Public Comment:

- Mr. Barth shared that while he was a member of SGC, he found it helpful to visit various clubs at RHS and explain the purpose of SGC to the student body.
- Mr. Barth also shared that having a parent representative who serves as the liaison between SGC and PTA might be helpful to the work of the SGC.
- Mr. Barth recommended that the SGC seek teacher input early regarding their seed fund requests and proposed uses for seed funds.
- Mrs. Lee commented that schedules will be published August 5, which is the same day as freshmen orientation. Mrs. Lee was curious about how the publication of freshmen student schedules on the same day as freshman orientation might impact rising freshmen. Dr. Shaw reported that while kids can see schedules on Infinite Campus, freshman attending orientation will also receive a paper copy of their schedule.

Student Update:

- Claire and Sadie are excited to be part of SGC this year and look forward to their work with the committee.

Welcome Members and Guests:

Dr. Shaw welcomed stakeholders to the meeting. All voting members introduced themselves. A quorum was established.

Review of SGC member Expectations and Public Comment Rules:

Dr. Shaw thanked committee members for their service and explained the expectations for serving on the SGC. Dr. Shaw also reviewed the public comment rules.

Discussion Item – Determine Meeting Schedule for SY 2021-2022

The committee agreed to hold meetings at 4:00 pm on the second Wednesdays every month. The next meeting will be August 11 at 4:00 pm.

Discussion Item – Review SY 2020-2021 Council Self-Assessment Results:

Dr. Shaw shared the self-assessment results from last year. Overall, based on the data, it appears that the work of the SGC was effective. In the area of monitoring school's progress toward strategic outcomes, the survey results indicated that "sometimes" the council participates in monitoring. Dr. Shaw shared this rating was most likely due to Covid-19 and the unprecedented year. For SY 2021-2022, monitoring the schools strategic plan will be resume. Another question with the overall ranking of "rarely" included the SGC's use of committees to distribute the work of the full Council. This might be an area where the committee asks Hannah Zey for more support.

Discussion Item: Establish SY 2021-2022 Council Norms

The SGC reviewed and discussed the norms established by last year's SGC. The committee agrees that the norms instituted last year were adequate, and no revisions were made.

Principal's Update:

- Renovations are on track to be completed by August 9. Renovations include: new suite for broadcast video, new area for cosmetology, updated area for marketing pathway students, updated area for chorus students
- New school improvement projects scheduled to be completed by mid-October include: a construction lab, a black box theater for drama students, a new PE room, a new space for ROTC.
- AP scores have arrived. Dr. Shaw will share the scores at the next meeting. In most subjects, RHS scores are above the GA average.
- Hiring is complete for the new school year. Sixteen new staff members are joining the RHS staff, including a new band and chorus director, as well as a new assistant-principal. Dr. Shaw expressed openly how pleased he is with the new hires.
- There are no vacant positions.
- Ms. Stone asked about community mentors to help with new hires. Ms. Stone will contact the RHS staff member who assists with new teacher support.
- While the CDC recommended full-time masking as students return to school, as of right now, Fulton will not require full-time masking. If the rules change, RHS will comply.
- The full-time virtual school has re-opened enrollment.
- Schedules will be visible to students on August 5. Course change requests will also be available.
- Fall sports and clubs are on target to proceed at the beginning of the school year.
- Kit Cummings shared his presentation virtually last year. He worked with the football team this

summer. He is working on the Power of Peace program. His focus is helping kids set their goals based on their dreams.

- All the portables will not be removed . ESL and TAG classes will likely have to remain.
- Pre-planning begins next week. An exciting full week is planned for the teachers. Dr. Shaw is excited to have his staff back in the building and he is looking forward to a tremendous year.
- In an effort to provide on-going staff professional development, the county has adopted late-starts for students, once a month. More details about late start activities will be forthcoming.
