

Superintendent's Message

2007-2008

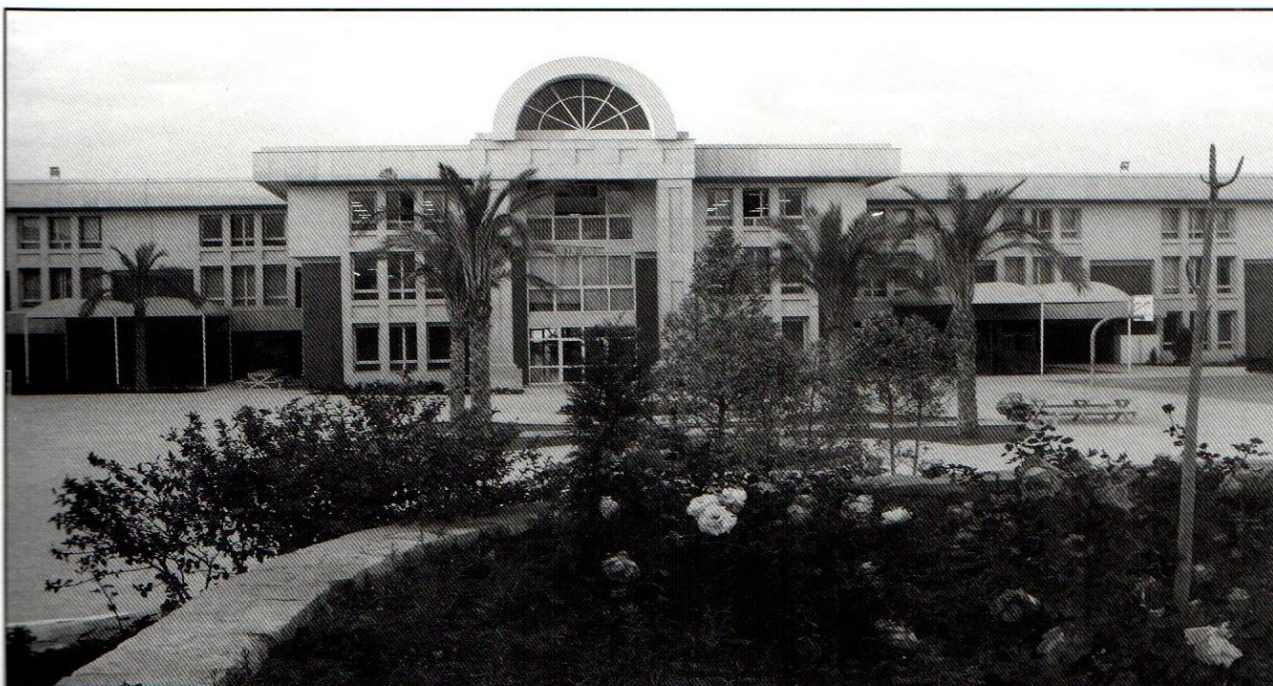

Mr. Walid Abushakra
Chairman & Superintendent

Spring is beautiful at AISE. The flowers and greenery add joy and happiness to our work atmosphere. Also our new swimming pool will be ready by mid-June. The gymnasium and facilities will hopefully be available before the end of July. At last we can make full use of our completed campus.

