INTRODUCTION

The Ardsley Union Free School District (the District) offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2020. Please review it in conjunction with the District's financial statements and the accompanying notes to the financial statements.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2020 are as follows:

- New York State Law limits the amount of unreserved fund balance that can be retained by the General Fund to 4% of the ensuing year's budget, exclusive of the amount designated for the subsequent year's budget. At the end of the fiscal year, the unassigned fund balance of the General Fund was \$2.919 million and the amount was within the limit. The assigned fund balance of the General Fund was \$5.313 million which includes \$1.056 million in carry over encumbrances.
- The District governmental fund financial statement reported a combined ending fund balance of \$23.031 million which includes \$2.461 million in Other Governmental Funds.
- The District paid \$3.673 million in principal on debt service.
- On the District-wide financial statements, the liabilities of the District exceeded assets by \$7.861 million. The District's total net position decreased by \$1.802 million for the year ended June 30, 2019.
- Included in this year's district-wide full accrual financial statements is the continuing recognition of the other post-employment benefit (OPEB) obligations as required under the provisions of Governmental Accounting Standards Boards (GASB) Statement No. 75. The GASB is charged with developing the accounting rules that apply to governments, including school districts and BOCES. These obligations include any benefits provided to retirees, other than a pension, including health insurance, life insurance, vision, dental, etc. GASB Statement No. 75 establishes standards for accrual based measurement and recognition of OPEB expenses over periods that approximate employees' years of active service. The Statement also provides guidance on the required note disclosures. For the year ending June 30, 2020, the District's OPEB obligations of \$59.781 million are reflected as a liability on the District-wide financial statements.
- The District has an Aa2 bond rating from Moody's Investor Services. This high rating has contributed to a lower interest rate cost for District borrowings. The District has sustained this rating since Moody's upgraded it on May 7, 2015.

District-Wide Financial Statements

The District-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. The District-wide financial statements using the full accrual basis of accounting has been in place for a number of years. Therefore, there continues to be an opportunity to provide a comparison with prior years' full accrual data, and to make comparisons to previous years.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. certain federal/state grants earned but not yet received, unused vacation/sick leave, and proceeds from Revenue Anticipation Notes and related interest).

All of the District's services are reported in the District-wide financial statements as *governmental activities*, including general support, instruction, pupil transportation, community services, and school lunch. Property taxes, state/federal aid, and investment earnings finance most of these activities. Additionally, all capital and debt financing activities are reported here.

By far, the largest component of the District's new assets reflect its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to the students and consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Management's Discuss and Analysis (MD&A)
June 30, 2020

The following graph indicates that the District relies upon real property taxes as its primary revenue source and the largest expense is in the Instructional category.

Revenues increased by \$0.140 million. Real Property Taxes increased by \$1.934 million. State aid decreased by \$0.053 million.

The Ardsley Union Free School District continues to manage transportation for the Quad Village districts. Ardsley Union Free School District recognized \$.471 million in revenue from the Quad Village and Mamaroneck School District's transportation management.

Use of money and property decreased \$.244 million from the prior year mainly due to lower interest rates. The Westchester County Property Taxpayer Protection Act signed by the Governor in June of 2019 resulted in increased sales tax revenue for the District during the first two quarters of the school year. Despite the impact of the COVID-19 pandemic on the economy in the last half of the school year, the District saw an overall increase of \$.182 million in sales tax revenue for the year.

Management's Discuss and Analysis (MD&A)
June 30, 2020

The school closure as a result of the COVID-19 pandemic resulted in operational expenditure savings however, overall expenses increased a total of \$4.177 million from 2019 largely related to longer term post retirement benefits. The District continues to share bus routes among the Quad Village whenever possible in order to control rising transportation costs for all the districts. Managing the Quad Village transportation has allowed the District to offset some of the administrative costs associated with running a transportation program.

Due to retiring debt the District paid \$.168 million less in total debt service payments from the prior year. Special Education tuition payments for both BOCES and other out of district placements decreased \$.157 million.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or *major* funds.

A fund is a grouping of related accounts, and is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The District establishes other funds to control and manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as federal grants). All of the funds of the District can be divided into two categories; governmental funds, and fiduciary funds.

- ***Governmental Funds:*** All of the District's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds, and the balances left at year-end that are available for spending. They are reported using the modified accrual method of accounting, which measures cash and all other financial assets that can readily be converted into cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources available to be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the District-wide statements, additional information at the bottom of the governmental funds statements explains the relationship (or differences) between them.
- ***Fiduciary Funds:*** The District is the trustee, or *fiduciary*, for assets that belong to others, such as the scholarship fund and the student activities funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because it cannot use these assets to finance its operations.

Fund Financial Analysis (District Funds)

The District's governmental funds, as presented on the balance sheet, reported a combined fund balance of \$23.033 million. The schedule below indicates the fund balance and the total change in fund balance by fund type as of June 30, 2020 and 2019:

	2020 Fund Balance	2019 Fund Balance	Increase (Decrease)
General	\$ 20,570,892	\$ 19,151,030	\$ 1,419,862
School Lunch	473,958	582,438	(108,480)
Special Aid	-	(1,141)	1,141
Debt Service	495,559	202,974	292,585
Capital	1,492,549	298,158	1,194,391
	<u>\$ 23,032,958</u>	<u>\$ 20,233,459</u>	<u>\$ 2,799,499</u>

Governmental Funds

The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the District's governmental funds reported combined fund balances of \$23.033 million. Of this amount, \$2.919 million constitutes *unassigned fund balance*. The *unassigned fund balance* is available for spending at the District's discretion. \$4.257 million of the *assigned fund balance* is being used to offset the tax levy and the remaining assigned fund balance is associated with the Cafeteria and Capital Funds. The remainder of fund balance is *restricted* and not available for new spending because it has already been committed. The *restricted fund balances* include a reserve for employee benefits accrued liability of \$1.466 million, a reserve for retirement contributions (ERS) of \$3.411 million, a reserve for retirement contributions (TRS) of \$0.284 million a reserve for tax certiorari of \$4.928 million, a reserve for unemployment insurance of \$.250 million, and a reserve for capital projects of \$2 million and a reserve for debt service of .495 million.

General Fund Budget Information

The District's budget is prepared in accordance with New York State Law and is based on the modified accrual basis of accounting, utilizing cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Revenues received were under the final budget by \$4.245 million which is about 6%.

Expenditures were \$4.873 million less than the final budget. Cost savings in general support, instruction, pupil transportation and insurance contributed to a positive variance which enabled the District to offset an increase to the reserves for retirement contributions.

The District budget development begins in Mid-October each year. After updating changes in revenue and expenditure assumptions, the operating budget begins at the school and department level. The department budgets are reviewed periodically to ensure management becomes aware of any significant variations during the year.

