SUPERINTENDENT'S MESSAGE

Mr. Walid Abushakra
Chairman & Superintendent

When I received the invitation to write some comments for our 2008-2009 yearbook, I was surprised by how quickly this school year has passed. When I reflect upon the accomplishments of the past year, I see that we have had a long and highly productive year. Our graduates have done very well with their college admissions. We were also pleased to see that all of our 2008 full IB Diploma seniors succeeded and were granted the Diploma. Our AIS Panthers have won tournaments and competitions at all levels, and more importantly have received trophies and recognition for the good sportsmanship they have displayed.

Also during this school year, our campus has been enhanced by the completion of our gymnasium and swimming pool. We intend to add a cover for the pool to make it an indoor/outdoor facility, and to heat it during the colder months using eco-friendly solar energy, which is abundant in our sunny host country of Egypt. Furthermore, we are consulting with experts to study the possibility of using a wind turbine to generate electricity. While this may be more expensive than obtaining electricity from more conventional sources, our goal is to make use of the wind to generate electricity without causing pollution.

Finally, the success of our school has attracted students who travel long distances through heavy traffic to attend AIS. To enable students throughout Cairo to attend AIS without enduring excessively long commutes, and to accommodate our continuing growth, we are establishing a new AIS branch campus in the Dorra Group's Greens development in Sheikh Zayed City in Cairo's western suburbs. AIS West will open in September 2009. We are thankful to His Excellency the Minister of Education, Dr. Yousri El Gamal, for accepting our invitation to hold the inauguration ceremony on August 31, 2009 under his auspices.

DIRECTOR'S MESSAGE

Although my wife and I have only been a part of the AIS Community for a short time, we have come to appreciate the excellent opportunity offered to the students of our school. Our reputation of excellence among international schools is well deserved. The students of AIS have been so kind in welcoming us to this school community. As I stand on the front step each day and greet the students with "*Good morning*", I get to see the attitudes and spark in the eyes (even that early) students bring into the school. They are why we are here!

Secondly, the staff has been amazing. With the principals and curriculum coordinator, they take pride in delivering a quality American curriculum to our students. Being the best American International School in the Middle East is a serious challenge.

Thirdly, I appreciate the parental support at AIS. The Parent Advisory Committee (PAC) created the 1st Annual School Picnic, supported the elementary book fair again and partnered with a local public elementary school as part of the government's 100 Schools project. This "giving back to the community" is mirrored in the many student service learning projects, donations and club/class projects our students undertake to help others in need. Our community makes a difference.

To the 2009 graduates, I hope you secure the future you dream of and remember the parents and staff that have supported you along the way. Congratulations to all our students on a very successful AIS year. Thank you for letting my wife and me be a part of your success. Treasure the yearbook memories.

ELEMENTARY

PRINCIPAL'S MESSAGE

Congratulations to our graduating seniors, 2009! What a great year this has been! Elementary students are a reminder of how quickly your school years pass. These foundation years are an important part of your time at the American International School.

Class of 2009, you served as excellent role models for younger students who watch and try to be just like you. Thank you for that example. We will remember you as caring helpers to our students. Thanks for your volunteer hours in classrooms, too. You are a wonderful example to others and what an important contribution that makes.

We will miss seeing you at school, but please know that we expect you to be successful in all that you do. Another group of seniors will emerge to be leaders and examples for our students, but we will not forget you.