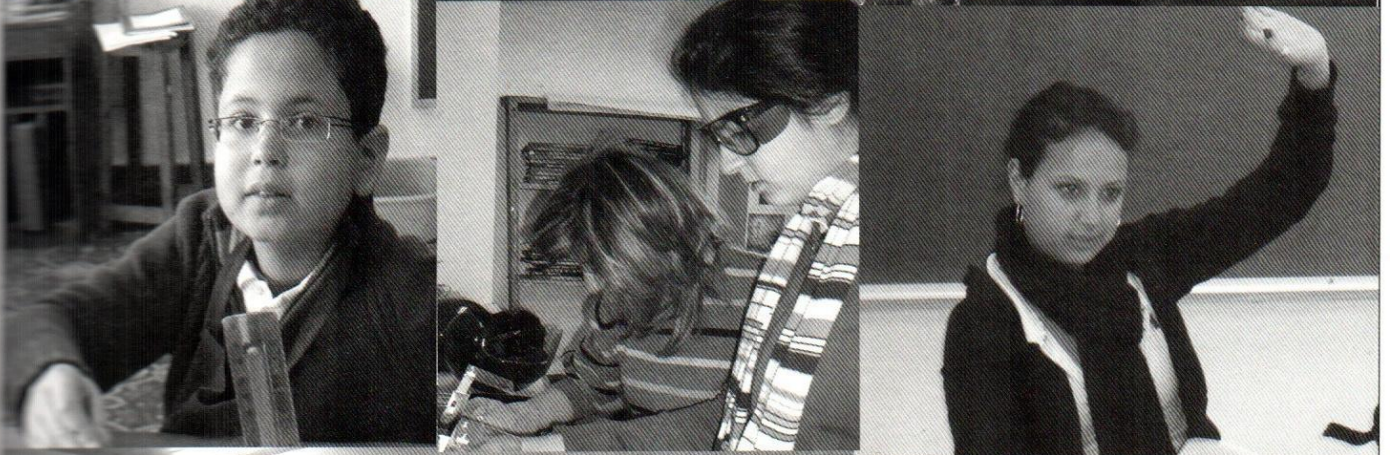

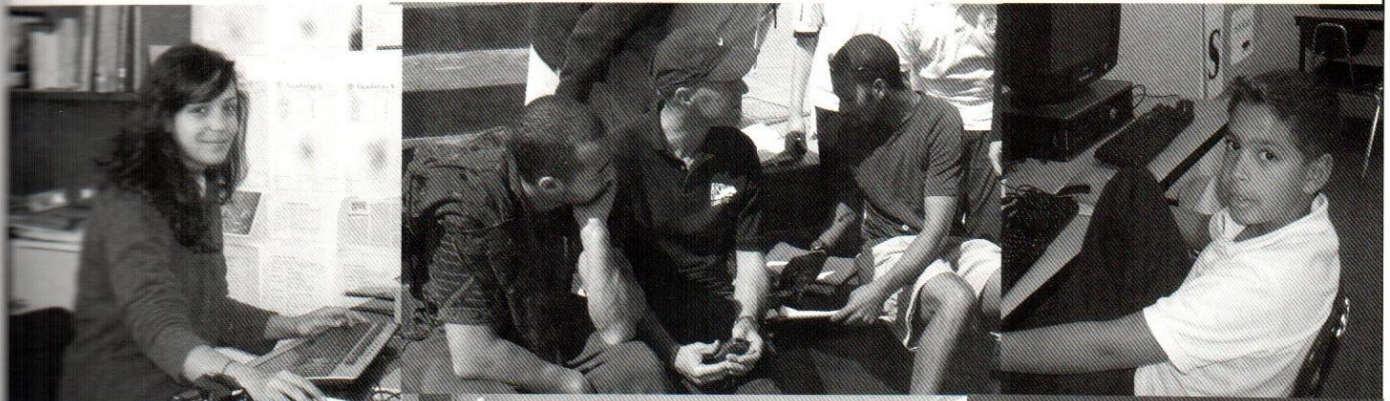

AISE is proud of its students, as well as their teachers and their parents who cooperate to give our dear students the best education ever. We hope to keep AISE the venue where progress never stops. I would also like to recognize and thank all those who contributed to a very successful season in extra-curricular and sports activities this year. In particular, the Model United Nations was most impressive in organization and content. Our students excelled in their roles as hosts, delegates and leaders in the conference which attracted twenty-eight schools from all over the world. Finally, by the time this yearbook has been printed, AISE will be breaking ground for a new branch campus west of Cairo.

Welcome

to A.I.S.E.

School Life!

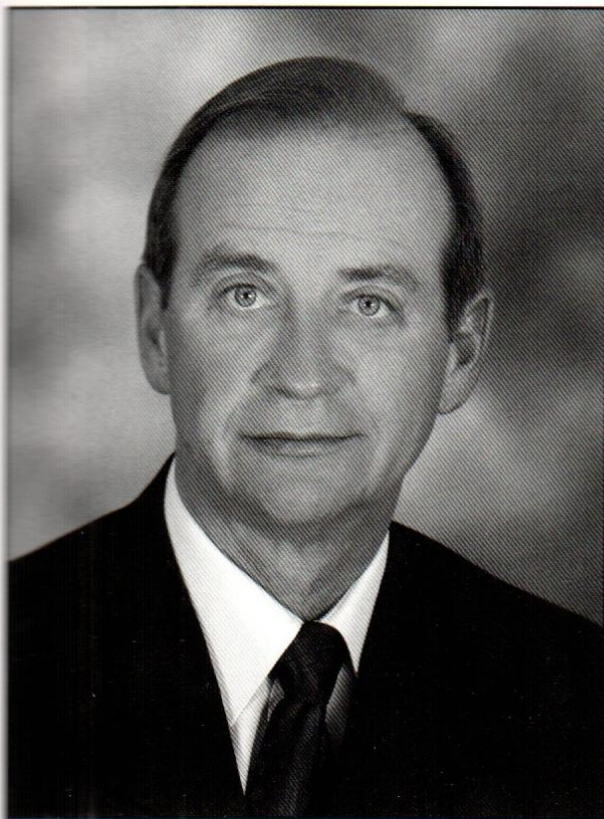

This Is How We Do It!

Director's Message

Staff

Mr. Fox - School Director

Over the time I have been at AISE, I have watched many students graduating and many others just beginning their journey. The reputation of the school as a high-quality educational environment has also grown over those years. This has partly been a result of our move to a modern, well-equipped facility, but more because of the excellence of our teachers, the commitment of our students and the support of our parents. We have traveled a long way to becoming a true school community, especially with the creation of our first Parent Advisory Committee. As a cooperative community we can only get better.

You, as AISE students, will be the future leaders of Egypt. We, as educators, take our task of helping you prepare for that challenge very seriously. Our graduates are recognized for being well-rounded

individuals, who are ready to face any obstacles on their road to success. This year's graduates are no exception. I can still recall five years ago when you entered Middle School, wide-eyed and excited. By that time, as a group, you had earned a well-deserved reputation for being dedicated, intelligent and a pleasure to teach. As individuals you need to continue to build on that reputation in the next step of your journey.

Mrs. Fox and I have enjoyed our time at AISE and the relationships we have had with all of you. We will have many fond memories of you and we wish you the best in your future endeavors, which we are confident will be successful.

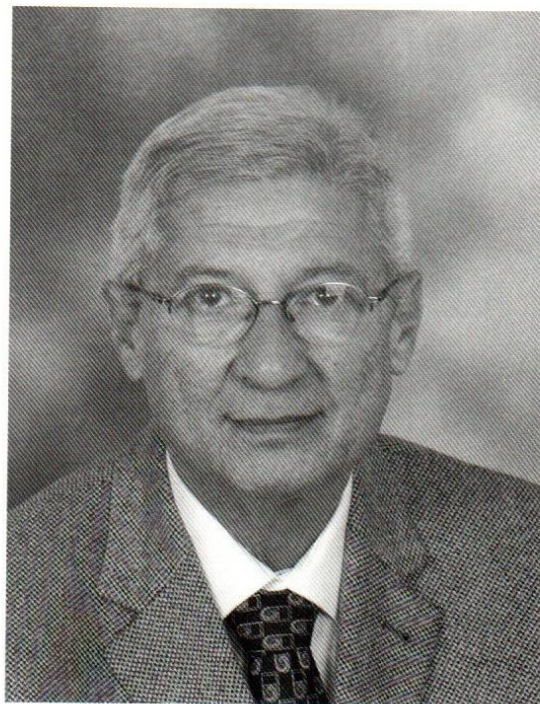

I hope all of the 2007-2008 graduates will look back fondly on their time at AISE and will continue to enhance the skills and knowledge gained here.

work.

Dear Senior Class of 2008:

Because I came to AIS the same year you began your high school career, I have a special interest in seeing you graduate. I have enjoyed watching your class as you have grown physically taller and mentally stronger. I wish you sincere congratulations on a job well done.

Many of you have helped younger brothers and sisters become successful students at AIS. You have interacted with younger students through projects in the elementary school. You are great role models for our elementary students. Thank you for what you have done.

As you enter the world of higher education and the world of work, we wish you the best. Hopefully, we have helped you become well prepared to be successful as citizens of a fast-changing world. You will be thinkers, leaders, and decision-makers in the coming generation. Eventually, you will bring us the next generation of AIS students.

On behalf of our elementary faculty, we give you our very best wishes and sincere congratulations on the successful completion of this important part of your life!

Principal's Message

Middle School

Michelle Kleiss
Principal

What an exciting year we have had! Thank you to all students, teachers and parents for making 2007-2008 a wonderful year of learning, achievement, success and personal growth in the middle school.

