## Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

The historical requirement of the Comprehensive School Safety Plan (CSSP) was presented in Senate Bill 187. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation. In 2004, the Legislature and Governor recast and renumbered (SB719 & AB 115) the Comprehensive School Safety Plan to support California public schools as they develop their mandated comprehensive safety plans to include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

Effective January 1, 2019, Assembly Bill 1747 became law, requiring that the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities. This bill requires the CSSP to also include procedures for conducting tactical responses to criminal incidents. In January 1, 2019, AB 2291 became law. This bill requires local educational agencies (LEAs) to adopt, on or before December 31, 2019, procedures for preventing acts of bullying, including cyberbullying.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contain the following elements: Assessment of school crime committed on school campuses and at school-related functions; child abuse reporting procedures; disaster procedures; suspension and expulsion policies; procedures to notify teachers of dangerous pupils; discrimination and harassment policies; school-wide dress code policies; procedures for safe ingress and egress; policies enacted to maintain a safe and orderly environment; rules and procedures on school discipline and hate crime reporting procedures.

Districts and County Offices of Education are encouraged to include clear guidelines for the roles and responsibilities of the following positions (if used):

- Mental Health professionals, school counselors
- Community Intervention Professionals
- School Resource Offices, police officers on campus

The guidelines are encouraged to include strategies to create and maintain a positive school climate and mental health protocols for the care of students who have witnessed a violent act at any time.

The Comprehensive School Safety Plan may include procedures for responding to the release of a pesticide or other toxic substance from properties located within in-quarter mile of a school.

The Comprehensive School Safety Plan will be reviewed, updated, board approved and submitted to San Mateo County Office of Education by March 1st of every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual School Accountability Report Card (SARC).

A copy of the Comprehensive School Safety Plan – Public Component is made available for review at the District Office and on the District Website

## Safety Plan Vision

This Comprehensive School Safety Plan analyzes current safety conditions and school climate. In doing so, the plan describes programs in place at our schools, and defines the strategies and programs in place for continued improvement in providing a safe, orderly, school environment that is nurturing and conducive to learning. Appendices follow the action plan. These Appendices include specific, mandated policies and protocols connected to the safety strategies and programs described within the narrative of this document.

## Components of the Comprehensive School Safety Plan (EC 32281)

### Orion Alternative Elementary School Safety Committee

Name	Agency	Title	Membership Role
Winnie Wong	Orion School	Principal	Committee Member
Maribel Ibarra	Orion School	MTSS TOSA	Committee Member
Brianna Turner	Orion School	Vice-principal	Committee Lead
Robert Keene	Orion School	School Psychologist	Committee Member
Jesus Aguilar	Orion School	Lead Custodian	Committee Member
Elizabeth Araiza	Orion School	Office Manager	Committee Member

### Assessment of School Safety

#### Current Status of School Crime (EC 32282.1)

CSSP shall include an assessment of the current status of school crime at the school and the school related functions. This may be accomplished by reviewing one or more of the following types of information:

- Office Referrals
- Attendance rates/School Attendance Review Board
- Suspension/Expulsion data
- California Health Kids Survey
- School Improvement Plan
- Local law enforcement juvenile crime data
- Property Damage data

Describe the data reviewed and key analysis points, and table of findings. Document how this information was shared with your SSC/planning committee and date shared:

0.5% of students were suspended during the 2022-2023 school year.

There were no expulsions during the 2022-2023 school year.

Attendance and Tardy concerns are monitored by the Office Assistant and one of the Assistant Principals. Parents of students who are absent or tardy excessively or regularly receive a letter from the Principal, stating attendance requirements. If poor attendance persists, a referral is made to the School Attendance Review Board (SARB). SARB hearings were held for one Orion student in 2022-2023.

Data reviewed came from the California School Dashboard for 2023

(<https://www.caschooldashboard.org/reports/41690056102941/2023#suspension-rate-card>). This information was shared with our SSC during the January 2024 meeting.

### Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Include in this section appropriate strategies and program that provide and maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

### **Student Threat Assessment Policy and Protocol**

The San Mateo County Office of Education operates the San Mateo County Student Threat Assessment Center that oversees the Student Threat Assessment Protocol/Process for all school districts in the county. The Student Threat Assessment Protocol and Process is designed for use with students who are engaged in circumstances that suggest the potential for aggression directed at other people, including procedures related to students bringing weapons on school campuses and at school related functions. The San Mateo County Student Threat Assessment Protocol is designed for Districts and/or school sites to oversee the site based multi-disciplinary Level 1 Threat Assessment team. A County-Wide Level 2 Student Threat Assessment Team that is Multi-Disciplinary Team made up of Leaders from San Mateo County Office of Education, Behavioral Health and Recovery Services, the Office of Consumer and Family Affairs, Juvenile Probation, Child and Family Services, Members of Law Enforcement and the County Attorney's Office. This team meets regularly and as needed to provide support to school sites and districts is assessing, responding to and providing services to student who make targeted threats of violence or suggest the potential to do so. Annual updates and training on the protocol and process are provided by the San Mateo County Office of Education.

