STUDENT TRANSPORTATION SERVICES

The Board of Directors will provide transportation for all students living beyond a reasonable distance from their school or from a scheduled bus stop as the Board has determined. This distance is defined as one mile.

Distance shall be measured by the shortest publicly traveled way from the residence to the bus stop or school door. In cases questioned, distance will be measured and established by the Superintendent or ~~his/her~~ their designee.

Exceptions to the above distance shall be made for the following reasons only:

A. Health

Exceptions to established walking distances may be made for students with disabilities as required by their IEP or Individual Health Plan (504 Plan). Exceptions may also be made to accommodate a student's need for transportation with written documentation for the student's physician.

B. Pre-Kindergarten and Kindergarten Students

Pre-Kindergarten and Kindergarten bus service will include pickup and delivery to the home, providing a suitable bus turn is available.

C. Hazardous Walking Conditions

Hazardous walking conditions shall be defined as those which would place a child of a given age in a situation of greater than normal or average danger.

Authorized bus stops will be located so as to load and unload students with the most safety allowed by road conditions. The distance between stops may vary according to safety factors. If possible, students will be loaded and unloaded so that it is not necessary for them to cross a main highway to reach their homes.

Requests for bus stops, inconsistent with this regulation must be made in writing and submitted to the Superintendent or his/her designee.

DRUG FREE WORKPLACE

The RSU No. 5 Board of Directors recognizes that alcoholism and drug dependency are treatable diseases. Left untreated, they may result in serious personal and family problems. At the same time, the Board is also seriously concerned about the effects of alcohol and drug dependency upon an employee's job performance and ability to serve as a role model for our students.

The Board believes strongly that all employees and students should be able to work and learn in an environment free from alcohol and drug abuse. Accordingly, the RSU No. 5 School Department expects all employees to report for work and to perform their duties in a manner which does not jeopardize the health, safety and wellbeing of coworkers and students.

No employee shall distribute, dispense, possess, use or be under the influence of any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor. Nor shall an employee unlawfully manufacture, distribute, dispense, possess, use or be under the influence of "bath salts" or other synthetic hallucinogen or of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid or any other controlled substance (as defined in schedules I through V of section 202 of the federal Controlled Substance Act [21 USC § 8 12]; by regulation at 21 CFR, § 1300.11 through 1300.15; and in 17A MRSA, § 1101). This applies before, during and after school hours, at school or in any other school system location, defined as follows:

> "School system location" means in any school building or on any school premises; in any school owned vehicle or in any other school approved vehicle used to transport students to and from school or school activities; off school property at any school sponsored or school approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school unit; or during any period of time such employee is supervising students on behalf of the school system or otherwise engaged in school unit business.

Any employee who suspects that ~~he/she~~ they may have an alcohol or drug dependency problem is strongly encouraged to contact ~~his/her~~ their supervisor to seek voluntary diagnosis and treatment. The employee will be provided confidential referral services to an outside agency upon request and assisted in determining the extent to which insurance coverage to help pay for such services is available. All voluntary referrals shall be kept confidential.

Any illegal use, possession, furnishing, selling or provision of assistance in obtaining "bath salts", alcoholic beverages or scheduled drugs not covered above may, depending upon the circumstances, constitute sufficient grounds for discipline, up to and including dismissal. Referrals under foregoing paragraphs of this policy will not preclude disciplinary action under this paragraph, depending on the circumstances.

As provided in the DrugFree Workplace Act of 1988, any employee is required to notify the school unit of a criminal or civil conviction for a drug violation occurring in the workplace no later than five calendar days after such conviction. In turn, the Superintendent, within 10 calendar days of learning of such a conviction, is to give written notification to the U.S.

Department of Education and to any other federal agency from which the unit receives grant funds.

Appropriate personnel sanctions shall be taken against any employee who violates the terms of this school unit's drug and alcohol policy, up to and including dismissal.

Implementation

The Superintendent shall be responsible for developing and administering appropriate procedures to implement this policy.

Communication

A copy of this policy is to be given or mailed to all current employees and to new employees at the time of their employment and is to be posted in appropriate locations throughout the school system.