We accomplished a great deal this year. We thought of others before ourselves through charity drives and fundraising for those less privileged, worked on our organizational skills during Organizational Boot Camp, learned how to problemsolve and manage conflicts, participated in sporting events, experienced trips in and out of the city, and took part in M.E.E.T. (Middle School Exploratory and Enrichment Time).

Congratulations to all those students who achieved High Honor Roll and other academic awards, including PANTHER and "On A Roll"; we are certainly proud of your accomplishments this year. The best of luck to our Grade 8's moving into the high school next year; we wish you continued success.

Thank you to Ms. Maggie, our Middle School secretary who is always there supporting our students and teachers, and helping the middle school run smoothly each and every day.

To our learning community: have a safe and wonderful summer! Because of our successes this year, we will be able to make next year even better.

Student Council

This year the middle school students have worked hard and have had many successful bake sales. Also they collected some toys and donated them to an orphanage. They also had "pound wars" and raised 16 933

pounds, which brought them to a total of 20 518 LE. They will be buying a swingset and setting it up in a children's orphanage. Well done! Thanks as well to teacher advisors Ms. Roman, Ms. Gendy, and Ms. Gardner.

Grade Six Field Trips

Students riding the waves and testing the waters at Dahab Island.

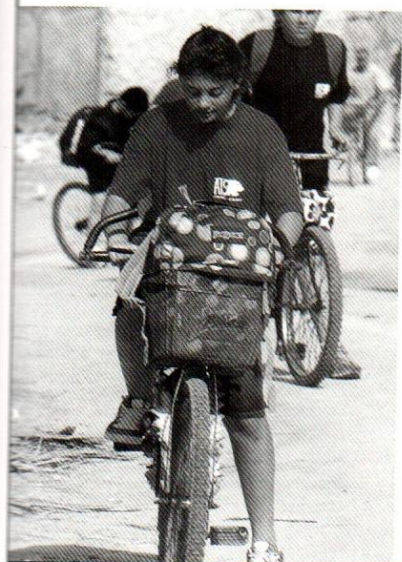

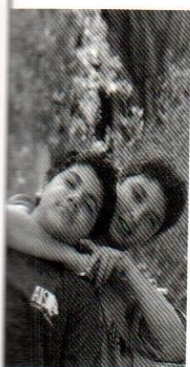

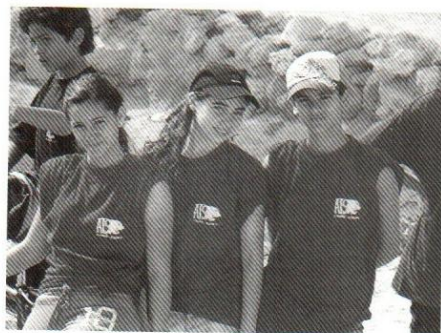

Students exploring at the planetarium and science center in Alexandria.

Who knew the bus ride would be so fun?

The sixth graders were very lucky this year. They had **two** field trips, one to Alexandria, where they went to the **planetarium** and Science Center, and one to Dahab Island for environmental studies.

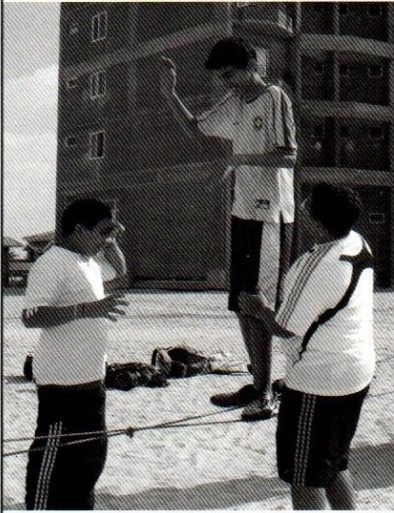

Grade Seven Field Trips

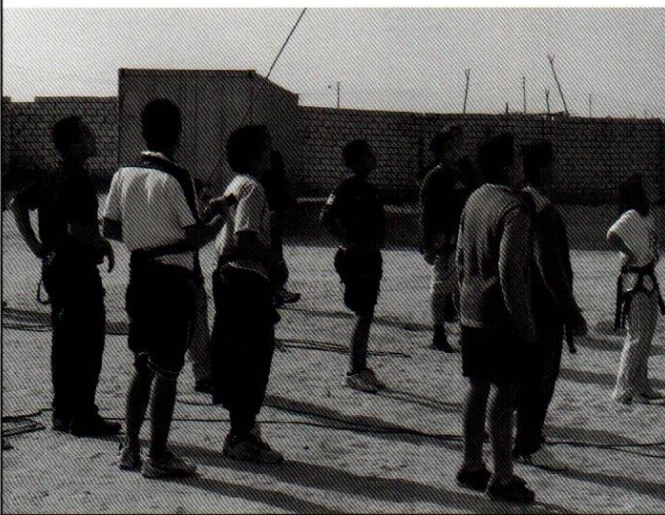

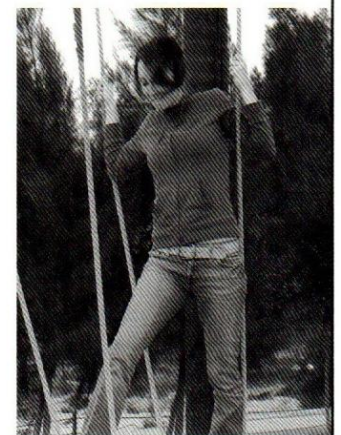

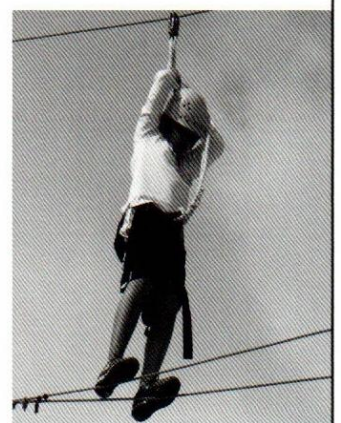

The seventh graders also enjoyed an excellent time in Siwa. Not only was the field trip lots of fun, it was also educational. They spent their time swimming, biking, sand-surfing, and mountain climbing. They also went on a desert safari and had many campfires.

Grade Eight Field Trips

The eight grade class engaged in many adventures on their field trip to Wadi Degla. There was a lot of team-building and fun in the sun for this group.