### **Suicide Prevention Policy and Protocol**

Suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. The San Mateo County Suicide Prevention Protocol for Schools provides schools/districts with a comprehensive approach to prevention, intervention and postvention strategies for students struggling with suicide and self-injurious behavior.

Measures and strategies specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. Prevention and Intervention strategies are developmentally appropriate for the student population that is being served. San Mateo County Suicide Prevention Protocol for Schools addresses the following:

- Strategies to help promote a positive school climate
- Staff development on suicide awareness and prevention for all K-12 staff
- Instruction to students in problem-solving and coping skills as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
- Information to parents/guardians regarding risk factors and warning signs of suicide, basic steps for helping suicidal youth and school and community resources.
- Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
- Crisis intervention procedures for addressing suicide threats or attempts
- Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide.

### **Naloxone for Schools Toolkit to Reverse Opioid Overdoses (Optional)**

Recent increases in opioid overdose-related deaths span across adult and youth populations, indicating that schools should develop and implement additional safety nets to protect students and school staff. In addition to drug awareness and education programs, schools and districts in San Mateo County can implement the [Coalition for Safe Schools and Communities Naloxone Protocol for Schools](#) to reverse opioid overdoses on campus.

San Mateo County Office of Education is partnering with the State of California to offer the Naloxone Distribution Project (NDP) to San Mateo County schools and districts. The NDP aims to reduce opioid-overdose deaths through training and the provision of free Naloxone. All TK-12 public school districts, charter schools, and private schools may participate.

The Naloxone for Schools Toolkit is a set of protocols and resources detailing how to train staff, obtain, and administer Naloxone. San Mateo County Office of Education offers training on the Naloxone Toolkit to all school in San Mateo County.

Winnie Wong has been trained in the use of Naloxone and the Naloxone Toolkit for Schools and is implementing the protocol in Redwood City School District Schools.

**(Optional) Board Policy, Protocol of Procedures can be uploaded here**

**Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)**

Teachers and support staff are mandated reporters and are required by the State of California to report any known or suspected instances of child abuse or neglect to the county child welfare department or to a local law enforcement agency. No proof of abuse or neglect is needed, only "reasonable suspicion" that child abuse or neglect may have occurred. Any concern about the possibility of child abuse or neglect must be reported. Investigations will be conducted by law enforcement and/or the county child welfare department to determine if abuse or neglect has occurred.

Mandated reporters must report to the County Child Welfare Department or to local law enforcement immediately by phone. A written report must then be sent within 36 hours by fax, or it may be sent by electronic submission, if a secure system has been made available for that purpose in the county. Written reports must be submitted on the California Suspected Child Abuse Report Form 8572. Telling a supervisor does not meet the mandated reporting requirement. If a decision is made that the supervisor will complete and submit the report to the county child welfare department or law enforcement agency, then one report is sufficient.

For mandated reporters, Penal Code 11172 (a) provides absolute immunity from state criminal or civil liability for reporting as required. This immunity applies even if the mandated reporter acquired the knowledge or reasonable suspicion of abuse or neglect outside of his or her professional capacity or scope of employment. However, mandated reporters will only have immunity under federal claims if the report was made in good faith.

Legally mandated reporters can be criminally liable for failing to report suspected abuse or neglect. The penalty for this misdemeanor is up to six months in jail and/or up to a \$1,000 fine. Mandated reporters can also be subject to a civil lawsuit and found liable for damages, especially if the child victim or another child is further victimized because of the failure to report.

A. Child Abuse Reporting Procedures District Policy: All certificated employees and any other employees designated by law as mandated reporters of the district are directed to report known or suspected incidents of child abuse in accordance with state law and district regulations. Mandated reporters are required to report if a "reasonable suspicion" of child abuse is suspected. Reports must be made immediately, or as soon as practically possible, and in writing within 36 hours. Mandated reporters shall call the local CPS agency, police or sheriff and make a verbal report with the following information:

1. Name of person making report 2. Name of the child 3. Present location of the child  
4. Nature and extent of the injury 5. Any other information requested by CPS, police or sheriff. Employees reporting child abuse are encouraged, but not required, to notify the site administrator or designee as soon as possible after the initial verbal report by telephone. Administrators shall provide any assistance necessary to ensure that reporting procedures are carried out according to state law and district regulations. Mandated reporters have absolute immunity and are not civilly or criminally liable for filing a report. Mandated reporters who fail to report child abuse are guilty of a misdemeanor and can be held civilly liable for damages for any injury to the child after a failure to report. No supervisor or administrator may impede or inhibit reporting duties of employees. CPS, police, or sheriff may interview a suspected victim at school, and the child has the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide. If the child is released to a peace officer, the principal shall not notify the parent or guardian but rather shall provide the peace officer with the address and telephone number of the child's parent or guardian, and law enforcement must notify parent or guardian of the situation. Peace officers will be asked by school personnel to sign an appropriate release or acceptance of responsibility form. Training in child abuse identification, reporting, and confidentiality rights for all mandated reporters of child abuse shall be provided by the Superintendent or designee. Last year, all staff went through an online training and were certified. Also, all new hires now

take the training when hired.

