incentive</u>: Because FCBOE wishes to reward Skyview for achieving its goals of increasing the graduation rate for its students, FCS shall pay Skyview \$500 for each student that earns a general education diploma as a 4-year cohort and \$250 for each student that earns a general education diploma as a 5-year cohort and is documented as a graduate in Eschool by the June deadline for student records each year.

Carry-over Funds:

Up to 10% of each school's remaining non-personnel appropriation from FY2022 may be permitted to be carried over into FY2023 after approval of the CAO and CFO.

Per Pupil Allocation:

The per-pupil allocation is a base allocation provided for each student enrolled at a school. The intent of the base is to provide an amount that is sufficient to cover essential needs at a school. The accounts used in determining this base amount includes costs for classroom, custodial, training, office supplies, library orders, materials, copier fees and maintenance, insystem travel, and postage. While schools do spend more on other costs such as technology and professional development, spending on these items vary significantly between schools, so they are not included in the determination of the base amount.

Copier Related Budget/Expenditures:

Funds are set aside centrally to aid schools in the procurement process for all copier related expenditures. Funds will be transferred in/out of each school's budget to match actual expenditures at year end.

Instructional Reserve:

An annual instructional reserve is established to meet the unforeseen needs of all schools, as well as any potential growth at the Student Enrollment Adjustment Time (SEAT).

FEE FOR SERVICES

Fulton Virtual Program (FVP):

FVP is a blended learning program offered to FCSS students to provide a personalized competency based instructional model. Interest in the program continues to grow as content for core middle and high school courses and electives including world languages and AP courses are added. Students can choose to take online courses through FVP or Georgia Virtual School (GAVS) which is administered by the GADOE. IT classes are 100% online, held each semester, and offer broad course options.

Previously, FCSS funded all GAVS and FVP enrollments through the FVP program, so there was no impact to a school's budget when a student enrolled in a FVP or GAVS courses. Most GAVS and FVP enrollments are at the high school level. Participation in online learning grew to the point that FCSS could not continue to fund online learning without impacting local school budgets.

FCSS will fund 200 online enrollments per semester at each high school. High schools whose usage exceeds the funded enrollments in a semester will be charged \$144.92 per student; capped at one teacher allocation per school. Elementary and middle schools will not be charged for enrollment in online enrollments.

The central office is not able to forecast online enrollments for high schools because of variability in student participation at the school level. FCSS recommends high schools use preregistration to monitor the number of online enrollments and track usage, so they can set aside funds from their school's allotment to pay for usage above the per semester enrollment cap. At the end of the school year, high school and FVP budgets will be updated to reflect actual usage. This revised structure provides for sustainable growth of online and blended learning within FCSS.

TEACHER ALLOCATIONS

Grades / Subjects	Class Size
Regular Kindergarten w/Paraprofessional	22
Regular Grades 1-3	23
Grades 4-5	30
Grades 6-8 (IDT)	30
Grades 9-12	32

Elementary Schools

Pupil/General Ed Classroom Teacher Ratios:

Kindergarten: 22 to 1

Total general education enrollment ÷ 22 = # Teachers (rounded up to the nearest whole)

Grades 1-3: 23 to 1

Total general education enrollment ÷ 23 = # Teachers (each grade level is calculated separately, rounded up to the nearest whole)

Grades 4-5: 30 to 1

Total general education enrollment ÷ 30 = # Teachers (each grade level is calculated separately, rounded up to the nearest whole)

Instructional Paraprofessionals (Teacher Assistants):

School assistants are allocated to kindergarten classes at 1:1

Middle Schools

Pupil/General Ed. Classroom Teacher Ratios:

Grades 6-8 interdisciplinary teachers (IDT): 30 to 1

Total general education enrollment ÷ 30 = # Teachers (rounded to the nearest .50)

12

Fulton County Schools * 6201 Powers Ferry Road NW * Atlanta, GA 30339 * 470-254-6760 www.fultonschools.org

TEACHER ALLOCATIONS

Beyond the third TAG teacher, a reduction based on the number of TAG teachers is made to the IDT allocation to offset the impact of the 4-Serve model:

If the # of TAG Teachers > 3, then # TAG teachers - 3 = y. y x 0.50 = the reduction in IDT.For example:12.50 TAG teachers - 3 TAG teachers = 9.50

9.50 x 0.50 = 4.75

34.50 teachers before adjustment - 4.75 = 29.74 interdisciplinary teachers

Connections Unit Allocations:

Each middle school receives a base allocation of 10 Connections teachers, which covers 2.00 CTAE (*non-flexible*), PE, and the basic connections curriculum programs in Fulton County middle schools.