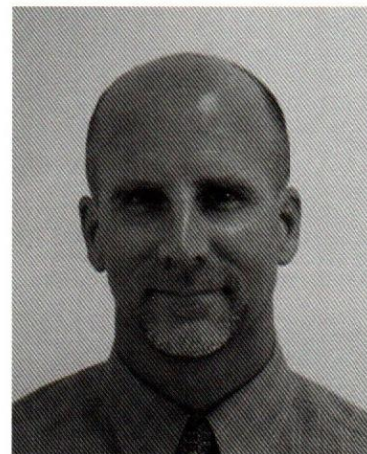

Principal's Message

Principal

High School

Bradley Bell
Assistant Principal

As I reflected on the highlights for AISE this year, I **was struck by the many successes** of our students. We **continue to have excellent achievements** in the areas of **academics, sports, volunteerism and leadership**. We are proud of our students' accomplishments and marvel at their levels of commitment.

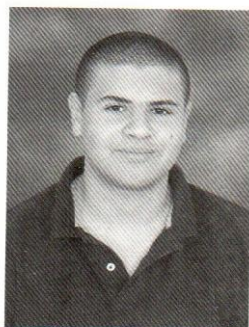

An **example of such commitment** is certainly reflected in the **production of this yearbook**. Fourteen eager students and their teachers from a Desktop Publishing course have broken ground in so many ways to make the publication of this year's yearbook a reality.

Such dedication and hard work also is reflected in the **contributions of this year's seniors**. Our graduates **will be remembered for their personal warmth, kindness, generosity and values**. We have **witnessed their leadership and celebrated their successes**. Their sense of humor and school spirit have been evident in all school events.

To our 2008 graduates, we extend our best wishes for their success and thank them for the **positive leadership** they have modeled as AISE students.

AIS 4 Egypt

Everyone gathered around for a nice memory.

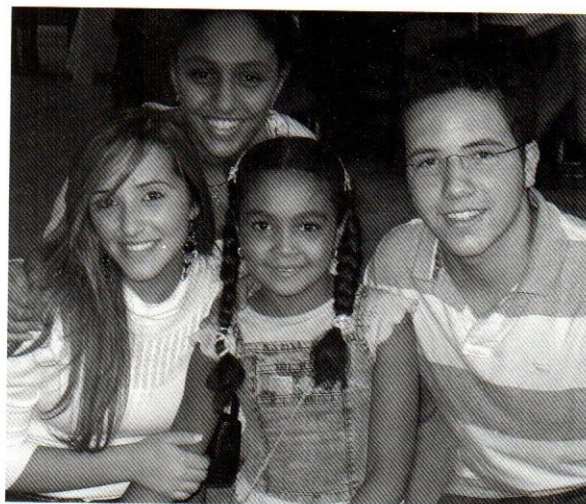

AIS 4 Egypt is an organization that tries to help make a difference in Egypt. During the holy month of Ramadan, students spent time with young children from three different orphanages. They went to the Sheraton Hotel for iftar and enjoyed their time. The event was very successful and everyone was happy and helpful with one another. AIS students also went to Beni Suef to help young children who have been suffering from a disease caused by contaminated water.

The children of Beni Suef are very happy to pose for the camera.

Varsity Girls' Basketball

The girls earned the CUP for first place at the ISAC tournament in Muscat.

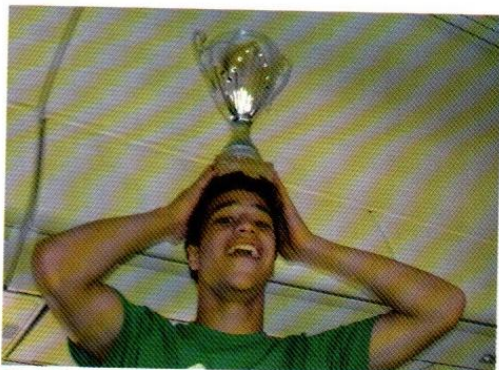

Coach: Mr. Kevin Brawn
 Teammates: Salma Said, Nabila El-Sadek, Ingy Sayed, Logine Sayed, Reem Nassar, Yasmin Darandaly, Karen Hanna, Ingy Abde Aziz, Miral Kouchouk, Mai Safwat, Zeina El Houssamy.

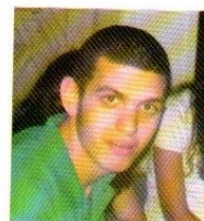

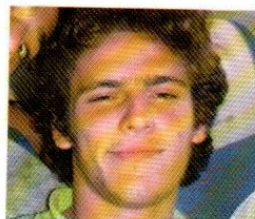

The Varsity girls' team was made up primarily of JV-age players, with two grade 12's to round out a very young but skilled team. This year the team played six exhibition games against a very strong team from CAC, and traveled to MES for one game as well. Going into the ISAC Championships in Oman the team was confident despite its youth. After dropping the second game of the tournament the girls went on a great run, getting stronger and gaining some much-needed experience as the tournament went on. On championship day the team showed up ready to play, easily defeating TAISM from Oman in the semi-final and setting up a final match with the host ABA Vipers. ABA was no match for our team's speed and skill and the girls easily took the Championship, capping off a very successful season. CONGRATULATIONS!!

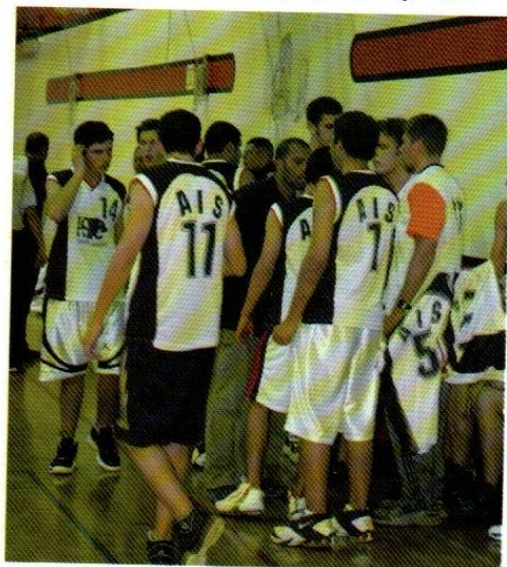

Varsity Boys' Basketball

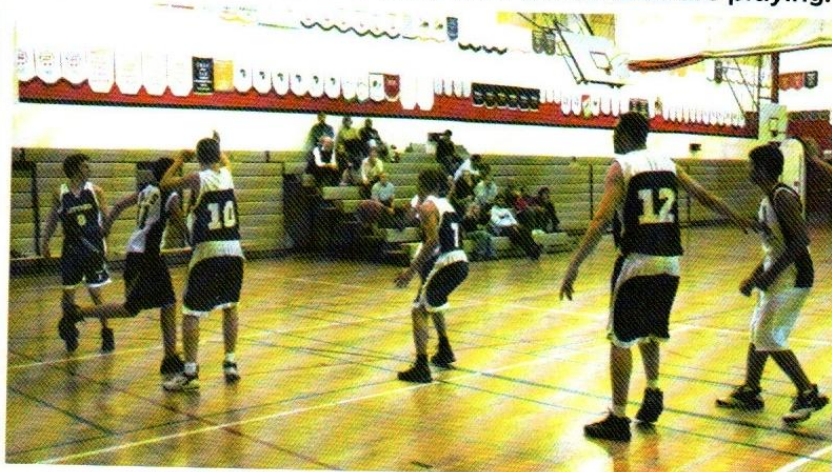

Omar carries the trophy with pride.