Reference: RCSD Board Policy 5141.4

RCSD Administrative Regulation 5141.4 (a-f), EC 35294.2a Site Implementation: The Orion staff knows they are a mandated reporter. All staff members are trained each year on mandated reporting and it is a continual discussion at staff meetings. If a staff member notices anything, he/she immediately reports it to the principal, and they discuss it. The staff member or the principal calls in the report (whoever noticed it) and writes up a suspected child abuse form which is sent to the police. The principal talks with the child and tries to gain some information surrounding the situation. This information is passed on to the agency. If it is determined that the child could be in immediate danger, the police are called. If the situation doesn't need an immediate response, CPS is called. When the police or CPS agent come to interview the student, the person's credentials are checked and he/she is introduced to the principal. School personnel ask the agent if there is a legal reason to question the child. If the answer is "yes", the procedure continues. The principal asks the interviewer if he/she would like her to be in the interview. The interviewer makes the decision on how the interview will take place. A private room is provided for the interview.

**Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

**Big Five: Immediate Action Emergency Response for Schools Protocol and Hazard Response Protocol**

The San Mateo County Office of Education, in collaboration with Local Law Enforcement, County Government and Local Fire Departments created the Big Five Immediate Action Emergency Response for Schools Protocol for all Public, Private and Charter Schools in the County and update the protocol annually. The Big Five Immediate Action Response is a protocol that can be implemented in a variety of different emergency situations. The Protocol is consistent with the guidelines established in California's Standardized Emergency Management System and shall integrate the procedures of the National Emergency Management System. All employees of the District are Disaster Service Workers, as defined by the California Emergencies Services Act, and are subject to such disaster service activities as may be rightfully assigned to them and that all employees shall be required to subscribe to the oath or affirmation required by the Act.

When an emergency occurs, it is critical that staff members take immediate steps to protect themselves, their students, and other people on campus. With an Immediate Action Response, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations. Staff, certificated and classified, will be given multiple opportunities annually to be trained on the Big Five School Emergency Guidelines Immediate Action Response and Hazards Response Protocols. These trainings specifically include training on the following:

- Earthquake preparedness, response, and recovery actions. Including Drop, Cover, and Hold On response protocols.
- Fire and Smoke, bomb threat or explosion, dangerous wildlife, bioterrorism and hazardous material spill or leak procedures which may result in a Shelter-In-Place
- Evacuation/Relocation procedures and Student Release to Family for Reunification procedures
- Secure Campus procedures for act of violence or danger of violence in the surrounding community
- Lockdown/Barricade procedures for a violent intruder on school premises

Staff members must learn and train on each Big Five Immediate Action Response and be prepared to perform assigned responsibilities. All students must be familiar with actions to take in the event that a Big Five response is implemented. It is highly recommended that school staff and students participate in the Big Five trauma-informed, developmentally appropriate emergency drills monthly. Table top exercises, walk-through drills, and social stories are examples of trauma-informed and developmentally appropriate training and drills to be used by school sites. Big Five signage and instructions are publicly displayed at all school sites.

**Procedures to prepare for active shooters or other armed assailants**

School site staff should participate in action-oriented Lockdown/ Barricade (active shooter) drills when students are not present. The use of Think on Your Feet Peet Book, which teaches young students what to do during a Lockdown/Barricade, Table-Top exercises or Walk-Through Drills are to be used with in lieu of violent intruder drills or simulations when students are present.

**Immediate Action Responses**

ACTION	DESCRIPTION
<b>SHELTER IN PLACE</b>	For environmental hazards: Go inside immediately.

<b>DROP, COVER, &amp; HOLD ON</b>	For earthquakes and explosions: Protect from falling debris. Drop to the floor.
<b>SECURE CAMPUS</b>	For potential threats of violence nearby: Go inside the nearest building. Close and lock all doors. Remain inside until threat has passed.
<b>LOCKDOWN/BARRICADE</b>	For immediate threats of violence on premises: Go inside. Lock and barricade all doors. Cover windows and turn off lights. Remain quiet and alert.
<b>EVACUATION</b>	When conditions outside are safer than inside: Employ “Look, Listen, and Leave”. Exit the building and move to a safe location.

The Big Five Immediate Action Response Protocol for School Administrators and Hazard Response Protocol is found in the appendix of this plan.

Site Specific Emergency Response plans can be found in the Comprehensive School Safety Plan; Part 2: Internal Components, for each school site.

- B. Disaster Procedures, Routine and Emergency

District Policy:

The safety of the students and school staff is of paramount importance. All actions taken shall bear in mind the safety and well being of both students and district employees.

The Emergency Procedure Plan for the Redwood City School District is prepared in compliance with Section 560, Title 5 of the California Administrative Code, which makes it mandatory for all public schools to have a written emergency plan. The Katz Emergency Procedures Bill of 2984 added the requirement that earthquake preparedness plans be developed in all public and private schools. The San Mateo County Office of Education established an organization to address school safety. This organization created a document “Immediate Action Response, the Big Five” that addresses the procedures for emergencies that arise in the schools. The District and school will follow these procedures.

i. Response

Response is the process of implementing appropriate actions while an emergency situation is unfolding. In this phase, schools mobilize the necessary resources to address the emergency at hand.