Grade level with the highest enrollment plus 1/3 of self-contained will be used to calculate the connection allocation.

Highest enrollment + 1/3 SC ÷ 30 = Connection Allocation (rounded up to nearest whole)

High Schools

Pupil/General Ed. Classroom Teacher Ratios:

Grades 9-12: 32 to 1

Total general education enrollment X 6 ÷ 5 ÷ 32 = # Teachers (rounded to the nearest .5)

High School general education total teacher allocation will be offset by one teacher to add an Athletic Director (AD) position. (Only high schools that offer a Georgia High School Association (GHSA) program)

Zone Superintendents and Principals should closely monitor the enrollment changes and the master schedule for each high school to make the appropriate adjustments to the high school teaching allocations based on various factors such as smaller AP classes, maximum class size, etc.

IB Teachers (All)	 District will no longer cover positions costs during Feasibility phase, Candidacy phase or Authorization phase for Elementary and Middle Schools. Eliminate 1.00 Foreign language teachers at PYP programs. Schools will either embed these services or purchase position utilizing cost center funds. 				

SPECIAL PROGRAMS - PERSONNEL

Positions		Allotment Formula			
Instructional Support Teachers (All)	IST allocations are assigned to schools using a weighted formula that evaluates five criteria to determine the level of support required: current number of IEPs in the building, number of initial evaluations completed in the previous year, number of reevaluations completed in the previous year, number of GAA portfolios, and the number of SEC program classes in the building. Each criterion is assigned a point value based on the school's data. The total point value (score) for each of the five criteria determines the allocation assigned to each school. For additional information, please see the IST Allocation Formula on page 36.				
Music Therapy (All)	Based on the number	of self-contained special education classes in a school			
	1 SC	.05 Teacher			
	2 SC	.10 Teacher			
	3 or 4 SC .15 Teacher				
	5 or more SC .20 Teacher per day (the teacher is at the school)				
Parent/Bi-Lingual Liaisons	Allocations based on the number of students identified as having a primary language other than English.

SPECIAL PROGRAMS – NON-PERSONNEL

Allocations	Allotment Formula		
	\$55 per hour		
Safety Personnel	MS	HS	
Overtime (MS, HS)	50 hours for one	250 hours for one	
		500 hours for two	
Traffic Officer (All)	\$19,800 per school for AM/PM 1 hour each Based on needs as assessed by School Police - Safety and Security.		

NON-PERSONNEL

FLEXIBLE FUNDING

Allocations	Formula	
Flat Rate Allocation (All)	From collapsing Copier Lease, Clerical Overtime, Cell Phones, Extramural (MS), Security Funds (HS) and Flex Position at Counselors Salary (MS, HS)	
	ES *\$111,980	
	MS *\$120,596	
	HS *\$131,835	
	Amount is approximate, based on average salary.	
Funds for New Schools Opening This Year (All)	 A. \$25 additional per pupil dollar allocation B. One teacher salary C. \$2,000 per TAG Teacher 	
Per Pupil Allocation (All)	\$152 per student	
Professional Day	# of teachers x sub pay x 3 days	
SAT Prep Classes (HS)	Equivalent of a .20 teacher position allocated to every HS to offer the SAT Prep Classes	
Supplements (All)	Amounts are determined annually by Talent Division.	
Supplements-Athletic (HS)	Amounts are determined annually by Talent Division.	

