**MILITARY  
SCIENCE  
JROTC**

**“Military Science provides young adults the necessary lessons and activities that develop them into more competent leaders and followers. The program allows cadets to be part of something bigger while having fun and creating life-long memories.”**  
- Ivan Euceda, Battalion Commander

EARN PE  
AND HONORS  
CREDITS!

### SPECIAL TEAMS:

**RAIDER TEAM:** compete in a variety of team building events.

**RIFLE TEAM:** learn safety procedures and marksmanship skills.

**COLOR GUARD:** a competition team that practices and competes at Drill Meets and the local community color guards.

**DRILL TEAM:** armed or unarmed marching techniques and maneuvers.

**VEX ROBOTICS TEAM:** develop problem solving skills while learning STEM principles.

### WHAT IS JROTC ABOUT:

We are a program designed around a military organizational design (Army Battalion); with a mission to create better citizens, instill leadership skills, and teach Cadets teamwork whether it is inside or outside of our program. Some of the things Cadets receive instruction on include the following; how to use a compass while navigating using a map, First Aid, Physical Training and Health, Drill Movements, provide Service Learning opportunities, and wearing a uniform that they can take pride in.

### CO-CURRICULAR ACTIVITIES:

**JCLC (JROTC Cadet Leadership Challenge) Includes the following:**

- Orienteering
- Land navigation
- Rappelling
- Raider skills
- Water survival
- Ropes course
- Kayaking

**Parades:**

Nevada Day (Carson City)  
Veteran's Day (Virginia City)

*If you have any questions,  
please email or call the  
instructors to obtain more  
information about Army JROTC.*
