| **7) Time frame for picture correction** | 10 business days |
| **8) Process for handling pictures reflecting inappropriate student behavior or stances?** | We do not allow students to take individual photos that reflect inappropriate behavior and stances such as hand signs. We would kindly ask that student to get us an administrator who can decide what the school will allow if the behavior is in question. Often that will end the behavior in question. We speak to each administration to see what they allow. If it is a group photo, we kindly ask the student to stop the behavior, if they do not, we will ask the administration how they want to handle it. If something slips by in a large group photo, we photoshop it out |
| **9) Policy regarding adjusting student appearance prior to photo session** | Our photographers will pay close attention to clothing, hair, and expression. Combs will be provided and disposed of after each use. After making sure the subject is looking their best, we work to capture a quality photograph worth sharing. |
