**Informational Item: Student Update:**

- 1st week of school COVID protocol update – The students are required to wear masks. RHS is following protocols set forth by the district. Visitor Wellness Checks continue. Many staff meetings have been moved to Teams.
- Construction update – Things are progressing according to plan. Finishing touches are being on done on the black box.
- Academic update – Grade categories are: Major/Minor/Practice  
Practice will not count more 15% of final grade. Dr. Shaw expects weights to be consistent among PLC. Grading standards will be included in course syllabi. There are no incompletes this year. Zeroes will be entered. One major assessment may be retaken once every 9 weeks.
- Moment of Silence/Pledge- Students have a right to not participate in the Pledge. Per Board policy, students may remain seated, but they may not be disruptive to others who choose to participate.
- AP testing results from May 2021 – Dr. Shaw explained to the committee that he considers AP data a baseline at this point, due to the pandemic. The community will be looking for growth for this year. The average pass rate is 76.9 %.
- Students are still enrolling. Currently, RHS is 10 kids under projection. The budget was built on 2186 students. As of today, enrollment includes 2176 students. If RHS gets more kids, the school gets more money. Ms. Stone asked about the number of kids moving to virtual. Ms. Johnson reports that some are going to other schools, and some are enrolling from other schools.
- Strategic Plan for SY 2021-2022 – Dr. Shaw shared the concept of the 3 rocks: relationships & routine, Tier 1 instruction, and Intervention. RHS will have to submit a plan for moving the rocks. In an effort to build relationships and establish routines, the staff have been teaching expectations to Hornets during the first week. Dr. Shaw explained that teachers have PLC time during the day while kids are at lunch. Standards Mastery Framework is also a framework for instruction to ensure that all FCS kids receive the same instruction. Once a week the Admin PLC meets once a week to

discuss what they've seen in classrooms and PLCs. Regarding interventions, the school continues to work on clearing WF and incompletes. RHS has a plan they sent to Cliff Jones. RHS is awaiting to hear about the approval of the plan. The school is also using credit recovery to help students earn credit by earning at least a 70% in their course work.
