Notes from the Governance and Flexibility Team

Council Staffing

In preparation for next school year, councils should nominate a community member (brought forth by the principal and approved by a majority council vote) and appoint a staff member (directly appointed by the principal without requiring a council vote). Terms for these positions will begin on July 1, 2023 and conclude on June 30, 2025. Council staffing (with the exception of high school students) should be completed no later than **June 30, 2023**. Councils should use the [Council Information Form](#) to submit member information to the Governance & Flexibility team so that we can update our member database and ensure all council members have completed New Member Onboarding.