Capital Assets

At June 30, 2020, the District had \$63.201 million net of accumulated depreciation invested in a broad range of capital assets, including land, buildings and improvements, machinery and equipment and construction-in-progress.

The District's capital assets (net of accumulated depreciation) as of June 30, 2020, are as follows:

<u>Asset Description</u>	<u>2020</u>	<u>2019</u>
Land	\$ 1,179,121	\$ 1,179,121

Compensated Absences	50,405	16,062
Total	\$ 93,327,595	\$ 80,346,718

More detailed information about the District's long-term liabilities is presented in Note 7 to the financial statements.

Under current State statutes, the District's general obligation bonded debt issues are subject to a legal limitation based on the total full value of real property. At June 30, 2020, the District's general obligation debt was approximately 13% of its total debt limit.

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was aware of existing circumstances that could significantly affect its fiscal impact in the future. The District must comply and budget within the Tax Cap freeze, Affordable Health Care regulations and all unfunded mandates established by the New York State Education Department. The District works with the Town of Greenburgh to stay apprised on pending tax certioraris. The District will continue to monitor changes in enrollment on an on-going basis. As a result of the COVID-19 pandemic the District must comply with CDC, NYS Department of Health and NYSED guidelines to ensure the safety of our students, staff and community members. At present, the full financial impact of COVID-19 is not known.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Ardsley Union Free School District
Ardsley, New York

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Ardsley Union Free School District (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

ARDSLEY UNION FREE SCHOOL DISTRICT
INDEPENDENT AUDITOR'S REPORT (CONTINUED)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the government activities, each major fund, and the aggregate remaining fund information of the Ardsley Union Free School District as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, revenues, expenditures – budget and actual, funding progress for other post-employment benefits, local government's proportionate share of net pension liability for New York State Employees' Retirement System, schedule of local government's contributions for the New York State Employees' Retirement System, schedule of local government's proportionate share of net pension liability for New York State Teachers' Retirement System and schedule of local government's contributions for the New York State Teachers' Retirement System as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ardsley Union Free School District's basic financial statements. The supplemental schedules listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in

ARDSLEY UNION FREE SCHOOL DISTRICT
INDEPENDENT AUDITOR'S REPORT (CONTINUED)

accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Change from Adopted Budget to Final Budget and Section 1318 Real Property Tax Law Limit Calculation, Schedule of Project Expenditures-Capital Projects Fund, and the Schedule of Net Investment in Capital assets, Net Related Debt have not been subject to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Correction of Error

As discussed in Note 13 to the financial statements, in 2020 the District noted changes to the fund balance and net position due to correctly classifying expense in prior years to the correct fund and a change in the petty cash balance from prior year. Our opinion is not modified with respect to these matter

Other Reporting by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 13, 2020 on our consideration of the Ardsley Union Free School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ardsley Union Free School District's internal control over financial reporting and compliance.

ARDSLEY UNION FREE SCHOOL DISTRICT
RECONCILIATION OF NET CHANGE IN GOVERNMENTAL FUND
BALANCES TO GOVERNMENTAL ACTIVITIES CHANGE IN NET POSITION
JUNE 30, 2020

Total net changes in fund balances - governmental funds \$ 2,799,595

Amounts reported for governmental *activities* in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expenses in the Statement of Activities. This is the amount by which depreciation exceeds capital outlays in the period.

Depreciation Expense	\$ (2,121,805)	
Capital Outlays	7,940,476	
Loss on Disposition	<u>(231,231)</u>	5,587,440

In the Statement of Activities, certain operating expenses--compensated absences (vacations), the Post Employment Benefits and special termination benefits (early retirement) and retirees' health insurance--are measured by the amounts *earned* during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually *paid*). (1,152,035)

Issuance of bond principal is a revenue in the governmental funds, but it increases long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities. (7,880,000)

Premium received on bond results are recognized as a decrease in liability on bond on the entity-wide statements. (962,412)

Amortization of the premium received on bond results in increase on the liability in the entity-wide statements. 70,786

Repayment of bond principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities. 3,580,713

Capitalized prepaid cost paid at bond refinancing amortized annually on entity-wide statements -

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The additional interest reported in the Statement of Activities is the result of accrued interest on bonds, leases, and contracts payable. 11,889

(Increase) decrease in proportionate share of net pension asset/liability reported in the Statement of Activities do not provide for or require the use of current financial resources and therefore are not reported as revenues or expenditures in the governmental funds.

Teachers' Retirement System	(3,026,670)
Employees' Retirement System	<u>(831,309)</u>

Change in net position of governmental activities. \$ (1,802,003)

Note: Totals may not add due to rounding.

ARDSLEY UNION FREE SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2020

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of the Ardsley Union Free School District (the “District”) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Certain significant accounting principles utilized by the District are described below:

A. Reporting Entity:

The District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education consisting of five members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for, and controls all activities related to public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the District is based upon criteria set forth by GASB Statement 14, *The Financial Reporting Entity*, as Amended by GASB Statement 39, *Component Units and GASB 61, The Financial Reporting Entity: Omnibus an Amendment of GASB No. 14 and No 39* and GASB 80, *Blending Requirements for Certain Component Units an amendment of GASB Statement No. 14*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District and its component unit and other organizational entities determined to be includable in the District’s financial reporting entity. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District’s reporting entity is based on several criteria, including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief description of certain entities included in the District’s reporting entity.

-- Extraclassroom Activity Funds:

The Extraclassroom Activity Funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The Extraclassroom Activity Funds are independent of the District with respect to its financial transactions and the designation of student management. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds can be found at the District’s business office. The District accounts for assets held as an agent for various student organizations in an agency fund.

See independent auditor’s report.

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

B. Joint Venture:

The District is a component district in the Southern Westchester County Board of Cooperative Education Services (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that shares planning, services, and programs that provide educational and support activities.

BOCES are organized under §1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of §1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (§1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under §119-n(a) of the New York State General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment, as defined in the New York State Education Law, §1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

During the year, the District was billed \$2,240,053 for BOCES administrative and program costs.

The District's share of BOCES aid amounted to \$609,238.

The basic financial statements for the BOCES are available from the BOCES administrative office.

C. Basis of Presentation:

I. District-Wide Statements:

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, State aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

ARDSLEY UNION FREE SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2020

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

II. Fund Financial Statements:

The fund financial statements provide information about the District's funds, including fiduciary funds. Separate statements for each category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported as non-major funds.