Best wishes to all,

READING WEEK

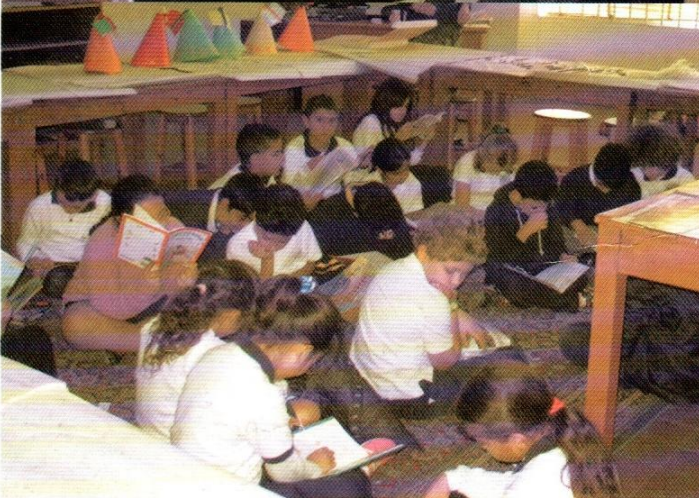

Reading Marathon Week, from March 15 to March 19, was full of fun reading activities. Students and teachers from Pre-Kindergarten to Grade 5 had many special activities in their classes, including D.E.A.R. time and reading buddies. A Scholastic book fair was held in the gymnasium, helping many students, parents, and teachers to find great new books. Authors Mr. Sharouni and Ms. Renee Gian, as well as a local publishing company, gave special presentations about reading and writing in the library.

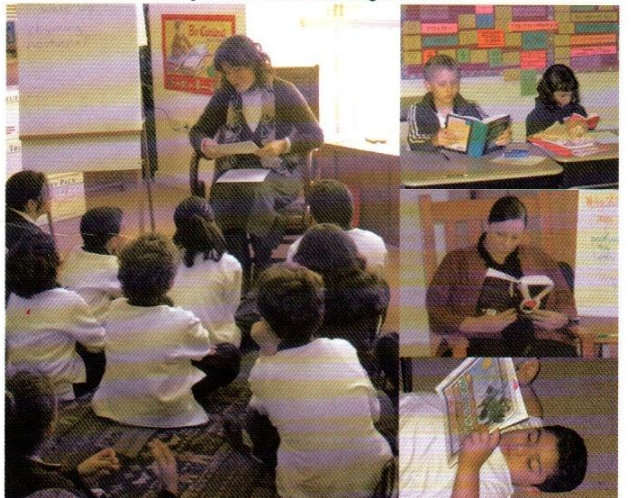

The fifth graders put on their reading hats.

It's great to relax with a good book.

WALK-A-THON

The Elementary School held its annual Walk-a-thon on February 26. Along with being a health and fitness event, it was a fundraiser for Operation Smile, which provides medical services to needy children. Students in each grade wore a different color, walked and ran together on the school track, and enjoyed pizza outside. Altogether, over 80 000 LE were raised for this great cause.

MIDDLE

PRINCIPAL'S MESSAGE

What another wonderful year of learning we have had! Thank you to all students, teachers and parents for making 2008-2009 a year of achievement, success and personal growth in the middle school

We accomplished a great deal this year. We thought of others before ourselves through charity drives and fund raising for those less privileged, worked on our organizational skills, learned how to problem solve and managed conflicts, participated in sporting events, experienced trips in and out of the city, and took part in M.E.E.T. Middle School Exploratory and Enrichment Time.

Congratulations to all those students who achieved High Honor Roll, Honor Roll and other academic awards including PANTHER and "On A Roll", we are certainly proud of your accomplishments this year. The best of luck to our Grade 8s moving into the high school next year, we wish you continued success.

Thank you to Ms. Hoda our Middle School secretary who is always there supporting our students and teachers, and helping the middle school run smoothly each and every day. To our learning community... have a safe and wonderful summer! Because of our successes this year, we will be able to make next year even better.

Ms. Michelle Kleiss.

