- Greenhand Conference (Fallon, NV)
- Livestock Judging (Logandale, NV)
- Greenhand Conference (Fallon, NV)
- Winter Leadership Conference (NV)
- Summer Leadership Conference (Lake Tahoe, NV)

The first known recording of the DHS agricultural program dates back to 1917, making this program the oldest vocational program in Douglas County High School. Carson Valley FFA was chartered into the DHS Agriculture Program in October of 1929, making our chapter the longest continuous running FFA chapter in the state of Nevada.

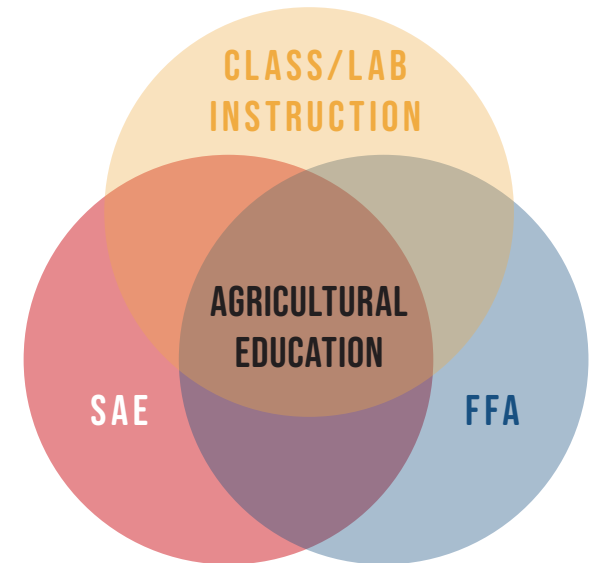

Today, FFA is our mandatory Career and Technical Student Organization (CTSO), which instills leadership, personal growth, and career readiness skills for our students. All agriculture students automatically become FFA members.

SAE

SUPERVISED AGRICULTURE EXPERIENCE

A Supervised Agricultural Experience (SAE) is a structured experiential and work-based learning opportunity in school-based agriculture, food, and natural resources program to extend beyond the classroom that takes place in a setting outside of regular school hours in order to develop an individual student's industry and career-based competencies.

WHAT IS AGRICULTURAL EDUCATION?