Boys resting at the benches while their teammates are playing.

Coach: Mr. Harpal Manhas
 Teammates: Omar Adel, Ramy Mahfouz,
 Reaford Crowe, Adam wood, Ahmed
 Hamada, Mohamed El-Sharkawy,
 Abdallah Abed, Medhat Hussein, Aly El
 Tambouly, Hassan Arslan.

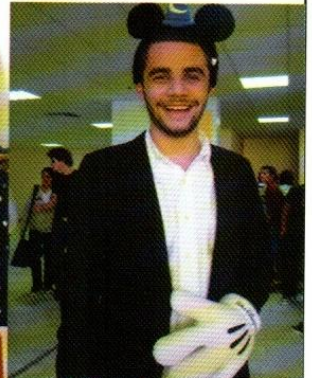

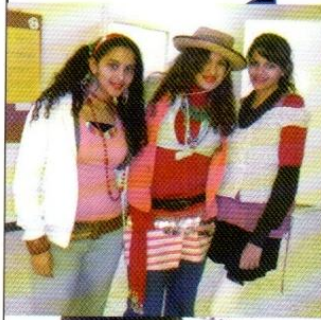

Medhat and Hassan are trying to score; the court was intense.

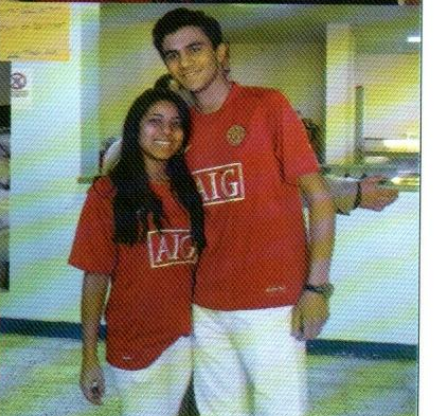

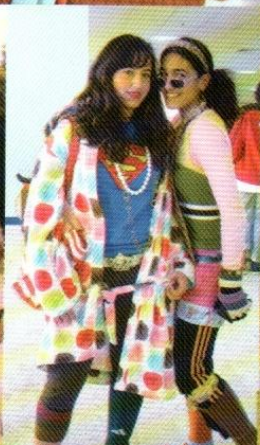

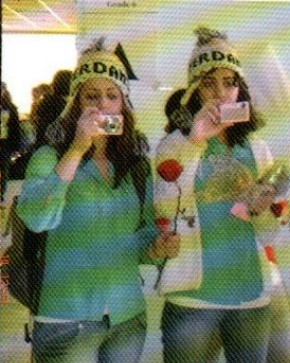

The Varsity boy's basketball team had a busy season. The team opened their year with two wins over a traveling team from Latymer, England. They also played exhibition games against CAC, Narmer, Choueifat, and MES in preparation for the ISAC Championships in Oman. In Oman, the team went undefeated through round-robin play but it was not without a cost as three players went down with ankle injuries. This left only five players fit to play on the championship day. This would come back to haunt the team as they dropped a heart-breaking one point game to TAISM from Oman. The boys were able to recover from this loss and defeat AIS Abu Dhabi to capture third place. We Look forward to another successful year as this team returns all players! WELL DONE!!

A collage of 24 photographs showing students in various costumes and outfits, likely from a school event or competition. The photos are arranged in a grid-like fashion, with some images overlapping. The costumes include characters like Mario, Minnie Mouse, and various themed outfits like 'Popeye' and 'Popeye's Sailor'. The students are posing in different ways, some individually, some in groups, and some in character. The background of the photos is mostly indoor school settings.