HIGH

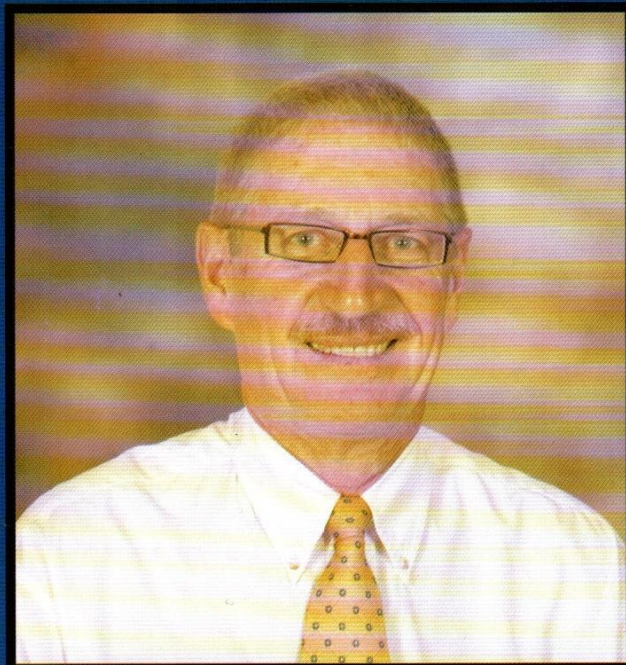

PRINCIPAL'S MESSAGE

As I reflected on the highlights for AISE this year, I was struck by the many successes of our students. We continue to have excellent achievements in the areas of academics, sports, volunteerism and leadership. We are proud of our students' accomplishments and marvel at their levels of commitment.

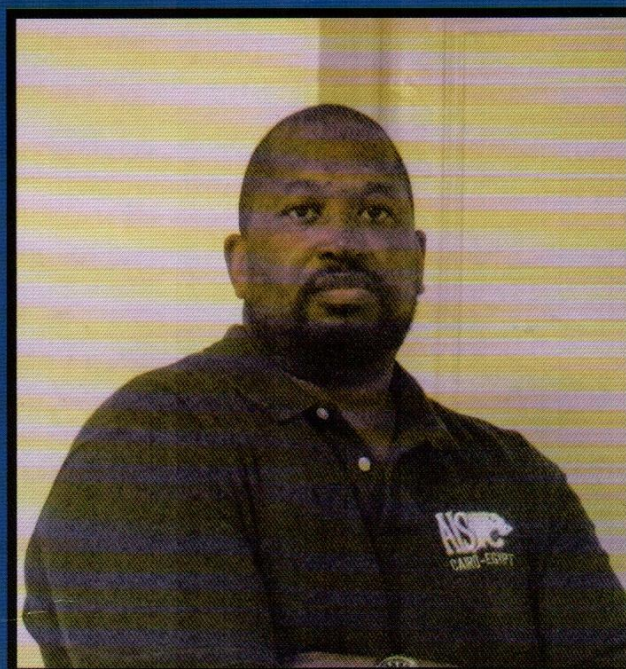

The production of this yearbook is one example of such commitment. Fifteen eager students and their teachers from the Desktop Publishing course continue to broaden their scope of what can be achieved to make the publication of this year's yearbook a reality.

Such dedication and hard work is also reflected in the contributions of this year's seniors. Our graduates will be remembered for their personal warmth, kindness, generosity and values. We have witnessed their leadership and celebrated their successes. Their sense of humor and school spirit have been evident in all school events.

To our 2009 graduates, we extend our best wishes for their success.

Mr. George Ditto, Principal

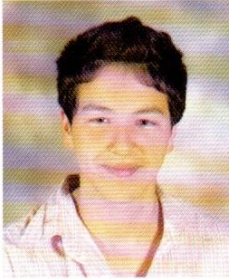

Mr. Arthur Brown,
Dean of Secondary Students

The Student Council is a student-run extracurricular activity at AIS that aims to create a better academic setting for its high school students. The Student Government heads the Student Council and its participating Class Offices. Each Class Office is responsible for raising money for its respective class in order to plan and carry out its prom event in its senior year, while the Student Government supervises the Class Offices and cares for the well-being of the high school students and the fairness of the inter-class interactions. As an organization, it carries out spirit events such as the annual spirit weeks and Carnival in order to maintain the lively atmosphere at AIS. Every May, Student Council officers are elected through direct voting based on requirements stated in the Council's one-year-old constitution. The Council is constantly seeking to expand its duties and responsibilities in order to ensure the well-being of AIS's students and the prosperity of the organization.