The District reports the following major governmental funds:

a. General Fund:

This is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

The District reports the following non-major governmental funds:

a. Capital Projects Funds:

Capital Projects Funds are used to account for and report financial resources used for the acquisition, construction, or major repair of capital facilities. For these funds, each capital project is assessed to determine whether it is a major or non-major fund.

b. Special Revenue Funds:

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. Special revenue funds include the following funds:

1. Special Aid Fund – Special Aid Fund is used to account for special operating projects or programs supported in whole, or in part, with Federal funds or State or Local grants.
2. Cafeteria Fund – Cafeteria Fund is used to account for transactions of lunch, breakfast, and milk programs.

See independent auditor's report.

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

c. Debt Service Fund:

Debt Service Fund is used for the accumulation of resources and the payment of principal and interest on long-term general obligation debt of governmental activities.

d. Fiduciary Funds:

Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the District-wide financial statements, because their resources do not belong to the District, and are not available to be used.

1. Private Purpose Trust Funds: These funds are used to account for trust arrangements in which principal and income benefits annual third party awards and scholarships for students. Established criteria govern the use of the funds and members of the District or representatives of the donors may serve on committees to determine who benefits.
2. Agency Funds: These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or Extraclassroom activity funds and for payroll or employees' withholding.

D. Measurement Focus and Basis of Accounting:

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The District-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

ARDSLEY UNION FREE SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2020

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 365 days after the end of the fiscal year, including real property taxes.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

E. Cash (and Cash Equivalents) and Investments:

The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and Districts. Investments are stated at fair value.

F. Property Taxes:

Real property taxes are levied annually by the Board of Education no later than September 1st, and become a lien on July 11th. Taxes are collected during the period September 1st to January 31st.

Uncollected real property taxes are subsequently enforced by the Town of Greenburgh in which the District is located. The Town of Greenburgh pays an amount representing uncollected real property taxes transmitted to the Town of Greenburgh for enforcement to the District no later than the following April 1.

G. Accounts Receivable:

An allowance for uncollectible accounts has been provided for certain amounts that may not be collectible within 365 days.

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

H. Inventories and Prepaid Items:

Inventories of food in the Cafeteria Fund are recorded at cost on a first-in, first-out basis, or in the case of surplus food, at stated value that approximates market. Purchases of inventoriable items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the District-wide and fund financial statements. These items are reported as assets on the Statement of Net Position or balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

A portion of the fund balance in the amount of these non-liquid assets (inventories and prepaid items) has been identified as not available for other subsequent expenditures.

I. Interfund Transactions:

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditure and revenues to provide financing or other services.

In the District-wide statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between the funds, with the exception of those due from or to the fiduciary funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note 8 for a detailed disclosure by individual fund for interfund receivables, payables, expenditures and revenues activity.

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

J. Other Assets/Restricted Assets:

Certain proceeds from serial bonds and bond anticipation notes, as well as resources set aside for their repayment, are classified as restricted assets in the District-wide financial statements and their use is limited by applicable bond covenants.

In the District-wide financial statements, bond issuance costs are capitalized and amortized over the life of the debt issue. In the funds statements these same costs are netted against bond proceeds and recognized in the period of issuance.

K. Capital Assets:

Capital assets are reported at actual cost for acquisitions. Donated assets are reported at estimated fair market value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the District-wide statements are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Building Improvements	\$5,000	Straight-Line	20-50 Years
Machinery and Equipment	\$5,000	Straight-Line	5-20 Years

L. Deferred Outflows and Inflows of Resources:

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period so it will not be recognized as an outflow of resources (expense/expenditure) until then. The government has four items that qualify for reporting in this category. First is the deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pensions reported in the District-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension asset or liability and difference during the measurement period between the District's contributions and its proportion share of total contributions to the pension systems not included in pension expense. The third item is the District contributions to the pension systems (TRS and ERS Systems) subsequent to the measurement date. The fourth item is related to OPEB reported in district-wide Statement of Net Position. This represents the effect of the net changes of assumptions or other inputs.

See independent auditor's report.

ARDSLEY UNION FREE SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2020

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting in this category. The first item arises only under a modified accrual basis of accounting and is reported as unavailable revenue – property taxes. The second item is related to pensions reported in the District-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension liability (ERS System) and difference during the measurement periods between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense. The third item is related to OPEB reported in the district-wide Statement of Net Position. This represents the effect of the net changes of assumptions or other inputs.

M. Vested Employee Benefits:

The District employees (primarily twelve month staff) are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

Under the terms of existing collective bargaining agreements, the District is required to compensate retiring employees for unused vacation leave. The District is not required to compensate employees for accumulated sick leave.

Consistent with GASB Statement 16, Accounting for Compensated Absences, an accrual for accumulated sick leave is included in the compensated absences liability in the District-wide financial statements. The compensated absences liability is calculated based on the pay rates in effect at year end.

In the funds statements only the amount of matured liabilities is accrued within the General Fund based upon expendable and available financial resources. These amounts are expensed on a pay-as-you-go basis.

N. Other Benefits:

District employees participate in the New York State Employees' Retirement System and the New York State Teachers' Retirement System.

In addition to providing pension benefits, the District provides health insurance coverage and survivor benefits for retired employees and their survivors in accordance with various employment contracts (subject to available health bank). Health insurance in retirement is paid for employees in accordance with their respective bargaining agreement or contract. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year.

See independent auditor's report.

ARDSLEY UNION FREE SCHOOL DISTRICT

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2020

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Some costs of providing post-retirement benefits are shared between the District and the retired employee.

The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure or operating transfer to other funds in the General Fund in the year paid.

O. Unearned Revenue:

Unearned revenues are reported when potential revenues do not meet both the measurable and available criteria for recognition in the current period. Unearned revenues also arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to the incidence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the District has legal claim to the resources, the liability for deferred revenues is removed and revenues are recorded.

P. Restricted Resources:

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the District's policy concerning which to apply first varies with the intended use, and with associated legal requirements, many of which are described elsewhere in these Notes.

Q. Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, potential contingent liabilities, and useful lives of long-lived assets.

R. Short-Term Debt:

The District may issue Revenue Anticipation Notes and Tax Anticipation Notes, in anticipation of the receipt of revenues. These notes are recorded as a liability of the fund that will actually receive the proceeds from the issuance of the notes. The RANs and TANs represent a liability that will be extinguished by the use of expendable, available resources of the fund.

The District may issue budget notes up to an amount not to exceed 5% of the amount of the annual budget during any fiscal year for expenditures for which an insufficient or no

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

provision is made in the annual budget. The budget note must be repaid no later than the close of the second fiscal year succeeding the year in which the note was issued.

The District may issue Bond Anticipation Notes, in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the funds that will actually receive the proceeds from the issuance of bonds. State law requires that BANs issued for capital purposes be converted to long-term financing within five years after the original issue date.

