- Principal's Update: We have 953 students in attendance. We have shifted from Class Dojo to PBIS Rewards. We have 972 families connected on PBIS Rewards (some are from the same families). Staffing: Need MOID teacher, 3 paras, and a clinical assistant. We held Woodland one-on-one with parents with 77 participants. We have academic partnership nights (formerly Curriculum Nights) coming up. At 5:30, we will have our annual Title 1 meeting and then parents will be released to the classrooms. We received a STEM grant for 20k and a math grant for 4k which is funding Math PD. One school one book – Zoey and Sassafra – need to meet about this next meeting as well as launching Little Libraries. Need to identify book ambassadors for community. We are in the final stages of finalizing Semester Action Plan: Attendance, Math, and Behavior are our focuses and always looking to improve in the area of literacy and STEM. Looking to use our funds to support these initiatives. Turn out of 100+ for Title 1 meeting, successful Academic Partnership Night.