When calling 911, be prepared to remain on the phone and answer specific questions. In order to complete an accurate assessment of the situation, the 911 Dispatcher must obtain as much information as possible to best inform emergency responders and engage the appropriate level of medical response.

**WHEN REPORTING AN EMERGENCY**

Remain calm and speak slowly and clearly

Be prepared to provide name, location of the incident, and caller’s location, if different from the scene of the emergency. Although caller ID information may transfer immediately to the 911 Dispatcher, it is not available in all locations. The 911 Dispatcher will confirm and verify the location.

Answer all questions asked by the 911 Dispatcher, even those that seem repetitious

Do not hang up until the Dispatcher says to do so

**CALLING 911 FROM A CELL PHONE**

911 calls from cell phones may need to be transferred to another agency because cell phone calls are often sent to a 911 answering point based on cell radio coverage. Cell coverage areas don’t always match political boundaries

Know your cell phone number and be prepared to give the dispatcher an exact address

When calling 911, time is of the essence. Remain calm; speak slowly and clearly. The 911 Dispatcher needs to gather the correct information the first time he/she asks for it.

ii. Drop, Cover and Hold On

Drop, Cover and Hold On is the immediate action taken during an earthquake to protect students and staff from flying and falling debris.

In the event of an explosion, earthquake, or other event causing falling debris, immediately “DROP, COVER, and HOLD ON.” Students and staff should drop to the floor, duck under a sturdy desk or table, cover the head with arms and hands,

and hold onto furniture. Turn away from windows to stay clear of breaking glass. Individuals in wheelchairs can remain in the chair if mobility is limited. Move wheelchair against an interior wall and lock the wheels. Protect head by covering with arms if possible.

### iii. Evacuation

Evacuation is considered appropriate for, but is not limited to, the following types of emergencies: bomb threat, chemical accident, explosion or threat of explosion, fire, or earthquake.

In the event of an explosion, earthquake, or other event causing falling debris, EVACUATION will be preceded by a "DROP, COVER and HOLD ON" protocol. Students and staff should drop to the floor, duck under a desk or table, cover the head with arms and hands, and hold onto furniture.

#### EVACUATION:

Requires exit from the building to a designated safe site, on-campus or off-site

May require that students and staff rely on district bus transportation

May require staff to exit via alternate routes based on circumstances

Requires that students remain with assigned teachers unless circumstances prohibit that

Requires that staff and students assist those with special needs to ensure for safe egress of all

The needs and preferences of non-ambulatory individuals will vary. Those at ground floor locations may be able to exit without help. Others may have minimal ability to move, but lifting them may be dangerous. Some non-ambulatory people also have respiratory complications. Oversee their careful evacuation from smoke or vapors if danger is immediate.

To alert visually-impaired individuals: Announce the type of emergency. Offer arm for guidance, Tell person where you are going, obstacles you encounter. When you reach safety, ask if further help is needed

### iv. Lockdown/Barricade

Lockdown/Barricade is implemented when the imminent threat of violence or gunfire is identified on the campus or the school is directed by law enforcement. During LOCKDOWN / BARRICADE, students are to remain in designated classrooms or lockdown locations at all times. Do not evacuate until room is cleared by law enforcement or site administration. This response is considered appropriate for, but not limited to, the following types of emergencies:

Threat of extreme violence outside the classroom, or

Immediate danger in the surrounding community

Lockdown/Barricade is a protective action against human threat while Shelter-in-Place protects against environmental threat. Lockdown/Barricade requires closing and locking doors and barricading with heavy objects. No one is allowed to enter or exit until door-to-door release by Law Enforcement or School Incident Commander. Shelter-in-Place calls for closed, unlocked doors and allows for the free movement of staff and students within the classroom or office.

#### LOCKDOWN / BARRICADE:

Is a response to an immediate danger; it is not preceded by any warning

Demands quick action; an active shooter, for example, can fire one round per second

Requires common sense thinking under duress; do what must be done to best ensure survival of both students and staff

If it is possible to safely get off campus with students, take that action immediately (Run)

If it is not possible to get off campus, quickly lockdown inside a safe room and barricade the entrance (Hide)

Once a room is secured, no one is allowed to enter or exit under any circumstances

In the extreme instance that a Violent Intruder is able to enter a room, occupants should be prepared to fight back (Fight)

In the event of a Violent Intruder on campus, quick thinking is imperative for survival. Especially when an active threat of violence is present, an individual will have to think on his/her feet to quickly determine the best course of action. These choices may include getting off campus, hiding, implementing Lockdown/Barricade or even, in the most extreme of situations, fighting an assailant. Understanding and practicing these options can help an individual respond decisively and in so doing, best ensure the safety and survival of self, students, and other staff.