The District may issue deficiency notes up to an amount not to exceed 5% of the amount of that same year's annual budget in any fund or funds arising from revenues being less than the amount estimated in the budget for that fiscal year. The deficiency notes may mature no later than the close of the fiscal year following the fiscal year in which they were issued. However, they may mature no later than the close of the second fiscal year after the fiscal year in which they were issued, if the notes were authorized and issued after the adoption of the budget for the fiscal year following the year in which they were issued.

S. Accrued Liabilities and Long-Term Obligations:

Payables, accrued liabilities, and long-term obligations are reported in the District-wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments, and compensated absences that will be paid from governmental funds, are reported as a liability in the funds financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations represent the District's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

T. Equity Classifications:

I. District-Wide Statements:

In the District-wide statements there are three classes of net position:

- a. *Investment in Capital Assets, Net of Related Debt* – consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, construction or improvements of those assets.
- b. *Restricted Net Position* – reports net position when constraints placed on the position are either externally imposed by creditors (such as through debt

covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

- c. *Unrestricted Net Position* – reports all other net position that does not meet the definition of the above two classifications and is deemed to be available for general use by the District.

II. Funds Statements:

In the fund basis statements there are five classifications of fund balance:

- a. *Non-spendable fund balance* - Includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact.
- b. *Restricted* – Includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. All encumbrances of funds other than the General Fund are classified as indicated below. The District has established the following restricted fund balances:

1. Capital:

According to Education Law §3651, this fund must be used to pay the cost of any object or purpose for which bonds may be issued. The creation of capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve, the ultimate amount, its probable term and the source of the funds. Expenditures may be made from the reserve only for a specific purpose further authorized by the voters. The form for the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in §3651 of the Education Law. This reserve is accounted for in the General Fund under Restricted Fund Balance.

2. Debt Service:

According to General Municipal Law §6-1, the Mandatory Reserve for Debt Service must be established for the purpose of retiring the outstanding obligations upon the sale of District property or capital improvement that was financed by obligations that remain outstanding at the time of sale. The funding of the reserve is from the proceeds of the sale of School District property or capital improvement.

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

3. Employee Benefit Accrued Liability:

According to General Municipal Law §6-p, this fund must be used for the payment of accrued employee benefit due an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated.

4. Insurance (*not currently utilized*):

According to General Municipal Law §6-n, this fund must be used to pay liability, casualty and other types of losses, except losses incurred for which the following types of insurance may be purchased: life, accident, health, annuities, fidelity and surety, credit, title residual value and mortgage guarantee. In addition, this reserve may not be used for any purpose for which a special reserve may be established pursuant to law (for example, for unemployment compensation insurance). The reserve may be established by Board action and funded by budgetary appropriations or such other funds as may be legally appropriated. There is no limit on the amount that may be accumulated in the Insurance Reserve; however, the annual contribution to this reserve may not exceed the greater of \$33,000 or 5% of the budget. Settled or compromised claims up to \$25,000 may be paid from the reserve without judicial approval.

5. Liability Claims and Property Loss (*not currently utilized*):

According to Education Law §1709(8)(c), this fund must be used to pay for liability claims and property loss incurred. Separate funds for liability claims and property loss are required and these reserves may not in total exceed 3% of the annual budget or \$15,000, whichever is greater. This type of reserve fund may be utilized only by school districts, except city school districts with a population greater than 125,000.

6. Repairs (*not currently utilized*):

According to General Municipal Law §6-d, this fund must be used to pay the cost of repairs to capital improvements or equipment, which repairs are of a type not recurring annually. The Board of Education without voter approval may establish a repair reserve fund by a majority vote of its members. Voter approval is required to fund this reserve (Opinion of the New York State Comptroller 81-401). Expenditures from this reserve may be made only after a public hearing has been held, except in emergency situations. If no hearing is held, the amount expended must be repaid to the reserve fund over the next two subsequent fiscal years.

7. Retirement Contributions:

According to General Municipal Law §6-r, all expenditures made from the retirement contributions reserve fund must be used for financing retirement contributions to the New York State and Local Employees' Retirement System. This reserve is established by Board resolution and is funded by budgetary appropriation and such other reserves and funds that may be legally appropriated. The reserve must be accounted for separate and apart from all other funds and a detailed report of the operation and condition of the fund must be provided to the Board. This reserve is accounted for in the General Fund. Effective April 1, 2019, a Board may adopt a resolution establishing a sub-fund for contributions to the New York State Teachers' Retirement System. During a fiscal year, the Board may authorize payment into the sub-fund of up to 2% of the total covered salaries paid during the preceding fiscal year, with the total amount funded not to exceed 10% of the total covered salaries during the preceding fiscal year. The sub-fund is separately administered, but must comply with all the existing provisions of General Municipal Law §6-r.

8. Tax Certiorari:

According to Education Law §3651.1-a, this fund must be used to establish a reserve fund for tax certiorari and to expend from the fund without voter approval. The monies held in the reserve shall not exceed the amount that might reasonably be deemed necessary to meet anticipated judgments and claims arising out of tax certiorari proceedings. Any resources deposited to the reserve which are not expended for tax certiorari proceedings in the year such monies are deposited must be returned to the General Fund on or before the first day of the fourth fiscal year after deposit of these monies.

9. Unemployment Insurance:

According to General Municipal Law §6-m, this fund must be used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund.

10. Workers' Compensation (*not currently utilized*):

According to General Municipal Law §6-j, this fund must be used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget.

11. Encumbrances:

Encumbrance accounting, under which purchase orders, contracts and other commitments of expenditures are recorded for budgetary control purposes in order to reserve applicable appropriations, is employed as a control in preventing over-expenditure of established appropriations. Open encumbrances for specific purposes for which resources have been restricted, committed or assigned do not result in separate display of the encumbered amounts within those classifications/funds.

Tax Certiorari	4,928,221
Employee Benefit Accrued Liability	1,465,853
Unemployment Insurance	250,000

TRS Reserve	283,715
Debt Service Fund	
Debt Service	<u>495,559</u>
Total Restricted Funds	<u>\$ 12,834,643</u>

- c. *Committed* – Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision making authority, i.e., the Board of Education. The District has no committed fund balances as of June 30, 2020.
- d. *Assigned* – Includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. All encumbrances are classified as Assigned Fund Balance in the General Fund and Cafeteria Fund. Encumbrances reported in the General Fund amounted to \$1,056,222 and Capital

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2020

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Fund amounted to \$1,492,549. Additionally, \$4,256,777 is appropriated to the 2020-2021 budget as Assigned Fund Balance.

- e. *Unassigned* – Includes all other General Fund net assets that do not meet the definition of the above four classifications and are deemed to be available for general use by the District.

NYS Real Property Tax Law 1318 limits the amount of unexpended surplus funds a school district can retain to no more than 4% of the District's budget for the General Fund for the ensuing fiscal year. Non-spendable and restricted fund balance of the General Fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and encumbrances are also excluded from the 4% limitation.