ACTIVE CITIZEN

A.I.S enrolled a new elective in 2008-2009. The Active Citizen class was proposed to the school by Ms. Nora El Marzouky, an A.I.S graduate of 2002. The class' purpose is to try to make a difference in Egypt along with raising the awareness of students around the school and organizing charity events and trips to places that need a helping hand. In Ramadan the Active Citizen class visited the Egyptian food bank. They had a tour around the building that included an explanation of where the food is distributed and how. The class helped by making 390 boxes of food. This is a snapshot of the class after accomplishing the task and helping 390 families. They also participated in a field trip to Beni Seouif. Kan Ya Makan Center is a camp that encourages youth to have a better understanding of the value of things that we take for granted. Students went through many obstacles that required critical thinking. The trip was very successful and had a great impact on the students.

AIS 4 Egypt Iftar

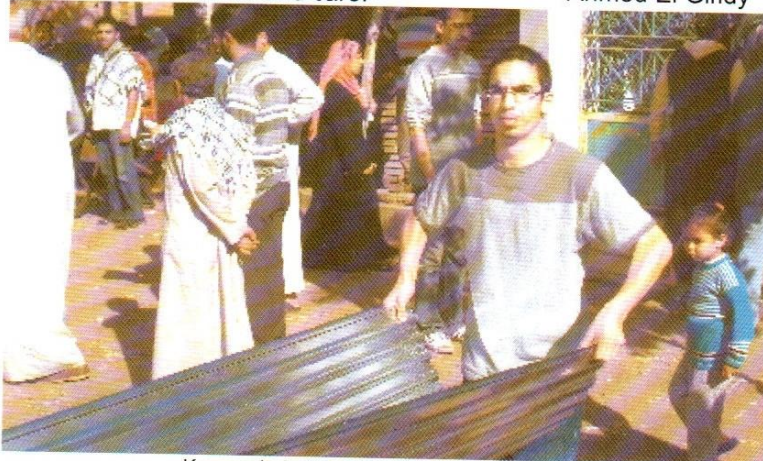

AIS 4 Egypt is a club that organizes charity events for deserving groups in Egypt. Their first event was an iftar for orphans during Ramadan. Many students donated generous amounts of money which resulted in 102 individually wrapped, age-specific gifts for the children. During the iftar the students spent time getting to know the children by playing games with them, dancing, and opening gifts. Among the orphans were handicapped children who were treated with love and care.

AISMUN

AISMUN was a very successful conference this year. From April 2-6, our students worked hard to resolve issues for world peace. The AISMUN was held at the Intercontinental, Cairo. Over 400 students attended from schools all around the world, including Jordan, Saudi Arabia, Mauritius Islands and Germany. Delegates enjoyed their time during the conference, because there were strong and emotional debates. They also enjoyed their time at parties at the Hard Rock cafe and Intercontinental. Special field trips included outings to Fagnoon, Safari, the Pyramids, Coptic Cairo, and the Khan El Khalili. A special thanks to Mr. Ryan and Mr. Jacob for all their effort.

SPIRIT WEEK

Spirit Week is a week where students show school spirit by dressing up according to a different theme each day. This year spirit week was held from February 24 to February 26.

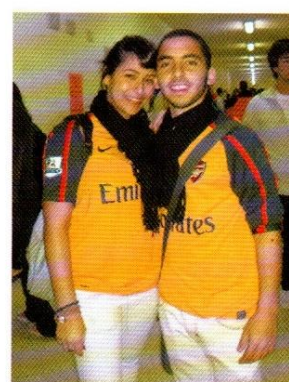

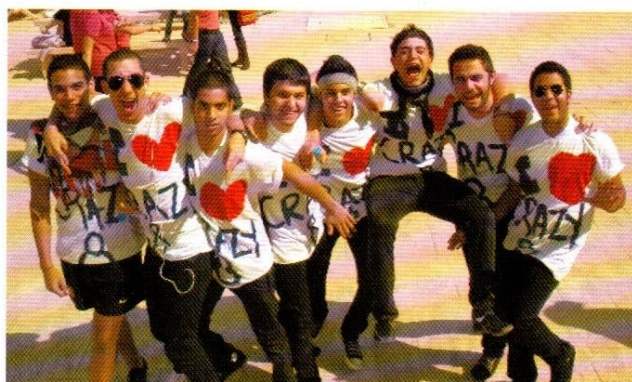

The first day was a "blast from the past", where students dressed in styles from the 60's and 70's.