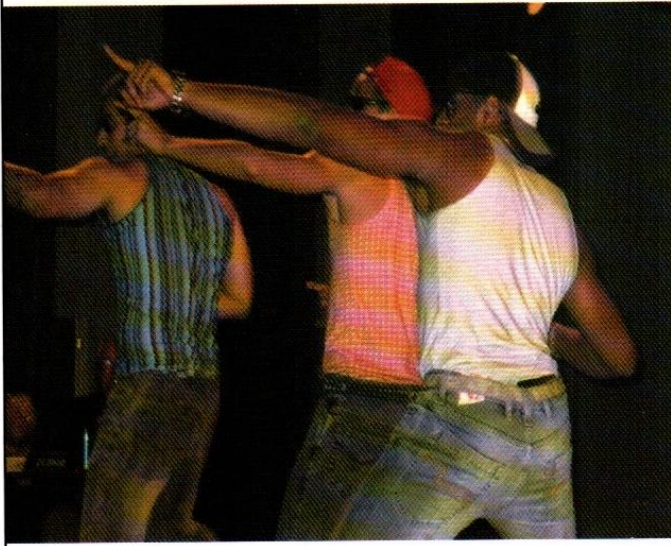

Spirit Week Continued

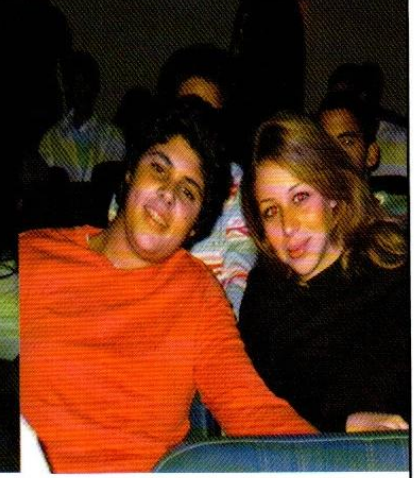

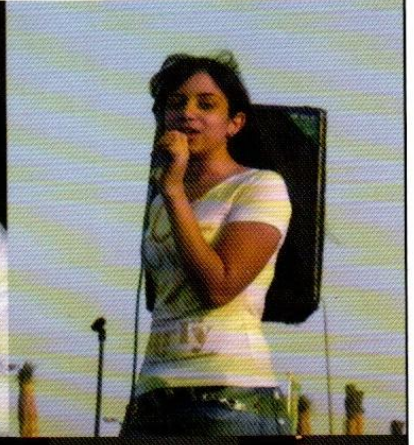

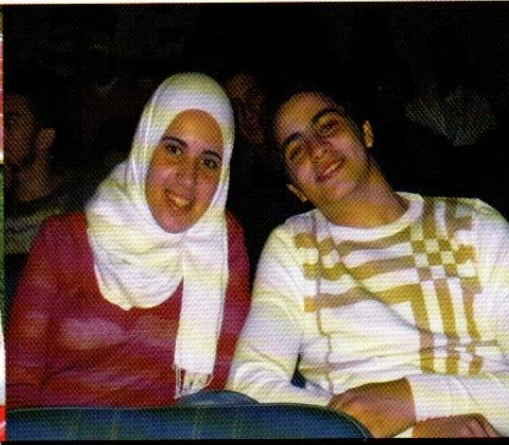

Spirit Week is a major event that takes place at AIS in February. This is where students dress up in costumes and have a blast with the spirit around them. We had three fun spirit days to dress up in: the first day was mismatch or be2a day, the second was cartoon character day, and the third was twins day.

Talent Show

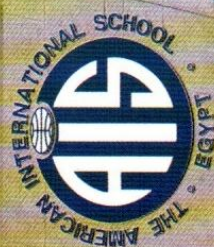

Throughout the year AIS had two talent shows. They were both a great success. There was a variety of middle and high school students singing and dancing. There were even outside performances from the Flavour Project. The second performance was at the Carnival.

Mohamed Aboul Fetouh

During my two years here at AIS, they have been kind of tough thanks to the IB, which is the only thing that is capable of ruining all the fun at school and outside of it. Anyway I did make it through thanks to God first of all and my family who have been there for me but most important of all I did enjoy these couple of years thanks to ma Homies. Shex, the Seth look a like dawg, Abouda, who's always hella chilled, Mikey, the best Greek poker player, Zag, da Maan!! Ozzy, the white boy from Harvard, Aly, the white boy from Giza, Omar, the first ever black Harley rider, Shahin, the best Lanos driver I've seen so far, Etreby, the Peter Griffin replica, Jow, the only one with original jokes, Tayebi, the only person who can imitate anyone and everyone, Tamer, the party starter, Haytham, mohandes el combuter, Beto, "eh el ye7sal lama wa7d Seyny beytla3 lela2mar???" LOL, Adham, ma facebook gaming pal, Areeg, the double Big Tasty, and Sara, the fries served with the burger, Irene, the power puff bunny, Farah, the midget, Engy n Logy, ma favorite twins, Taha, the future leader, and my brother, who gets in enough trouble to make me look clean in front of ma parents. There are plenty of amazing memories with everyone that won't be forgotten n to those not mentioned in the will ur not forgotten there's just not enough space to fit yo'll. In the end CONGRATUALIONS to the class of 2008 for making it this far, enjoy the summer and get ready for a fresh new start next year.

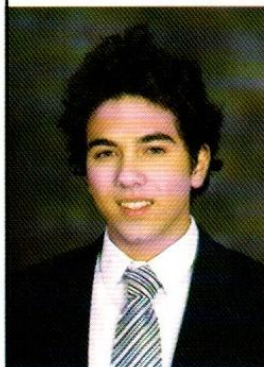

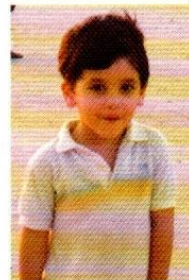

Youssef Ahmad

For nine years, it has been a pleasure to be in AIS. Many memorable moments of my life have been in this school. After graduation, everyone will part their separate ways; it is difficult to contemplate that there is a possibility of not seeing anyone again. I would like to thank all of my friends, family, and teachers for supporting me throughout my career at AIS. I will never forget the time I had spent in this school for it will be one of the most memorable experiences in my life. I can now go on to the next stage of my life however with only the discomfort of leaving many cherished colleagues.

Some people might say this is the end, but I believe this is only the beginning to an endless road. On this road we will meet a lot of people, some will hate us, others will love of us hopefully more than the ones that hate us, but we will never meet same people that we knew in the school. As I say this I am having a fast beat in my heart that is shaking my hands to a level that I am typing really slowly a fear not from the future a fear not from the endless road but a fear from not waking up, going to my second home, and seeing all the faces that remind me of my childhood, a fear of the day where we throw our hats up to the sky and leave for good. Dad and Mom I cannot thank you enough. You know what you did for me I love you. My Brothers: Shahir, Tariq, Talal. thns 4 wt u did too Karim Gaafar: you welcomed me before you new me, you are a true friend a life lasting friend without you I would have been lost. Omar and Shahin: I bet that the college will be so boring without you guys. I have seriously never laughed like this in my life (saye2 3arabyet 2ih)looooo. Chris. Rawan, Mai, Rana, Lisa, Mariam, Eva, Jala, Farah, and the list goes on, love you all guys. And I hope I see you in the future.

We all have been waiting for this moment, our graduation. Everybody seems to be happy but still a little part of our hearts will still be sad. Memorize will always be with us no matter how far we are from each other. It's been two years since I entered AIS, but in those two years I've met some really nice people. Kimo 7abeeb 2lbe o my best friend, ill always remember the great times we spent together; 7asan you have been close to me and that's because we share lots in common; 3ab3al lol you were the only one who mad me laugh when I didn't want to. When I first came to Egypt two years ago, i said to myself there is no way I could settle here, but when I came to AIS I met some new friends and got adapted to the new atmosphere. It's true we say 5alas it's the end but we have to remember that it's only the beginning of the end.

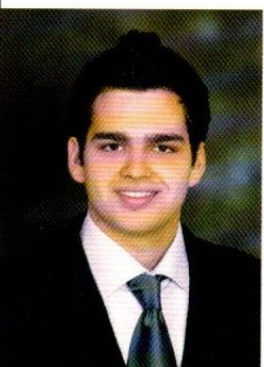

Ali Dobbe

Seniors: Good Luck to all of you in the future, I'm so glad I got to meet you guys!