III. Order of Use of Fund Balance:

The District's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance and unassigned fund balance at the end of the fiscal year. For all funds, non-spendable fund balances are determined first and then restricted fund balances for specific purposes are determined. Any remaining fund balance amounts for funds other than the General Fund are classified as restricted fund balance. In the General Fund, committed fund balance is determined next and then assigned. The remaining amounts are reported as unassigned. Assignments of fund balance cannot cause a negative unassigned fund balance.

U. New Accounting Standards:

The District has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At June 30, 2020, the District implemented the following new standards issued by GASB:

-- The GASB has issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The requirements of this Statement are effective immediately.

V. Future Changes in Accounting Standards:

-- The GASB has issued Statement No. 84, *Fiduciary Activities*, which improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement

are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

-- The GASB has issued Statement No. 87, *Leases*, which will better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged.

-- The GASB has issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged.

-- The GASB has issued Statement No. 90, *Majority Equity Interests – An Amendment of GASB Statements No. 14 and No. 61*, which improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

-- The GASB has issued Statement No. 91, *Conduit Debt Obligations*, which provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. Earlier application is encouraged.

-- The GASB has issued Statement No. 92, *Omnibus 2020*, which enhances comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance. The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 are effective for fiscal years beginning after June 15, 2021. The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2021. The requirements related to the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2021. Earlier application is encouraged and is permitted by topic.

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

-- The GASB has issued Statement No. 93, *Replacement of Interbank Offered Rates*, which provides exceptions to the lease modifications guidance in Statement 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend. The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged.

-- The GASB has issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which will improve financial reporting by addressing issues related to public-private and public-public partnerships arrangements (PPPs). Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The requirements of this statement are effective for reporting periods beginning after June 15, 2022. Earlier application encouraged.

-- The GASB has issued Statement No. 96, *Subscription-Based Information Technology Arrangements*, which provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The requirements of this statement are effective for reporting periods beginning after June 15, 2022. Earlier application encouraged.

-- The GASB has issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*, which provides increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform. Costs will be mitigated associated with the reporting of certain defined contribution pension plans. The relevance, consistency and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans that meet the definition of a pension plan and for benefits provided through those plans. NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement.

The District will evaluate the impact each of these pronouncements may have on its financial statements and will implement them as applicable and when material.

NOTE 2 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUNDS STATEMENTS AND DISTRICT-WIDE STATEMENTS:

Due to the differences in the measurement focus and the basis of accounting used in the governmental fund statements and the District-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

A. Total Fund Balances of Governmental Funds vs. Net Position of Governmental Activities:

Total fund balances of the District's governmental funds differ from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from the additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund Balance Sheets.

See the Reconciliation on Pages 19 and 22 of the financial statement.

- The costs of building and acquiring capital assets (lands, buildings, and equipment) financed from the governmental funds are reported as expenditures in the year they are incurred, and the assets do not appear on the Balance Sheet. However, the Statement of Net Position includes those capital assets among the assets of the District as a whole, and their original costs are expensed annually over their useful lives.

See *Note 6 – Capital Assets* in these notes to the financial statements for information on the net capital assets of \$63,201,106.

Long-term liabilities are reported in the Statement of Net Position, but not in the governmental funds, because they are not due and payable in the current period. Balances at year end were:

NOTE 2 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUNDS STATEMENTS AND DISTRICT-WIDE STATEMENTS (CONTINUED):

B. Statement of Revenues, Expenditures, and Changes in Fund Balance vs. Statement of Activities:

Differences between the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balance and the Statement of Activities fall into one of four broad categories:

I. Long-Term Revenue/Expense Differences:

Long-term revenue differences arise because governmental funds report revenues only when they are considered “available”, whereas the Statement of Activities

reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

II. Capital Related Differences:

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the governmental fund statements and depreciation expense on those items as recorded in the Statement of Activities.

III. Long-Term Debt Transaction Differences:

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental fund statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position. These reconciliations can be found on Pages 21 and 23 of the financial statements.

IV. Pension Differences:

Pension Differences are noted in Note 2.A.

V. OPEB Differences:

OPEB differences occur as a result of changes in the District’s total OPEB liability and differences between the District’s contributions and OPEB expense.

See independent auditor’s report.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY:

A. Budgetary Procedures and Budgetary Accounting:

The District administration prepares a proposed budget for approval by the Board of Education for the following governmental funds for which legal (appropriated) budgets are adopted:

-- General Fund

The voters of the District approved the proposed appropriation budget for the General Fund.

Appropriations are adopted at the program line item level.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) that may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists, which was not determined at the time the budget was adopted.

Supplemental appropriations occurred during the year and are detailed below:

CHANGE FROM ADOPTED BUDGET TO FINAL BUDGET

Adopted Budget	\$ 72,348,771
Prior Year's Encumbrances	<u>393,381</u>
Original Budget	<u>72,742,152</u>
Budget Revisions	
Reserve Activity	94,331
Donations	<u>31,663</u>
	<u>125,994</u>
Final Budget	<u>\$ 72,868,146</u>

Budgets are adopted annually on a basis consistent with GAAP. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year.

Special Revenue Funds have not been included in the comparison because they do not have legally authorized (appropriated) budgets.

See independent auditor's report.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2020

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED):

Budgets are established and used for individual capital project fund expenditures as approved by a special referendum of the District's votes. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. These budgets do not lapse and are carried over to subsequent fiscal years until the completion of the project.

B. Encumbrances:

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as restrictions or assignments of fund balance and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

NOTE 4 – CASH AND CASH EQUIVALENTS – CUSTODIAL CREDIT, CONCENTRATION OF CREDIT, INTEREST RATE, AND FOREIGN CURRENCY RISKS:

Cash:

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. While the District does not have a specific policy for custodial credit risk, New York State statutes govern the District's investment policies, as discussed previously in these Notes.

As of June 30, 2020, \$-0- of the District's bank balance of \$6,426,835 was exposed to custodial credit risk as follows:

Uncollateralized	<u>\$ -</u>
Collateralized with securities held by the pledging financial institution, or its trust department or agent, but not in the District's name	<u>\$ -</u>

Restricted cash represents cash and cash equivalents where use is limited by legal requirements. These assets represent amounts required by statute to be reserved for various purposes. Restricted cash as of year-end include \$-0- within the governmental funds and \$-0- in the fiduciary funds.