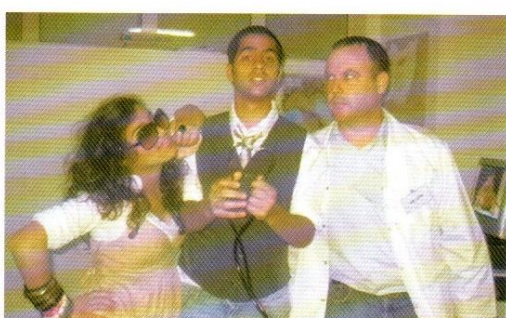

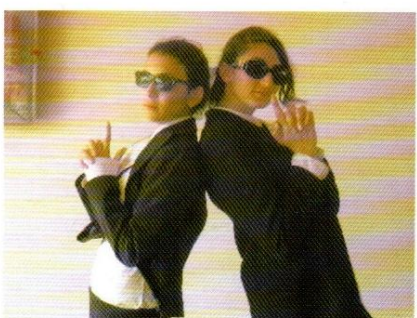

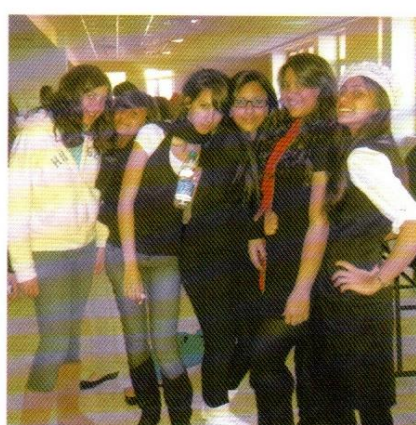

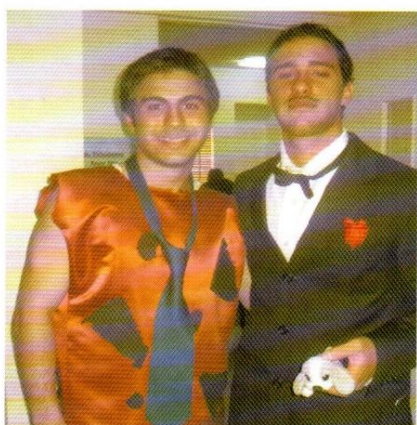

AT A.I.S.E.

The second day was “twins day”, where students dressed up in matching pairs or groups of friends.

On the third day, students got to dress up as their favorite movie or cartoon character.

THE CARNIVAL

This year, the Carnival, organized by Student Government, was held on April 24. There were lots of booths, including food and beverages, such as Columbus and Nathan's. There were many games, that included bungee jumping and a Playstation booth. The talent show included acts from many of the high school students. There was a band called Linger, and the seniors all did a dance. About 400 people attended the carnival.

PHOTOGRAPHY

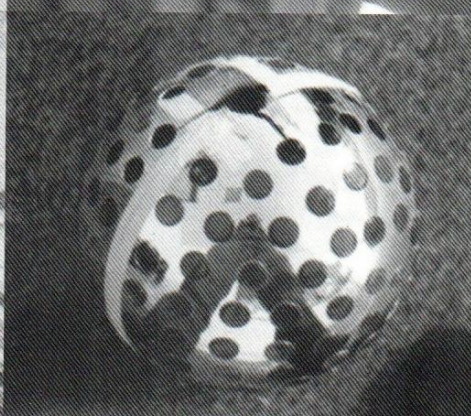

Black and White Photography

Students in this course learn the basic techniques and procedures involved in taking and producing quality photographs. They learn rules of composition, the importance of light as well as how to develop film and print photos in the darkroom. One of the highlights of the course is a field trip to Islamic Cairo where students are able to apply their knowledge and skills to an interesting setting that combines the historic and modern faces of the city.