In the event of a Violent Intruder on campus, expect to hear noise from alarms, gunfire, explosions and shouting. It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. Quality training can help individuals think clearly in the midst of a chaotic scene. Proper training should include helping staff recognize the sounds of danger and teaching them to forcefully communicate and take necessary action. These actions would likely include:

Escape / Get Off Campus

Only attempt this if you are confident the suspect(s) is not in the immediate vicinity

Safely get off campus; find a position of cover or safe place for assembly  
Guide/instruct others you encounter on the way to follow you to safety  
Call 911 immediately to report location and request emergency services if necessary  
Once in a safe place – stay there Hide / Lockdown/Barricade  
Clear all hallways; get students and staff inside immediately  
Once locked and barricaded inside a room, follow all protocols for Lockdown/Barricade as practiced  
Direct all those in the room to remain still and quiet; turn off/silence cellphones  
If unable to find cover inside a secure room, quickly seek out a hiding place on campus  
If confronted by an assailant, as a last resort, consider trying to disrupt or incapacitate through aggressive force or by using items in the environment such as fire extinguishers or chairs  
There are documented instances where aggressive action on the part of the victims resulted in stopping the attacker  
Fighting back is NOT an expectation, merely one option for a last resort response  
v. Secure Campus

Secure Campus is implemented when the threat of violence or police action in the surrounding community requires precautionary measures to ensure the safety of staff and students. When a campus is in SECURE CAMPUS status, classroom instruction and/or activity may continue as long as all classroom and office doors are locked and all students and staff remain inside through the duration of the event. Outer gates and other entrance/exit points can be closed (NOT LOCKED) to deter a potential perpetrator from entering school grounds.  
This response is considered appropriate for, but not limited to, the following types of emergencies:  
Potential threat of violence in the surrounding community  
Law enforcement activity in the surrounding community  
A SECURE CAMPUS response may be elevated to LOCKDOWN / BARRICADE in which case instruction immediately ceases and students and staff follow LOCKDOWN / BARRICADE procedures.  
Secure Campus is a precautionary measure against the threat of potential violence in the surrounding community. Secure Campus requires locking all classroom/office doors and closing entrance and exit points on the school's perimeter. The objective is to protect against a potential threat at large in the community from coming onto campus. Secure Campus differs from Lockdown/Barricade in that it allows classroom instruction to continue.

#### SECURE CAMPUS:

Is intended to prevent a potential community threat from entering campus  
Heightens school safety while honoring instructional time  
Requires that all exterior classroom/office doors are locked and remain locked  
Is intended to prevent intruders from entering occupied areas of the building  
Requires that students and staff remain in SECURE CAMPUS status until  
School Incident Commander issues ALL CLEAR

#### vi. Shelter in Place

Shelter in Place is a short-term measure implemented to isolate students and staff from the outdoor environment and prevent exposure to airborne contaminants or threats posed by wildlife or other hazards. The procedures include closing and sealing doors, windows, and vents; shutting down the classroom/building heating, ventilation and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights.

SHELTER IN PLACE is considered appropriate for, but is not limited to, the following types of emergencies:

External Chemical Release

Fire in the Community

Hazardous Material Spill

During a Shelter-in-Place response as a result of air contamination, the HVAC systems must be shut down to provide protection from outside air. [Make sure HVAC can be switched to recirculate until COVID restrictions are lifted.] Students and staff may freely move about inside the buildings, but no one should leave the room until directed by fire officials, law enforcement, or site administration.

#### SHELTER IN PLACE:

Requires an understanding that all heating, air conditioning, and ventilation systems may be shut down immediately [Make sure HVAC can be switched to recirculate until COVID restrictions can be lifted.]

Requires an understanding that all pilot lights and sources of flame may need to be extinguished

Requires an understanding that any gaps around doors and windows may need to be sealed

Allows for free movement within classrooms or offices

#### vii. Policies Regarding Suspension and/or Expulsion Actions

District Policy:

In consonance with Section 35291.5 of the Education Code, the district will notify the parent or guardian of every pupil enrolled in grades 1 through 12, inclusive, of the fact that the district's regulations concerning student discipline are available on request at the principal's office in any district school.

The principal of each school shall ensure that every pupil and parent/guardian of the district's regulations concerning student discipline at the beginning of each school year and for transfer students at the time of enrollment. It shall be the responsibility of each principal to inform all students of the grounds for suspension annually.

Pupils have the right to due process of law, and all staff members are expected to accord due process rights to all students. A pupil may be suspended for any acts listed in AR 5114.1 (c-d) while on school grounds, while going to or coming from school, during lunch period or during, going to, or coming from a school-sponsored activity.

When a student is suspended from a class, the teacher of that class may require the student's parent/guardian to attend a portion of a school day in that class. If a teacher imposes this procedure, the principal shall send a written notice to the parent/guardian stating that attendance is required by law.

Suspension shall be preceded by an informal conference, conducted by the principal, his designee or the superintendent of schools between the pupil, and whenever practicable, the teacher or supervisor who referred the pupil to the principal. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. This conference may be omitted if the principal, principal's designee or superintendent determines that an emergency situation exists. The conference shall be held within two school days.

At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian in person or by telephone. A notice of suspension must be mailed to the parent/guardian stating the reasons for the suspension and date and time when the student may return to school. No penalties may be imposed on the pupil for the failure of the parent/guardian to attend such conference, nor may readmission of the pupil be contingent on the attendance of the pupil's parent/guardian at such conference.

Parents have the right to request a meeting with the superintendent or designee to review all written documents, review the evidence and the appropriateness of the penalty. A decision will be rendered within two school days.