NOTE 5 – INVESTMENTS:

The District participates in a multi-municipal cooperative investment pool agreement pursuant to New York State General Municipal Law Article 5-G, §119-O, whereby it holds a portion of the investments in cooperation with other participants. At year end, the District held \$19,510,226 in investments consisting of various investments in securities issued by the United States and its agencies. The investments are highly liquid, and considered to be cash equivalents. The following amounts are included as investments:

<u>Fund</u>	<u>Amount</u>

Restricted	2,992,402
Capital:	
Unrestricted	<u>2,470,823</u>

The above amounts represent the cost of the investment pool shares, and are considered to approximate market value. The investment pool is categorically exempt from the New York State collateralization requirements.

Interest Paid	\$	963,909
Accrued Interest, June 30, 2018		(189,855)
Impact of Amortize Premium		(70,786)
Accrued Interest, June 30, 2019		177,966
		\$ 881,234

Long-term liability balances and activity for the year are summarized below:

In the fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Further, the unmatured principal of general long-term debt does not require current appropriation and expenditure of governmental fund financial resources.

Serial Bonds

The School District borrows money in order to acquire land or equipment, construct buildings, or make improvements. This enables the cost of these capital assets to be borne by the present and future tax payers receiving the benefit of the capital assets. These long-term liabilities are full faith and credit debt of the local government. The provisions will be in the General Fund's future budgets for capital indebtedness.

From the General Fund these represent transferring the Districts 20% share of the Special Aid Fund's Summer Handicapped Program and transfers to the Capital Fund for voter authorized capital items such as construction and bus purchases.

Additional loans will occur between funds to mitigate the effects of cash flow, such as in the Special Aid Fund where-in project advances generally do not keep pace with costs and the General Fund has to "loan" cash dollars to run the programs. In the case of the Capital Fund, loans will occur in advance of obtaining the final funding through bond proceeds. In addition, in the case of the Capital Fund, interest earned on borrowed funds becomes payable to the Debt Service Fund for all future reduction of debt service payments. A. General Information:

The District participates in the New York State Employees' Retirement System (NYSERS) and the New York State Teachers' Retirement System (NYSTRS). These are cost-sharing, multiple-employer public employee retirement systems. The Systems offer a wide range of plans and benefits, which are related to years of service and final average salary, vesting of retirement benefits, death, and disability.

B. Plan Descriptions and Benefits Provided:

I. Teacher's Retirement System (TRS):

The District participates in the New York State Teachers' Retirement System (TRS). This is a cost-sharing, multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. The System is governed by a 10 member Board of Trustees. System benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in TRS. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Additional information regarding the System, may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395 or by referring to the NYSSTR Comprehensive Annual Financial report which can be found on the System's website at www.nystrs.org.

II. Employees' Retirement System (ERS):

The District participates in the New York State and Local Employees' Retirement System (ERS). This is a cost-sharing, multiple-employer retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net

position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regards to benefits provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The Systems are noncontributory except for employees who joined after July 26, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3.0 to 3.5 percent of their salary for their entire length of service. In addition, employee contribution rates under ERS Tier VI vary based on a sliding salary scale. For ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31. For TRS, contribution rates are established annually by the New York State Teachers' Retirement Board pursuant to Article 11 of the Education Law.

Contributions for the current year and two preceding years were equal to 100 percent of the actuarially determined contributions required, and were as follows:

	ERS	TRS
2019-2020	\$ 721,706	\$ 3,317,239
2018-2019	\$ 692,457	\$ 2,925,664
2017-2018	\$ 702,902	\$ 3,366,291

ERS has provided additional disclosures through entities that elected to participate in Chapter 260, 57, and 105.

C. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

At June 30, 2020, the District reported the following asset/(liability) for its proportionate share of the net pension asset/(liability) for each of the Systems. The net pension asset/(liability) was measured as of March 31, 2020 for ERS and June 30, 2019 for TRS. The total pension asset/(liability) used to calculate the net pension asset/(liability) was determined by an actuarial valuation. The District's proportion of the net position

D. Actuarial Assumptions:

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following assumptions:

Significant actuarial assumptions used in the valuations were as follows:

	ERS	TRS
Measurement Date	March 31, 2020	June 30, 2019
Actuarial Valuation Date	April 1, 2019	June 30, 2018
Interest Rate	6.80%	7.10%
Salary Scale	4.20%	4.72%-1.90%
Decrement Tables	April 1, 2010 - March 31, 2015	July 1, 2009 - June 30, 2014
	System's Experience	System's Experience
Inflation Rate	2.50%	2.20%

For ERS, annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System's experience with adjustments for mortality improvements based on MP-2014. For TRS, annuitant mortality rates are based on July 1, 2009 – June 30, 2014 System's experience with adjustments for mortality improvements based on Society of Actuaries Scale MP 2014.

For ERS, the actuarial assumptions used in the April 1, 2019 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015. For TRS, the actuarial assumptions used in the June 30, 2018 valuation are based on the results of an actuarial experience study for the period July 1, 2009 – June 30, 2014.

The long term rate of return on pension plan investments was determined using a building block method in which the best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of

return by weighting the expected future real rates of return by each of the target asset allocation percentage and by adding expected inflation.

Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized below:

Total	100%		100%	

E. Discount Rate:

The discount rate used to calculate the total pension liability was 6.8% for ERS and 7.10% for TRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

F. Sensitivity of the Proportionate Share of the Net Position to the Discount Rate Assumption:

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.8% for ERS and 7.1% for TRS, as well as what

H. Payables to the Pension Plan:

For ERS, employer contributions are paid annually based on the System’s fiscal year which ends on March 31st. Accrued retirement contributions as of June 30, 2020 represent the projected employer contribution for the period of April 1, 2020 through June 30, 2020 based on paid ERS wages multiplied by the employer’s contribution rate, by tier. Accrued retirement contributions as of June 30, 2020 amounted to \$185,713.

Accrued retirement contributions as of June 30, 2020 represent employee and employer contributions for the fiscal year ended June 30, 2020 based on paid TRS wages multiplied by the employer’s contribution rate, by tier and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2020 amounted to \$3,090,901.

NOTE 10 – POST-EMPLOYMENT (HEALTH INSURANCE) BENEFITS:

A. General Information about the OPEB Plan:

Plan Description – The District’s defined benefit OPEB plan, provides OPEB for all permanent full-time general and public safety employees of the District. The plan is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided – The District provides healthcare for retirees and their dependents. The benefit terms are dependent on which contract each employee falls under. The specifics of each contract are on file at the District offices and are available upon request.

Employees Covered by Benefit Terms – At July 1, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	187
Inactive employees entitled to but not yet receiving benefit payments	-
Active Employees	<u>360</u>
	<u>547</u>

B. Total OPEB Liability:

The District’s total OPEB liability of \$59,780,754 was measured as of June 30, 2020, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs – The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

NOTE 11 – RISK MANAGEMENT:

The District and other school districts have formed a reciprocal insurance company to be owned by these districts. This Company operates under an agreement effective July 1, 1989. The purpose of the Company is to provide general liability, auto liability, all risk building and contents and auto physical damage coverage. In addition, as part of the reciprocal program, excess insurance, school board legal liability, equipment floaters, boilers and machinery and crime and bond coverages will be purchased from commercial carriers and be available to the subscriber districts. The Company retains a management company which is responsible for the overall supervision and management of the reciprocal.