Lindsey - Sorry I wasn't there with you to carry out all our senior pranks we had planned since fresh-man year, to have more all-night Nintendo tournaments, to tear it up together our last year of high school basketball, to have more Chinese-fire-drills gone bad, and to add to the mountain of memories we have. It's been a blast. **Megan**-I'm so lucky to have you! I would have never found my way out of the woods that night :P You kept me together this year, even though you're on the other side of the world, telling me "Only _ more months" lol. I look forward to road trips and more questionable decisions with my favorite hippie :) **Rach**-Oh what to say... lol. **Life Savers**. **Alpo**. The language that pissed off the whole school. **Florida**. **Bonfires**. **Crip** walkin with the Natives, lol. The Fab Four of course :) You're the best. <3 **Lacey**-We are gonna have one crazy summer, it's almost scary. lol. And I'll never forget our memories of being totally broke 99% of the time, obsessing over Hanson videos, and getting stranded on a tree branch over the river while you steal my boat. haha. Love ya Lace :D To **Joseph, Kathy, Kels, Jay, Cindi**: thanks for staying in touch this year, I feel like I haven't missed a thing. I now fully understand the phrase "there's no place like home". Love you guys to death. To the bro-I missed playing PS2 with you and watching you dunk this year. And I'm sure you've missed your loudest fan :P Thanks for always having faith in me. Love you Ian.

Padres-What can I say, you guys are awesome. Because of you I feel like I can accomplish anything. You've given me nothing but support and understanding through everything....Thanks for everything. Love you guys!

Daniel El Aguizi

AIS, the school of many nations

AIS, the place were meant to be!

(guess its not the time to repeat the school anthem)

Uhm, well I hope everybody ends up in the university they deserve to be in!

and whoever's going to AUC, see you guys there! (if i end up there, which i probably will!)

I hope AIS hosts some sort of reunion in like 20 years for our class

so that we could see how everyone became (and brag about our own lives)

I don't know why people thank their parents in their senior wills. Unless they go to school with us,

I find it oddly strange!

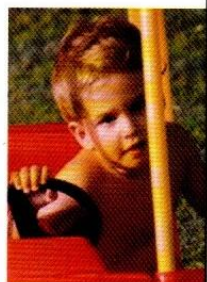

To whom this may concern:

I will eventually crack the code of the synchronization, you guys! (ya Fala7een!)

Ya Shahd, I hope Nagi marries you and Nagaty could be your maid of honor (Irene will kill us!)

Ya Bakiza, good luck with unifersities we keda and don't stop inspiring us with your art!

Thanks everyone!

Having the white paper in front of me I begin to realize that reflecting upon my own life, my own experiences, my struggles and difficulties mingled with successes and triumphs, is a pretty challenging task. If I haven't thought about it until now, tonight I can clearly feel the approaching end and can even see the beginnings of a new life. While categorizing myself as a different person who has arrived to become part of a community which initially was quite distant and unfamiliar to me, I would like to thank god for giving me enough strength and courage to face with an ease the furious waves of life. My parents stand very close to god, as they have never allowed desperation and indignation to occupy my heart. I would thank the friend of AIS for offering me such a rich experience of learning and adapting to an environment totally different from the one I left behind four years ago. This experience has given me the sufficient strength and will to continue towards the same path and to slowly climb the stairs that lead me towards the accomplishments of my goals. I dont have much to say except that this year wouldnt be the same without my Lena Bear aka Azn Pie. There are WAY to many memories to write down, but i'll write a few anyway. "Dumbledoorree!" , "The moon the main moon" and of course just a big thanks to the retarded videos on youtube that take up so much of our time. And Beshishi! Yes you Bosch. "NO your a towel". Also Raha, for always trying to wake me up in class and for the fun mornings in 3D art class :). Soupy, for when we left school early to just be crazy haha. *wink wink* I guess I should thank my parents for putting up with me and same for my teachers for dealing with my naps in class, sorry Mr. Hays. Finally High School is done, but the partying shall continue ON!!!! congrats class of "08".

Mom, Dad: Thank you for making me the person I am today. Mark: You always had my back, school or out of school. Omar: You have always been there for me. You are the best friend and the best person in school. I really hope that after we graduate we would still get to see each other a lot. "Yokhrom beitaik." Rawan: You were the very first person that I met when I first came to school, and I am really glad for that day. You are the most interesting person, and one of my dearest friends at school, that I have ever met; I just wish I could have known more about you. I won't forget the first day I saw you at school and I don't want the last day of school to come, because I fear that I may never see you again for the rest of my life... Amin: Even though you are not with us at school no longer, we still see each other a lot, that's how good of a friend you are. I don't know what I would have done in life without you, and I wish you were still with me at school this year. Hannah: Even though I just knew you this year but I saw how amazing of a person you are and I really do wish that we would meet again and know each other more. Andrew: My brother, my best friend, if it wasn't for you I wouldn't be nearly the way I am today and I fear how I could have been without knowing you. Class 08: Will miss you all!!!

We failed. We triumphed. We wavered. We decided. We conformed. We returned to our true selves. It's that simple. I've honestly waited for this moment impatiently for a long time, but now, I am genuinely sad; it marks an end to the life I know. And yet, I'm psyched about college! Could it get any better!? God, mom, dad, Lydia: my foundation. Alice: we've plowed through the mob together and have survived... Amish hippie nun (koombaya)! Sarha: I'll never forget when I first met you in Norman's band class...it totally made my day! Alex, Dalia, and Tina: I wouldn't have gotten through these years without your encouragement and friendship. Sara Soliman, Sandra, Ingy B.: gurls...u r crazy and sooo sweet! Elish: thank you for pushing me to be myself and may god have mercy on you.ha! Youssef A.: I've never met anyone so chilled out about life...thank goodness for ppl like you. Karim A.: my purple unicorn! Stephi: I love you and your roof. And a shout out to Nawawi, Nadine G., and Talaia. Ms. Eby, Mr. Dailey, Mr. McCune: THANK YOU. Thus, I leave AIS and to unpathed waters and undreamed shores I go!

Beginning or End? Honestly glad I'm moving on. I'm in a sad, nostalgic-ish state, but I've accepted it. Before I mention people, those I'll forget, but don't love any less, remember my forgetfulness, forgive me. You know who you are, I love you. God, thank you for teaching me nothing planned ever happens. My beginnings with every one are cherished, without them, there would be no tomorrow, no yesterday but most importantly, no now. Karim: remember idolizing you as the smartest person, slightly changed now but, still quote your brilliance at times. Khoulood: Crazybc? Although I loathe admitting it, I care what you think, ask for your opinions because without I can't think. Omar: love you, all of you, even your idiocy. Mom: thank you for being there, always. Sandra Siamese twin: computer class. You're my Best Bud, my telephone intervention...you get the joke before I say it. love you. Mai: seven years ago. You're beyond friendship. You're family. Anoosh: English class. hope the end never comes. love you babe. Heethm: really gonna miss your annoyingness. Maruma: I leave you the bus, take good care of it. Have fun for me being a senior. Alice: you're crazy. Sarah Alabama: remember you not seeming Alabamian at all, but you always/still are, cool. Percy: love boings, and you !!. Daniel: one word, NAG!! Elish: seriously going to miss your craziness. Fulla: gonna miss freaking you out. Mme jiji: we'll come visit for brownies! Senior classes to come: 1) don't rush, it's coming anyway. 2) Enjoy it all, go kill goats 3) don't let limits, limit who you are. 4) ALWAYS look back!