Well first off, I wanted to say THANK GOD! It's about time I finished my high school years. At
first I was quite upset because I was not going to graduate with my graduating class, but as I
went on with the school year, I realized that this graduating class was a bunch of great, funny
and playful class which is great. I wanted to thank my parents for all their support which helped
me throughout my years in school, it wasn't easy but we still got through it together. Also, all my
new friends that I met from school, a bunch of swell people to be honest, Soupy babes, Noor Z,
great girls, Mustafa Z, Omar, Barudi, Balba, guys from p.e class, They were with me through the
hard and easy times; we all had a good laugh together. Especially the varsity basketball team
this year, Reaford, Mike, Abdullah, IB, Eefoo, Adam, and Hamada habiby, we were balling! I was
glad that my last varsity team for basketball and volleyball went by amazing. Lastly I want to wish
everyone a great few years in college, and those in England next year, hope to see you soon. Safe!

I can't believe Im leaving a place that made me become who I am. Mom/Dad: Thanks for giving
me unconditional love and support. Naders: When I look at u I see the younger sister I've never
had. I adore u. My senior year would not have been as crazy or as meaningful without u. MT:
I love everything from ur naturally awkward behavior to your ability to always make me laugh.
You've been there for me from the very beginning and I know you'll be with me till the end. O:
The thought of not being with u next year breaks my heart. If we never had elementary crushes
on each other, we wouldn't have had this amazing friendship. Shoulders to shoulder we're each
others and every seemingly insignificant thing we have ever talked or laughed or fought about
is the most precious. I love you. I love you. I love you. No one can ask for a better best friend.

Salma: Superman, my Kristen Stewart LUFF YOU! Nora, Nada, Faridas: Marsa Allam-My
soldiers. Nora- mother figure, Nada-twin, Farida I-adorable airhead and Farida S-Remember the time you opened that door in Marsa Allam? Haha My
2nd family. AM: Thanks for always being there when I needed you ;) Mouty: You've made my year what it was-perfection. We've had our differences but
its always out of love and care and I'll love and care for you forever. Sulty: Booboo I wish we got to know each other sooner. You're "EPIC" and my soul-
mate! Farida A/DH: You are amazing. IB hell would not have been unbearable without knowing u were always a phone call away. You both are my babies.

Bye AIS bye IB

Out of 12 AIS years, my best and worst was senior year. Best because I got to know many, worst because I realized I didn't get to know many, and now it's a tad bit too late. Farah and Farah, though only one year and I regret it being so, you are one of these people, I love knowing you better (future ba2a). Paula, though I talk to/see you once every couple weeks, I'll miss your hallway harassment and the dozen SAT tests. SUZY! <3 Your "silence" next to me in English got me through it. Talaia and Mokhtar, I've never been tortured in one class like this but I enjoyed every minute, both of you, along w/ Aya, are my 3 Musketeers. Talaia you are EXTREMELY brilliant, don't let anyone tell you or make you feel otherwise. Nour, I leave command of the bus to you. Yara, Nourhan, Nehal, Nada: my sisters AUC ya baby(dreampark) Yomna and Farida: uhh all the fun times of HL afterschool labs. Hafez and Deedz, I will seriously miss both of you w/ your short-

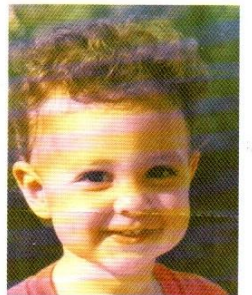

ness and cat noises. Amr, I hope you're still not pissed over that nacho I stole. Nada and Heba: English + chemistry. Edens, thank you, I love you. Finally Nadine and Noor, I don't know where to begin, let alone how the hell is this supposed to end. The lunch fights music China lessons chili's Maadi Madagascar2 bio/chem ;; and <> ... You were mostly the reason that got me out of bed each day and the reason why I slept, or didn't, each night. I'll lose my sanity when we're not in school together anymore. I'm going to miss every single one of you, maybe even you too Hamada.