The reciprocal is managed by a Board of Governors and an Attorney-in-fact, which is comprised of employees of the subscriber districts. The subscribers have elected those who sit on the board and each subscriber has a single vote.

The Company is an “assessable” insurance company, in that, the subscribers are severally liable for any financial shortfall of the Company and can be assessed their proportionate share by the State Insurance Department if the funds of the Company are less than what is required to satisfy its liabilities. The subscriber districts are required to pay premiums as well as a minimal capital contribution.

The District purchases various insurance coverages from the Company to reduce its exposure to loss. The District maintains a general liability insurance policy with coverage up to \$1 million. The District maintains liability coverage for school board members up to \$1 million. The District also maintains an excess catastrophe liability policy with coverage up to \$20 million. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The District and neighboring school districts in Southern Westchester County participate in the State-Wide Schools Cooperative Health Plan. This Plan operates under an agreement, as amended, dated December 12, 1985. The purposes of the Plan are to effect cost savings in members’ expenses for health coverage; to provide for centralized administration, funding and disbursements for health coverage; and to provide for such risk management services as may be appropriate to reduce future expense and liability for health coverage. The governance of the Plan shall be in all respects in the hands of the Board of Trustees. The Board of Trustees shall consist of seven trustees elected by the general membership of the Plan. No action may be taken by the Board of Trustees except by a vote of a majority of the total number of trustees. Billings to participants are based upon coverage provided to each participant’s employees. The District has transferred all related risk to the Plan.

The District and neighboring school districts in Southern Westchester County, participate in the South Westchester Schools Cooperative Self-Insurance Plan for Workers’ Compensation. The purpose of the Plan is to provide efficient and economical evaluation, processing, administration, defense and payment of claims against plan members for workers’ compensation and employers’ liability payments. The Plan is managed and governed by a

Financial statements for the Plan are available from the administrator at 17 Berkley Drive; Rye Brook, New York 10573.

NOTE 12 – CONTINGENT LIABILITIES:

A. Litigation:

There are currently pending certiorari proceedings, the results of which could require the payment of future tax refunds by the District if existing assessment rolls are modified based on the outcome of the litigation proceedings. However, the amount of these possible refunds cannot be determined at the present time. Any payments resulting from adverse decisions will be funded in the year the payment is made.

B. Other:

The District received grants, which are subject to audit by agencies of the State and Federal governments. Such audits may result in disallowances and a request for a return of funds. Based on prior audits, the District's administration believes disallowances, if any, will be immaterial.

C. Coronavirus:

The Coronavirus (COVID-19), first detected in China, has since spread worldwide and has been declared a pandemic by the World Health Organization (WHO). The health risks are not to be underestimated, but the economic affect to business, other organizations, and the general population may be in the billions of dollars (or more). Some of the possible economic effects and business disruption are as follows.

1. The District is considered an essential service and will continue to perform services.
 - a. Per State mandate, as of March 17, 2020 the District quickly implemented remote learning through the close of the academic year. On August 7, 2020, NYS Governor Cuomo announces that in-person instruction is permitted for the start of 2020-21 school year. The District has submitted their COVID-19 Reopening Plan and is available on their website.
 - b. District provided meals though the 2020 academic year.
2. The District instituted, trained, and follows the CDC and NYS DOH guidelines on the hygiene, cleaning, and disinfection of school building and materials. The District increased cleaning of facilities and hired staff to clean surfaces to reduce the spread of the virus.

NOTE 12 – CONTINGENCIES LIABILITIES (CONTINUED):

3. The District has not laid off or receive resignations related to COVID-19.
4. The District has responded to the financial impact as follows.
 - a. NYSED provided an updated on 8/20/2020 regarding the NYS Division of the Budget (DOB) State Budget Financial Plan Update, which stated the DOB will begin withholding 20% of most local aid payments, and all or portion of these withholds may be converted to permanent reductions. In July 2020, DOB began approving General Support for Public School payments to school districts at 80% of the otherwise scheduled amounts. The District recorded all State Aid receivables for General Support Aid payments at 80% as of June 30, 2020, due to the uncertainty of collection in a one-year period.
 - b. The District has applied for Federal aid made available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act, to the Governor's Emergency Education Relief (GEER) Fund for fiscal year 2021 and to the Elementary and Secondary School Emergency Relief (ESSER) Fund. The District's application for the grants primarily requested funding to cover the cost of technology to facilitate remote instruction in hybrid learning environment.
5. The District's Superintendent, Assistant Superintendents are closing watching NYSED's guidance and recommendations to keep staff, students, and the community safe.

The duration of the effects of the virus and its economic impact are not known at this time, however, the longer this health issue affects the District the more costly it may become.

NOTE 13 – RESTATEMENT OF FUND BALANCE:

For the fiscal year ended June 30, 2020, the District restated the fund balance of the Capital fund by increasing it by total of \$264,466 due to expenditures recorded in the fund in prior years that should have been accounted for in the General Fund and Debt Fund. As such the District also restated the fund balance of the General Fund by decreasing it by total of \$264,708 and restated the Debt Fund by increasing it a total of \$242. This had no effect to the net position.

For the fiscal year ended June 30, 2020, the District restated the fund balance of the General fund by decreasing it by total of \$100 due to over stating the petty cash balance in the fund in prior years that should have been zero in the General Fund. This had the same effect to the opening net position.

For the fiscal year ended June 30, 2020, the District restated the fund balance of the Special Aid Fund due to clean done on prior year grant balances, which increased it by total of \$1,140. As such the District also restated the fund balance of the General Fund by decreasing it by total of \$1,140. This had no effect to the net position.

Notes to Schedule:

Changes of Assumptions:

Changes of Assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

2020	3.51%
2019	3.87%
2018	3.58%
2017	2.85%

* Mortality assumption was updated from the RP-2014 Combined Healthy Generational Mortality Table with projection scale MP-2016 from the Central Year to the Public-2010 Headcount Weighted Mortality Table with projection scale MP-2018 varying based on Bargaining Unit Classification.

* The discount rate was updated from 3.87% to 3.51% to be consistent with GASB 75 requirements and is based on Bond Buyer 20 GO Bond Index.

* Salary Scale was updated to service-based tables from ERS and TRS to be consistent with GASB 75 requirements.

* Healthcare cost trend rates were updated based on national average information from a variety of sources, including S&P Healthcare Economic Index, NHCE data, plan renewal data, and vendor Rx reports, with adjustments based on the provisions of the benefits sponsored by the Ardsley Union Free School District.