A student may be suspended for no more than five consecutive school days unless suspended by the governing board for any number up to 20 school days in a school year.

A pupil shall be suspended for no more than 20 school days in a school year. Up to 10 additional school days of suspension may be used if reassigned to another school or an opportunity class for adjustment purposes. If an expulsion of the suspended student is being considered by the governing board, the suspension may be extended until such time as the governing board has rendered a decision. Specific procedures for extended suspensions pending an expulsion hearing are described in AR 5114.1(i).

The principal or superintendent of schools is required to recommend a pupil's expulsion for any of the following acts unless the principal or superintendent files a written report with the governing board reciting the facts of the incident that make expulsion inappropriate:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any firearm, knife, explosive, or other dangerous object of no reasonable use to the pupil at school or at a school activity off school grounds.
3. Unlawful sale of any controlled substance as defined in Section 11007 of the Health and Safety Code, except for the sale of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.
4. Robbery or extortion.

Note: Complete procedures for expulsion are further defined in AR 5114.1 (l-t)

Special Education students may only be expelled under certain circumstances, following strict guidelines and procedures, and then only when an IEP team has determined that (1) the misconduct was not caused by a or a direct manifestation of the identified handicap; (2) the misconduct was not the result of an inappropriate program; and, (3) the misconduct warrants expulsion.

Designated officials may, according to law and governing board policy, have access to student lockers when evidence suggests that the welfare of students and other personnel may be threatened. The decision to search shall be made by the principal or the principal's designee. The search shall be made in the presence of at least one witness who is an employee of the District, after which each such participants in the search shall sign a dated register attesting to what each found. Discovery of illegal or dangerous materials shall be reported to the office of the superintendent.

#### viii. Redwood City District Guidelines - Crisis Intervention

The district expects schools to practice A.R.M.S. procedure

Assess

Refer

Monitor

Support

#### Threat Assessments

Assess threat made by student

Evaluate the seriousness of the threat

Intervention to reduce risk of violence

Follow-up to see intervention effectiveness

#### Threat Inquiry Process

1.What behaviors/communications were reported and by whom?

2.What was the situation?

3.Who, if anyone, witnessed the reported behavior?

4.What was the context for the reported behavior: what else was going on at the time of the reported behavior?

5.WHAT IS CORROBORATED? WHAT WARRANTS SCRUTINY?

#### Extended Threat Inquiry Defined

1.Team-based in-depth inquiry to determine whether substantive threat of violence is serious or very serious.

2.Typical team composition includes threat inquiry team district level staff (Superintendent, Special Education Staff), and:

Administrator

Crisis Intervention / Risk Manager

Law Enforcement

Mental Health Staff

Others needed

No Parent consent required.

#### Schools should:

1.Establish site team (Don't act alone)

2.Discipline alone isn't adequate

3.DOCUMENT-procedures, incidents, and responses (Records are essential for liability protection)

4.Take ALL threats seriously (Don't fail to Evaluate a threat)

5.Determine if school-wide issues need to be addressed

#### STEPS TO TAKE WHEN A THREAT IS MADE:

##### Step 1 - Evaluate the threat

Interview the student who made the threat and any witnesses.

Consider, the circumstances in which the threat was made, student's intentions, victims' interpretations of the threat.

##### Step 2 - Decide if threat is transient or substantive

Does the student express remorse or retract the threat?

Is the student willing to make amends or resolve the conflict?  
What is the students' history of discipline?

Step 3 - Decide whether the threat is serious or very serious  
Call district for support.  
Did this threat involve a weapon, or a threat to kill, rape, or inflict severe injury?

Step 4 - Respond to the serious substantive threat  
Take protective action by notifying parents of perpetrator and victims.  
Take disciplinary action consistent with school policy.  
Identify any other student support or intervention needs.

Site Implementation:

We have had no expulsions in the past few years, and all suspensions have been due to minor issues that are not under the expulsion criteria. Orion has always followed, and will continue to follow, the RCSD policy in all aspects.

#### ix. Procedures to Notify Teachers of Dangerous Pupils

District Policy:

EC 49079 requires that the district advise teachers of students assigned to them who have committed any of the acts identified in Section 48900 as grounds for suspension and/or expulsion with the exception of subsection (h), dealing with the use of tobacco.

Teachers are given directions by site and district administration in order to research this information on the district PowerSchool database. It is updated regularly so teachers can see those students who have been identified, as well as a description of the incident(s).

## **Sexual Harassment Policies (EC 212.6 [b])**

The Redwood City School District is an equal employment opportunity employer and is committed to implementing a policy of nondiscrimination in all aspects of employment.

Redwood City School District provides equal opportunity to all applicants and employees without regard to race, color, religion, pregnancy, sex, sexual orientation, gender identity or perceived sex or gender, genetic information or characteristics (with respect to the applicant, employee, or a family member), national origin, ancestry, age, physical or mental disability, medical condition, family care status, marital status, veteran's status, uniformed service, or other basis protected by state or federal law.

Redwood City School District does not unlawfully discriminate based on the perception that anyone has any of those characteristics or is associated with a person who has or is perceived as having any of those characteristics.

