COURSE OFFERINGS

Douglas High School currently offers several Career and Technical Education courses to prepare students for the workplace with career-ready skills and training. Our Welding I and Welding II classes are WNC Dual Credit courses, taught by experienced WNC instructors, providing students with both high school and college credit.

The Welding classes will be divided into 5 units. (Oxy Fuel, SMAW, MIG Steel, TIG Steel and TIG Aluminum). Each unit will involve a classroom lecture on the theory of the welding style and proper set up and safety information. Students will complete a standard battery of welds (Butt, Fillet, Edge, Lap and Corner) for each unit showing proficiency on these welds.

EQUIPMENT & PROJECTS

WHERE OUR WELDERS END UP AFTER HIGH SCHOOL

We have had multiple students attend various technical schools over the past 5 years.

- Lincoln Electric - Dayton, Ohio
- WyoTech - Laramie, Wyoming
- UTI - Arizona
- Western Welding Academy - Gillette, Wyoming
- Western Nevada College

THE LIST KEEPS GROWING!

We are am proud to say our students are leaving DHS and going on to these trades schools, graduating with certificates, and making a great living!

Go Tigers!