On Su Song

"When we honestly ask ourselves which person in our lives means the most us, we often find that it is those who, instead of giving much advice, solutions, or cures, have chosen rather to share our pain and touch our wounds with a gentle and tender hand. The friend who can be silent with us in a moment of despair or confusion, who can stay with us in an hour of grief and bereavement, who can tolerate not knowing, not curing, not healing and face with us the reality of our powerlessness, that is a friend who cares."

Nickname: Clarice, amish hippy nun. I was impatient to finish high school; to get to this very point where I am in my life. Now that I'm here though, I don't actually know where I'm headed. It feels like walking down a dark hallway, feeling my way around blindly. I wish that I had taken more time to enjoy my high school experience, instead of making myself miserable, and had gotten to know certain people better. And since I'm no George Wells with a time machine to whisk me back to the past or into my future I suppose I'll just have to accept where I've been, and face the unknown darkness I'm wandering into. I am extremely grateful for all those people who helped me survive AIS, and living in Egypt in general. A special thanks to Sarah Kamel who has been a remarkable friend since day one, your honesty, uniqueness, and spontaneity have been refreshing. Thanks to all the other seniors who have helped me keep smiling even through the most depressing of times. Thanks to the teachers, especially Ms. Eby, for genuinely believing in us. Thanks for the awesome people in the class below us, my Junior friends are amazing, I love you guys! Thanks to all my friends outside of school especially the pink blueberries, MCC, my ace girl Becca Smith (and her family), and the Ali brothers! And last but not least, where would I be without my regular Starbucks fix, Canadian Indie music, and Facebook to keep me sane. It's the end of an era.

The 2008 IB Visual Art Candidates are a diverse group of young artists. Finally Rama, Tina and Rana El Banawi's mixed media explorations were standouts. All should be proud. Art Rocks!

Graduation Song

"Our Lives" by The Calling

Is it love tonight
When everyone's dreaming
Of a better life
In this world
Divided by fear
We've gotta believe that
There's a reason we're here
Yeah, there's a reason we're here

'Cause these are the days worth living
These are the years we're given
And these are the moments
These are the times
Let's make the best out of our lives

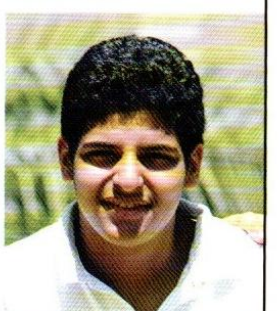

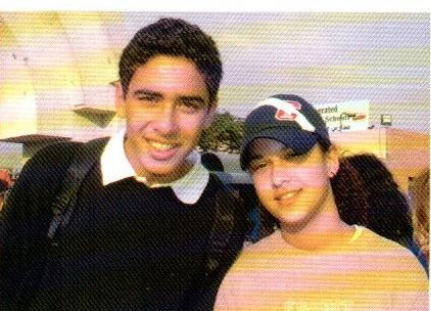

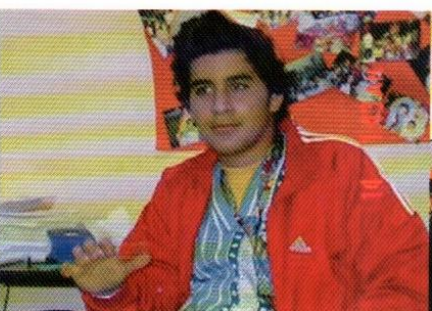

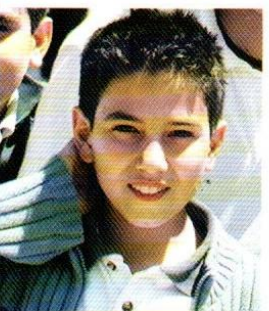

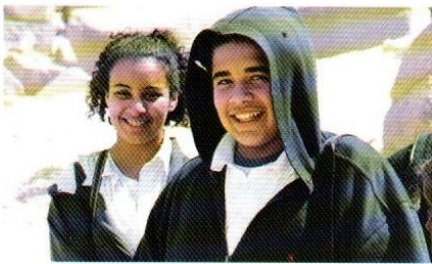

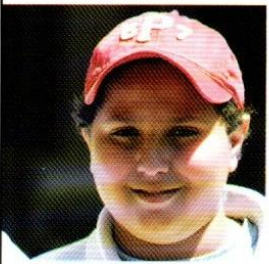

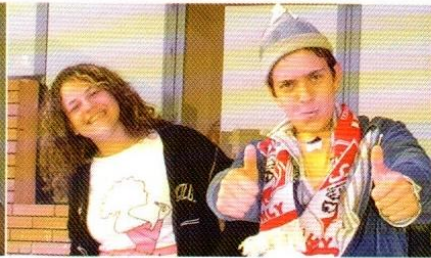

See the truth all around
Our faith can be broken
And our hands can be bound
But open our hearts and fill up the emptiness
With nothing to stop us
Is it not worth the risk?
Yeah, is it not worth the risk?

We can't go on
Thinking it's wrong
To speak our minds
I've gotta let out what's inside

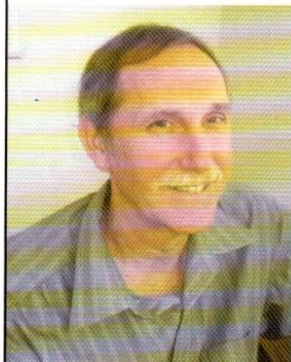

Is it love tonight
When everyone's dreaming
Can we get it right?
Yeah, well can we get it right?

'Cause these are the days worth living
These are the years we're given
And these are the moments
These are the times
Let's make the best out of our lives
Even if hope was shattered
I know it wouldn't matter
'Cause these are the moments
These are the times
Let's make the best out of our lives

Yearbook Staff Members

Mr. Harris

We have been working very hard throughout this year to produce an outstanding finished yearbook. We tried to gather up all the good memories that have happened during this year. To do so, we have divided our class into two groups: "editors" and "designers and photographers". We therefore hope you enjoy the result, and we thank everyone for their help and cooperation.