The year has come to an end, and as I ponder and reminisce about the past two years, writer's block gets the best of me, but here goes. Norhen Ali: I really needed "one second....." lol. Saying that I will miss you is an understatement. The many talks about everything and anything, the laughs, and all the awkward moments will always be remembered. Rita Metiyas: RITA...our fantasies of running away from Egypt and going back to Canada have come to an end. What am I going to do without you? I have so much to say and little space :(Come visit me! Laila: Your gazes at nothing and your random statements at lunch will be missed...Yasmin H: I'm going to miss seeing you grumpy every morning at 8am...Lool...I love youuu! Farida Sabry: I remember U.S. history class and after every explanation, the feeling of being lost or not wanting to hear what sounded like a never ending lecture! I'm going to Miss you! Nazly: I remember statistics last year, the funniest class EVER. Too many stories, "Can ya count?!" lol Good times. Ms. Nora: Joining Active citizen is something I would never regret. Apart from it being

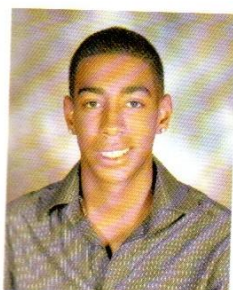

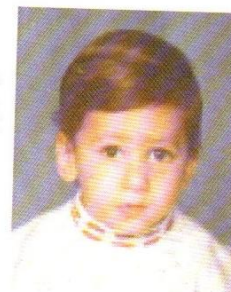

an eye-opening class, it made me take things in differently, look at the world from different points of view, and that is something I am forever thankful for. Good luck with next year's class. Chrissy: "Well you knowww" lol art class! All we ever did was talk! Keep in touch, and I'll definitely be seeing you around New York, around "2 half" Imao. Ilaria: I'll miss our random talks in psych class L love ya! Michael Samuel: Michelle! lol, hope you don't get tortured in AFL next year, if you're the only guy lol. I'm going to Miss you! Moose, Adam Wood, Chad, Loujain, Kamelia, Marium, Monica, and Ahmed Youssef, Mariah S, Nada El Sheriff, Nada S: Having a statement next to your names could not measure up to how much I will miss you all. Love you guys!!

Well I have spent two years in this school and I've had my ups and downs, but I want to thank the people who made my downs seem like they were nothing and my ups be even better. Norhen: you were probably the first person who didn't make my first few days in school seem so horrible. You're such a great person in so many ways and I want to thank you for being a great friend and I love you. Yasmine Hashem: it was so great knowing you being your friend; I'm really going to miss you when we all go our separate ways. Mai: who am I going to work with on project in auc?? Besides us working together on so many things, I really enjoyed getting to know you. Hodo: although last year I didn't say a word to you, I think this year was much better and we actually became friends. Good luck in wherever you end up going, I'll miss you. Rita: getting to know you was great, I'm really looking forward to us being together in auc, and hopefully I'll get to know you even more. Loujain: Arabic class would have never been this fun without you. Diana:

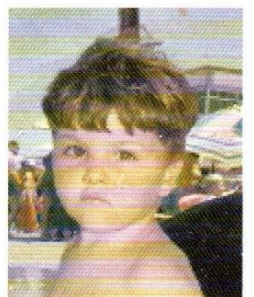

I'll see you in auc! Ahmed youssef: I'll miss the times when you annoyed me. Ahmed Bahgat: I hope you will find someone else to annoy. Well it is time for each of us to go our own way, so good luck to everyone. Looking back at the last year of my life the only moments I could think of are of those unforgettable memories of my friends. The class I most cherished was Arabic, it had all my closest friends who have been with me for two years. Farrah, my best-friend, sat around doing other work for other classes while Noor and Gomaa fought about everything. Kareem, always eager to learn, yells at Nadine and Noor. Roko sits around hiding his food from Nadine and me. Another class I will never forget is physics with Talaia not understanding a word Mr. Howard says, and questioning why we chose to take physics. IB always has work to keep us awake working up all night, at times it is tiring, at others it was quite entertaining. Me, Talaia, and Roko spent hours at Roko's house working on our TOK presentation. The whole experience can be summed up with the image of me sitting on the laptop trying to write down what Roko and Talaia were saying, while

walked in circles around the table I was sitting. In the end I would like to thank my friends for all the memories they have given me. Thanks to Roko for feeding me throughout the year, and Farrah for turning my tears into laughter. Thank you Hamada for all those wonderful comments over the year that always boosted my confidence. Thanks miss Eby for putting up with me for the last two years, and for being the funniest teacher ever. Lastly thank you my mom for being there for me every step of the way even when I made the biggest mistakes of my life you never gave up on me.

