

2023-2024 ESOL Program Schools

Most Fulton County schools offer ESOL services to students who qualify. At the schools where direct ESOL services are not provided, qualifying students may receive ESOL services at the designated school with transportation provided by Fulton County Schools. Please contact your home school for further information and registration.

Schools without an ESOL program are marked in green and the ESOL center school is listed in the right-hand column in green. Middle and high school are on the second page.