FULTON VIRTUAL PROGRAM

Category	Allocation	
Virtual Teachers/GAVS Tuition	Base Allocation: (25.25 Teachers equivalent)	
	 Each HS earns 200 enrollments per semester. FVP earns dollars/allocation to convert to FVP teachers or pay GAVS tuition depending on enrollments. 	
	Supplemental allocation:	
	 One teacher is earned for every 160 enrollments beyond base allocation. High Schools that exceed 200 enrollments per semester would be charged a maximum of the equivalent of one average teacher salary. 	

Enrollments beyond school allocations that schools must pay back are calculated at the rate below per enrollment, per semester.

- Charge = 1/320 * [(avg. teacher salary) (average paraprofessional)] = \$144.92/enrollment
- Average Teacher Salary= \$93,282 (current)
- Average Paraprofessional Salary \$46,907 (current)

3DE PROGRAM

The following allocations have been developed to provide an adequate funding model to serve the 3DE program as approved by the Board. No other schools or centers will receive the funding structure as shown below unless such a school is designated as a 3DE school as recommended by Curriculum and Instruction and approved by the Board. These allocations will not be adjusted if they stay within an acceptable range as shown below:

Personnel	Allocation
Core Class Teachers	
(Math, Science, Social Studies, Language Arts, etc.)	1.00
Base Allocation (funding equivalent to 2.50 Teachers)	2.50
Non-Personnel	Allocation
Per pupil allocation (3DE program)	\$135.00

COLLEGE AND CAREER CAMPUS

The following allocations have been developed to provide an adequate funding model to serve the College Career Campus as approved by the Board.

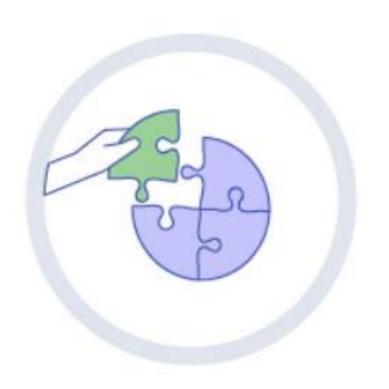

Personnel	Allocation
Coordinator*	*1.00
PAIII	1.00
Administrator Assistant	1.00
Career and Technical Intervention (Instructor)	1.00
Career and Technical Education (Teachers)	9.00
School Counselor	1.00
Clinic Assistant	1.00

* Coordinator's position will be placed in the Central office district budget.

FY23 School Allotment Guidelines

UNIQUE LEARNING

OPEN CAMPUS STAFFING ALLOCATIONS

The following allocations have been developed to provide an adequate funding model to serve the alternative/open campus program as approved by the Board. No other schools or centers will receive the funding structure as shown below unless such a school is designated as an alternative/open campus as recommended by Curriculum and Instruction and approved by the Board. These allocations will not be adjusted if they stay within an acceptable range as shown below:

<u>.</u>	Allocation
Category	Independence HS
General Education Teachers (Including at least 1 Health/PE teacher)	10.00
Administrative Personnel	1.00
Counselors	1.00
Data Clerk	1.00
Bookkeeper	1.00
PAII Front Office	1.00
Technology Specialist	1.00
Building Custodian	3.50
Clinic Assistant	1.00
Special Education – Teacher	1.00
School Police Officer	1.00
Per Pupil Allocation	\$152

The following allocations have been developed to provide an adequate funding model to serve the Fulton Virtual School as approved by the Board. No other schools or centers will receive the funding structure as shown below. Allocations for teachers will be based on enrollment, support staff allocations will be based on the high school ratio and non-personnel funding will be based on both enrollment and the high school ratio.

Grades / Subjects	Class Size
Grades 3-8	30
Grades 9-12	32

Elementary Schools

Grades 3-5:

30 to 1

Total general education enrollment \div 30 = # Teachers (each grade level is calculated separately, rounded up to the nearest whole)

Middle Schools

Pupil/General Ed. Classroom Teacher Ratios:

Grades 6-8 interdisciplinary teachers (IDT): 30 to 1

Total general education enrollment ÷ 30 = # Teachers (rounded to the nearest whole)

Connections Unit Allocations:

Allocation covers CTAE, PE, and the basic connections curriculum programs in Fulton County middle schools.

