Schedule Change Requests

Please use this [Microsoft Form](#) to submit your change by the 1/14/22 deadline. Changes are made based on space and availability. Please **DO NOT** email your counselor asking when a certain class is available or what electives are open for a given period. Schedule change requests will not be honored via email. List any special requests in the comments section (example: I will keep my schedule as is if my requested options change the rest of my schedule).

Remote Access to your Classes

If you are having trouble accessing your class remotely, please reach out to your teacher directly. Your schedule is located in Infinite Campus. If you are having issues with technology or your device, please contact the IT Service Desk: **470-254-4357** or itservicedesk@fultonschools.org