* Underlying claims were updated to reflect the most recent claims experience.

* The Tax Cuts and Jobs Act passed in December 2017 changed the index used to increase the Excise Tax Thresholds from CPI to Chained CPI.

* The Budget Continuing Resolution signed in January 2018 delayed the effective date of the Excise Tax from 2020 to 2022.

10 years of historical information will not be available upon implementation. An additional year of historical information will be added each year subsequent to the year of implementation until 10 years of historical data is available.

In accordance with New York State Law, the District's Defined Benefit OPEB Plan is not administered through a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. Accordingly, the District does not have net assets accumulated in a trust.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
 OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
 BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN
 ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
 Ardsley Union Free School District
 Ardsley, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ardsley Union Free School District (the "District"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 13, 2020.

Internal Control Over Financial Reporting:

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the District's internal control. Accordingly, we do not express an opinion on the effectiveness of District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*
(CONTINUED)

Compliance and Other Matters:

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report:

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Ardsley Union Free School District
Ardsley, New York

In planning and performing our audit of the basic financial statements of Ardsley Union Free School District (the "District") for the year ended June 30, 2020, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, we considered the District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ardsley Union Free School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. We previously reported on the District's internal control in our report dated October 13, 2020. This letter does not affect our report dated October 13, 2020, on the basic financial statements of Ardsley Union Free School District.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various District personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

MEMORANDUM

PRIOR YEAR MEMORANDUM ITEMS

School Lunch Fund:

During the June 30, 2012 through 2015 audits, it was noted the School Lunch Fund had greater than three months' worth of average operating expenditures in its fund balance. The fund balance has grown each year during this period.

June 30, 2016 Status:

During the current year audit, it was noted the school lunch fund has \$546,601, which is greater than three months' worth of average operating expenditures. The District should formalize a multiyear plan to utilize these funds for the benefit of the program. Accordingly, we will continue to monitor this area.

June 30, 2017 Status:

During the current year audit, it was noted the school lunch fund has \$600,821, which is greater than three months' worth of average operating expenditures. The District should formalize a multiyear plan to utilize these funds for the benefit of the program. Accordingly, we will continue to monitor this area.

June 30, 2018 Status:

During the current year audit, it was noted the school lunch fund has \$723,871, which is greater than three months' worth of average operating expenditures. The District should formalize a multiyear plan to utilize these funds for the benefit of the program. Accordingly, we will continue to monitor this area.

June 30, 2019 Status:

During the current year audit, it was noted the school lunch fund has \$582,438, which is greater than three months' worth of average operating expenditures. The District should formalize a multiyear plan to utilize these funds for the benefit of the program even though during the current year there was a decrease due to normal activity in the fund. Accordingly, we will continue to monitor this area.

June 30, 2020 Status:

During the current year audit, it was noted the school lunch fund has \$473,958, which is greater than three months' worth of average operating expenditures. The District should formalize a multiyear plan to utilize these funds for the benefit of the program even though during the current year there was a decrease due to normal activity in the fund. Accordingly, we will continue to monitor this area.

Extraclassroom Activity Funds:

Annually, the District has clubs on the books which show no financial activity. Clubs are not necessarily inactive even though there are no funds in their account. The District recognizes that regulations require the funds of a discontinued activity revert to the account of the general student organization.

MEMORANDUM

PRIOR YEAR MEMORANDUM ITEMS (CONTINUED)

June 30, 2016 Status:

During the current year audit, it was noted that 17 funds showed no activity. The District should recognize each year all active clubs even if they don't have financial activity. This can be accomplished by supplying a list at least annually to the Board of Education. Accordingly, we will continue to monitor this area.

June 30, 2017 Status:

During the current year audit, it was noted that 19 funds showed no activity. The District should recognize each year all active clubs even if they don't have financial activity. This can be accomplished by supplying a list at least annually to the Board of Education. Accordingly, we will continue to monitor this area.

June 30, 2018 Status:

During the current year audit, it was noted that 14 funds showed no activity. The District should recognize each year all active clubs even if they don't have financial activity. This can be accomplished by supplying a list at least annually to the Board of Education. Accordingly, we will continue to monitor this area.

June 30, 2019 Status:

During the current year audit, it was noted that 16 funds showed no activity. The District should recognize each year all active clubs even if they don't have financial activity. This can be accomplished by supplying a list at least annually to the Board of Education. Accordingly, we will continue to monitor this area.

June 30, 2020 Status:

During the current year audit, it was noted that 25 funds showed no activity. The District should recognize each year all active clubs even if they do not have financial activity. This can be accomplished by supplying a list at least annually to the Board of Education. Accordingly, we will continue to monitor this area.

Extraclassroom Activity Funds:

During the 2014 year audit, we noted thirteen deposit forms and four expense forms that were not fully completed. The incomplete forms were missing various signatures.

We recommend the District go over the extraclassroom fund policies and work to strengthen the overall controls over the funds.

MEMORANDUM

PRIOR YEAR MEMORANDUM ITEMS (CONTINUED)

June 30, 2016 Status:

During our current year audit, we found twelve deposit forms and two expense forms that were not fully completed. All of the testing exceptions related to signature on forms; all of the student treasurers and three of the faculty advisors (school store). All findings occurred in the Middle School Clubs. Additionally, one of the tested deposits in the Middle School Clubs was recorded in the cash receipt book for \$5 less than the actual check. Accordingly, we will continue to monitor this area.

June 30, 2017 Status:

During our current year audit, we found nine deposit forms were not fully completed. All of the testing exceptions related to signature on forms. All findings occurred in the Middle School Clubs. These were noted during preliminary testing and discussed with administration. When examined again during concluding fieldwork no exceptions were noted. Accordingly, we will continue to monitor this area.

June 30, 2018 Status:

During our current year audit, we found thirteen deposit forms and three expense forms that were not fully completed. All of the testing exceptions related to signature on forms. Fifteen occurred in the Middle School Clubs and one in the High School Club. These were noted during preliminary testing and discussed with administration. When examined again during concluding fieldwork, no exceptions were noted. Accordingly, we will continue to monitor this area.

June 30, 2019 Status:

During our current year audit, we found ten deposit forms that were not fully completed. All of the testing exceptions related to signature on forms. All occurred in the Middle School Clubs. These were noted during preliminary testing and discussed with administration. When examined again during concluding fieldwork, no exceptions were noted. Accordingly, we will continue to monitor this area.

June 30, 2020 Status:

During our current year audit, we found nine deposit forms that were not fully completed, missing signatures. One deposit form was missing. All occurred in the Middle School Clubs. There was one expense that did not have supporting documentation. These were noted during testing and discussed with administration. Accordingly, we will continue to monitor this area.