My brother, my idol, my encourager, my locomotive, and my best friend whom I cannot thank, praise or appreciate enough. I would like to thank my teachers for their patience, care and enlightening me with the most precious thing of life: knowledge. My friends were what I looked forward to seeing when I came to school not the work. I really couldn't have done it without you guys and you know who you are. Throughout these years family became friends, friends became family and teachers became friends. There is still a long way to go i.s.a and our adult life is opening its doors with many different paths to choose along the way.

Farewell till we meet again, if not in this life, then in the next and if not there, then in our thoughts and if not there then we need not to meet!

"Do not follow where the path may lead. Go, instead, where there is no path and leave a trail." ~Ralph Waldo Emerson

Once I knew I was moving schools, I was afraid of the transition, but the life and people here made me feel instantly comfortable. I owe this to the special few that mean the most to me; they constantly consoled me through the ups and downs of my life. These individuals may not be aware of their importance to me, but they have taught me the most valuable lesson of all: to smile from within. Recently I have been advised to "reach high" and "dream deep"; now I believe I have the ability to pursue my "goals" with persistence and determination. My year and a half at AIS was definitely eventful and memorable. Despite the academic hardship and sadism, I will always cherish these years. Congratulations Class of 2009!

The four years that I have spent in this school have been exciting. Well, the last two years of IB came out to be really challenging but I m glad they passed by fast, although they were quite rough. First, I would like to thank my parent who made the decision of sending me to Cairo and obtaining my education here and I would like to thank them for the support and encouragement they have given me to achieve throughout the years. I also would like to thank my international friends who helped me get through the hard stages of IB. I will miss all of my friends who are leaving Cairo and those of you who are staying; I will see u in AUC next fall. Yo!! Kareem... you were the first friend I made when I joined the school and looks like I will see u in AUC. My aim of coming to Cairo was to acquire good education and I would be glad to thank every one of you who have helped me on the road to achieve my aim. I wish all of my friends and colleagues a great future ahead. Thank You!!

The end has finally come to my 3 year long adventure in Egypt where I have met many interesting people & had a lot of amazing experiences. The only thing I don't like is that I spent the first year & a half not keen on making any "real" friends, the type I had back in Croatia, because I thought I'd be returning there for my senior year. However, certain complications made it impossible for my return so I realized that I would graduate here. Initially, I was very bitter but I soon started getting closer to my friends, who led me to happiness again & after another year & a half I can finally say that I have acquired some "real" friends here. There are lots of people I want to mention for various things which will not fit in here so I'm sorry to those whom I leave out, its because of the limited space. First of all, I would like to thank IB for ruining my social life. Khalid-thnx for being one of my best friends here, I'll never forget all the crazy stuff we've been through. Kimmy-thnx for all the help u gave me this year & for being the fifth business in our group-it couldn't work without u. Noor-I'm really glad I got to know u better this year because u are one of the most interesting individuals I've ever met, u added a new color to my life here in Cairo. Gomaa, Farrah, Mirna-thnx for all the laughs we had this year-specially in Arabic class-& also for depriving me of my own food, hope u guys find a food source like me in college =). Having said that, I move on to the next chapter of my life.-.....-

I've only been at AIS for two years, but it's been a good two years. I've managed to meet lots
of people, learn many words, most of which I can't mention here, and get a high school di-
ploma in the process. To my parents and Amy, thank you so much for all your love and support.
couldn't have done it without you. Thanks so much to all my friends, you've all been great!
It's kind of sad thinking that we have no more high school ahead of us... But at the same time
we're excited about the future and what we can bring to it. On that note, let us "not go where the
path may lead; but instead where there is no path and leave a trail" (RWE)

NATIONAL HONOR SOCIETY

NHS presidents Mounaz and Karim.

The National Honor Society is an organization that recognizes seniors who meet four criteria: leadership skills, a high GPA, character and service. Throughout the year, the NHS members did different forms of service such as holding an "Anti-Bullying Campaign" at the PAC picnic, and creating canvases to put around the school, and visiting the organization "Resala" to help organize medicine, and collect baby products and food supplies.
