Discussion Item: SY23-24 Council Initiatives

- A. Charter Dollar Expenditure Proposals-** It was proposed to use some money to fund a .5 EIP teacher for our school. Due to losing two teachers, the class numbers in several grades are high. There is also a high number of ESOL students (most newcomers) who have enrolled following the 10-day count. A part-time EIP teacher would help provide more support for classes with higher numbers and students would be able to receive more support throughout the day. An additional part-time staff member could provide additional support that would only benefit the entire school. It is estimated to cost around \$46,000 for a part time teacher.