### Policy

#### District Policy:

To promote an environment free of sexual harassment, the principal or designee shall take appropriate actions such as removing vulgar or offending graffiti, establishing site rules, and providing staff inservice or student instruction and counseling. Teachers shall discuss this policy with their students in age-appropriate ways and shall assure them that they need not endure any form of sexual harassment.

The Board shall not tolerate the sexual harassment of any student or District employee by any other student or District employee. Any student or employee who is found guilty of sexual harassment shall be subject to disciplinary action.

The Board encourages students or staff to immediately report incidences of sexual harassment to the principal or designee. The Superintendent or designee shall promptly investigate each complaint of sexual harassment in a way that ensures the privacy of all parties concerned. In no case shall any individual be required to resolve the complaint directly with the offending person.

Board policy defines sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature.

Other types of conduct which are prohibited in the district and which may constitute sexual harassment include:

- Unwelcome sexual flirtations/propositions;
- Verbal abuse of a sexual nature;
- Graphic verbal comments about an individual's body;
- Sexually degrading words used to describe an individual; and
- Display of sexually suggestive objects or pictures in the educational environment.

Any act of retaliation against an individual who reports a violation of the district's sexual harassment policy or who participates in the investigation of a sexual harassment complaint will be dealt with.

### **School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

A school-wide dress code established pursuant to this section and Section 35183 shall be enforced at Redwood City School District and at any school-sponsored activity by the school principal or person designated by the principal. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process. Redwood City School District expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activity in which they participate. Students are prohibited from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities.

xi. School-Wide Dress Code District Policy: The expression of a student's uniqueness and individuality by means of the student's dress is sanctioned by the governing board as being consistent with stated purposes of the school. Students and parents/guardians shall be informed about a school's dress procedures at the beginning of the year and when revised. Restriction on freedom of student dress will be imposed whenever the mode of dress is in question:

1. is unsafe either for the student or those around the student,
2. is disruptive of school operations and the education process in general, or the
3. is contrary to law.

School sites shall request Board approval for a required uniform dress procedure. If the implementation of a school-wide uniform procedure is considered, it should take place six months following approval by the Board of Education. A source of funding shall be available for students whose parents/guardians cannot afford to pay for the uniforms. Parents may choose not to have their children comply with a school uniform procedure adopted by a school site council. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents so decide.

The administration is encouraged to establish any needed regulations consistent with this policy through cooperative planning with staff, students, and parents. Reference: RCSD Board Policy 5132 (a-b) Site Implementation: Orion asks that all students wear clothes that are not disruptive to the school operations and educational environment. The dress code is in the Parent Handbook of Orion. Gang clothing is prohibited. There are seldom infractions to the rules. They are dealt with when they occur. Students are asked to call parents for a change of clothing or asked to not wear the item again to school. Children can use those clothes for a change of clothes. Orion will continue to follow the RSCD policy in all aspects.

### **Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)**

In an effort to ensure the safety of students, staff, parents and campus visitors specific policies and procedures have been enacted at Redwood City School District

#### xii. Procedures for Safe Ingress and Egress of Pupils

##### District Policy:

Although the District is not liable for the safety of pupils who are not under school supervision, the school district can, and does, hold students accountable for their behavior from the time they leave their homes for school, until they return to their homes from school. Students are accountable on the playgrounds, during recess, and at any time they are on school premises and/or under supervision of school district personnel.

Principals, teachers or bus drivers, to whom they may delegate their authority, are responsible for the conduct and safety of students enrolled in their schools from the time they come under school supervision until they leave school supervision, whether on school premises or not.

It is the responsibility of the principal to provide for adequate supervision of playgrounds and other school facilities at all times they are in use by students during the school day. Special attention should be given to the prevention of accidents and to the development of habits of good citizenship.

The principal should make full use of the cooperative services of local and county organizations which provide safety services, such as fire, law enforcement and county agencies.

***Safe Routes to School Program (Optional Section)***

The San Mateo County Office of Education and Redwood City School District participates in the Safe Routes to School Program which results in less traffic congestion around schools; improved air quality; a greener, healthier community; and an increase in self-reliance among San Mateo County children who walk and bike to school. The San Mateo County Safe Routes to School Program performs walk and bike safety audits assess the walkability and bike ability of a school and its surrounding environment. These audits include analyzing traffic patterns and travel to and from a school. Walking and biking route maps are also generated to support safe and efficient travel flow to and from a school. San Mateo County Safe Routes to School program places particular emphasis on providing access and support for students whose families have limited financial means, students of color, students of all genders, students with disabilities, and others and works to provide additional resources to schools in low-income communities, particularly technical assistance for schools serving low-income communities with higher rates of traffic collisions involving pedestrians and cyclists.

**A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)**

The Redwood City School District works to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which all students can feel safe, connected and take pride in their school and their achievements. Positive relationships between all members of the school community is paramount.

***Positive School Climate:***

School climate refers to the quality and character of school life. School climate is based on patterns of school life for all stakeholders, including students, parents, and staff. A school's climate reflects norms, goals, values, interpersonal relationships, teaching and learning practices, and organizational structures. A positive school climate fosters positive youth development and supports a high-quality learning environment that provides young people with the foundation to pursue productive and rewarding lives.

