The Panama-Buena Vista Union School District (**the District**) Student Transportation Plan is designed to provide safe and consistent transportation services for our families specifically emphasizing our primary and special needs students. Specifics of the Student Transportation Plan are codified in the District's Board Policies and Administrative Regulations.

Background

Home-to-School (HTS) Transportation Reimbursement was implemented by Assembly Bill (AB) 181 (Chapter 52, Statutes of 2022) and amended by AB 185 (Chapter 571, Statutes of 2022). It provides reimbursement funding for school districts and county office of education based on the prior year eligible transportation expenditures and prior year Local Control Funding Formula transportation related add-on funding.

As a condition of receiving apportionments a local educational agency shall develop a plan describing the transportation services it will offer to its pupils, and how it will prioritize planned transportation services for pupils in transitional kindergarten, kindergarten, and any of grades 1 to 6, inclusive, and pupils who are low income. The plan shall be adopted by the local educational agency's governing board on or before April 1, 2023, and updated by April 1 each year thereafter. (*Education Code* Section 39800.1)

Consultations

The District has developed this plan in consultation with classified staff, teachers, school administrators, regional local transit authorities (Golden Empire Transit), local air pollution control districts and air quality management districts (San Joaquin Valley Air Pollution Control District), parents, pupils, and other stakeholders. This plan shall be presented and adopted by the District's governing board in an open meeting with the opportunity for in-person and remote public comment. This plan may also provide for the District to partner with a municipally owned transit system (Golden Empire Transit) to provide transportation service pursuant to this section to district middle school pupils. Nothing in this plan shall preclude the District from providing no-cost passes to pupils. (*Education Code* Section 39800.1)

Unduplicated pupils

The District shall provide unduplicated pupils the ability to be able to access available home-to-school transportation at no-cost to them. For purposes of this section "unduplicated pupil" means a pupil enrolled in a school district or a charter school who is either classified as an English learner, eligible for a free or reduced-price meal, or is a foster youth. (*Education Code* Section 39800.1)

Board Policy (BP) 3540: Transportation

The Governing Board desires to provide for the safe and efficient transportation of students to and from school as necessary to ensure student access to the educational program, promote regular attendance, and reduce tardiness. In determining the extent to which the district will provide transportation services, the Board shall weigh student and community needs against the cost of providing such services.

The Board may purchase, rent, or lease vehicles; contract with a common carrier or municipally owned transit system; contract with responsible private parties including the parent/guardian of the student being transported; and/or contract with the County Superintendent of Schools. (Education Code 35330, 39800, 39801)

In lieu of providing transportation in whole or in part, the district may pay the student's parents/guardians either their actual and necessary expenses in transporting the student or the cost of the student's food and lodging at a place convenient to the school. In either case, the amount of the payment shall not exceed the cost that would be incurred by the district to provide for the transportation of the student to and from school. (Education Code 39806-39807)

The Board may charge a transportation fee to parents/guardians of transported students in accordance with Education Code 39807.5 and BP/AR 3250 - Transportation Fees.

No student shall be required to be transported for any reason without the written permission of the student's parent/guardian, except in emergency situations involving illness or injury to the student pursuant to Education Code 35350 or the evacuation of students as necessary for their safety.

The Superintendent or designee shall develop procedures to promote safety for students traveling on school buses.

The district may install a global positioning system (GPS) on school buses and/or student activity buses in order to enhance student safety and provide real-time location data to district and school administrators and parents/guardians.

The Superintendent or designee shall ensure the qualifications of bus drivers and related staff employed by the district, provide for the maintenance and operation of district-owned school buses and other equipment, and ensure adequate facilities for equipment storage and maintenance.