Grade level with the highest enrollment plus 1/3 of self-contained will be used to calculate the connection allocation.

Highest enrollment + 1/3 SC ÷ 30 = Connection Allocation (rounded up to nearest whole)

High Schools

Pupil/General Ed. Classroom Teacher Ratios:

Grades 9-12: 32 to 1

Total general education enrollment X 6 / 5 \div 32 = # Teachers (rounded down to the nearest whole)

Grade Level	Enrollment*
3-5	435
6-8	476
9-12	506

* FY23 enrollment forecast

Teacher Allocation	
Grade Level	Allocation
Grades 3-5	15.00*
Grades 6-8	16.00*
Connection (middle school only)	6.00*
Grades 9-12	18.00*

(iii) OI-R	3	4	5	+1
(iv) VI(DB)-SC	3	NA	6	+1
(v) PID-SC	3	NA	6	0

Other Health Impaired (OHI) students are "served through" other designations, since there is no state maximum class size established. School staff indicate if the student is OHI/EBD, OHI/MID, or OHI/SLD, etc. This same principle applies to counting students with special education eligibilities of Autism (AU), Traumatic Brain Injury (TBI), and Significantly Developmentally Delayed (SDD); as there are no set maximum class sizes for these disability categories.

For initial allocation of staff serving inclusive or resource/small group placements for students falling in categories I-IV, one teacher is given per 40 student segments served in a day. This formula assumes a class size of 8 students per teacher with one segment allowed for planning.

SPECIAL EDUCATION ALLOCATION – CONT'D

Staffing:

- MID SC classrooms, 1 teacher and 1 paraprofessional allotment will be provided per every 7 students served.
- MID/MOD SC classrooms, 1 teacher and 1 paraprofessional allotment will be provided per every 5 students served.
- MOD/SID SC classrooms, 1 teacher and 1 paraprofessional allotment will be provided per every 5 students.
- SID/PID SC classrooms, 1 teacher and 1 paraprofessional allotment will be provided per every 4 students.
- KSE/PSE SC classrooms, 1 teacher and 1 paraprofessional allotment will be provided per every 8 students; a second para is allotted at 10 students.
- Itinerant Deaf/Hard of Hearing Teachers allocated based on student service time per IEP. 20 hours of IEP service time = 1 FTE
- Itinerant Orthopedic Impairment Teachers allocated based on student service time per IEP. 20 hours of IEP service time = 1 FTE

An additional paraprofessional will be allotted per self-contained classroom when the class approaches 2 students of the approved maximum indicated in the chart above or as documented by student need in an IEP.

Paraprofessionals for category I-IV students in inclusive placements will be allotted based upon IEP team decisions and individual student needs.

IST ALLOCATION FORMULA

IST allocations are assigned to schools using a weighted formula that evaluates five criteria to determine the level of support required: current number of IEPs in the building, number of initial evaluations completed in the previous year, number of reevaluations completed in the previous year, number of SEC program classes in the building. Each criteria is assigned a point value based on the school's data. The total point value (score) for each of the five criteria determines the allocation assigned to each school.

# IEPS (Initial & Annual Reviews)	INITIAL EVALUATIONS	RE- EVALUATIONS	GAA PORTFOLIOS	PROGRAM WEIGHT	IST ALLOCATION
					Score =
1 = <50	1 = <12	1 = <10	1 = 1-8	1 = IRR Only	0-6 = .50
2= 51-100	2 = 12-17	2 = 10-19	2= 9-16		
3 = 101-150	3 = 18-23	3 = 20-29	3 = 17-24	3 = IRR and 1-5 Self- contained classes*	7-17 = 1.00
4 = 151-200	4 = 24-29	4 = 30-39	4 = 25-32		18-20 = 1.50
5 = 201-250	5 = 30-34	5 = 40-49	5 = 33-41		
6 = > 250	6 = >35	6 = >50	6 = > 42	6 = IRR and 6+ self- contained classes*	21+ = 2.00

*includes PSE and GNETS classes