Evidence of a positive school climate includes the following:

- Norms, values, and expectations that support social, emotional, and physical safety
- Respectful and engaging interactions and relationships
- A shared school vision that includes students, families, and educators working together
- Educators who lead by example and nurture positive attitudes
- Meaningful participation in the operations of the school and care of the physical environment by all stakeholders

Safe physical and social environment for all of the students and adults, while providing a nurturing, child-centered, and trusting environment.

To be responsive to the school community and address safety issues when they arise.

***Programs/Procedures to Address Mental Health Care for Students Who Have Witnessed a Violent Act (Optional)***

Students who have witnessed a violent act at school or at a school sponsored activity, while going to or coming from school or a school sponsored activity, or during a lunch period on or off campus, will need attention to address their mental health. Witnessing violence and being a victim of violence at school have been found to both positively and significantly associated with psychological trauma symptoms. Schools should work to identify these students and provide appropriate and timely linkage to mental health services.

***Mental Health Supports and School Resource Officers on Campus (EC 32282.1)***  
*Optional*

Redwood City School District recognizes that to maintain a positive school climate, promote school safety, and increase pupil achievement, mental health and intervention services, including restorative and transformative justice programs, and positive behavior interventions and support must be prioritized.

The following procedures, protocols, and board policies pertain to how the mental health professionals, school counselors, and school resource officers (if utilized) work directly with students to create and maintain a positive school climate for students:

<https://simbli.eboardsolutions.com/Policy/ViewPolicy.aspx?S=36030397&revid=TY0PHQTCmuCm6gKMMHT3mA==&ptid=amlGTZIB9plushNjl6WXhfiOQ==&secid=9slshUHzTHxaaYMVf6zKpJz3Q==&PG=6&IRP=0&isPndg=false>

***School Discipline Rules and Consequences (EC 35291 and EC 35291.5)***

Orion Alternative Elementary School is committed to providing a safe, supportive and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. High expectations of student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for discipline measures that exclude students from instruction as a means for correcting student misbehavior.

The worth and dignity of each individual is a positive form of guidance rather than a punishing device. Any form of discipline that impairs the students' self-respect should be avoided. The school is in its second year of Positive School Wide Discipline. The staff follows the procedures in positive discipline and has posters up to remind students. This concept defines discipline as the process of teaching students to accept responsibility for a given action. Through this process children will annually be provided with guidelines for appropriate behavior and the opportunity to achieve positive change in their behavior and their attitudes.

Discipline will be achieved when students are provided with a chance to grow toward self-management through:

1. clearly defined rules and regulations,
2. effective communication with parents, teachers, students, administrators,
3. consistent use of discipline procedures,
4. reinforcement of positive behavior. and
5. provision of due process.

The minimum standards for a student in the Redwood City School District are:

1. respecting the authority of teachers, principals, and other school personnel to enforce District and school rules,
2. behaving in classrooms and on school campuses without disrupting or interfering with the rights of other students and staff,
3. following the standards of behavior and obeying rules of the classroom, school and District, and

#### 4. attending assigned classes daily and on time.

It is the role of the Board of Education to adopt policies designating standards of student conduct and regulations governing disciplinary action procedures, to support the consistent implementation of policies in all schools, to encourage staff cooperation with community agencies and to make final decisions in all cases involving the involuntary expulsion of students from regular school attendance.

It is the role of administration:

- a. to work with student, staff and parents to clearly define and explain discipline standards.
- b. to cooperate with teachers, students and parents in trying to solve problems,
- c. to exercise good judgment in determining the need and extent of disciplinary actions,
- d. to contact parents of students who are experiencing unusual difficulties,
- e. to follow suspension procedures, and
- f. to assist teachers who need help with discipline problems.

It is the responsibility of teachers to develop classroom rules and regulations, instruct students in classroom, school and district regulations, to insure proper and adequate control of students, and to supervise all students assigned to their class or subject to their control (playground, etc.)

It is the responsibility of classified personnel to be familiar with discipline policies, exercise good judgment in handling behavior problems, and to refer students with continuing problems to the principal or classroom teacher.

Parents/guardians are responsible for the willful misbehavior of their children and are expected to cooperate with school authorities and be familiar with discipline policies.

The district considers public education a right of our youth. However, it does not consider it an absolute right, but a privilege with definite responsibilities on the part of both the student and the parent. Pupils must comply with all the rules and regulations as defined in the CA Education Code, the CA Administrative Code, and the RCSD rules and regulations.

The principal of each school shall take steps to insure that all rules are communicated to students at the beginning of each school year and to transfer students at the time of their enrollment in the school.

Classroom teachers are given the authority to act in the place of the parent during the time the student is under the teachers' direction. To ensure suitable control, the teacher, may use the following means of control:

- confer with student and explain behavior policy,
- take away privileges enjoyed by the student,
- lower a student's citizenship rating,
- assign special tasks to be completed at specified times,
- contact parents so concerted action can be taken to mutually correct abnormal behavior patterns of the student,
- restrict recess so long as that pupil has adequate opportunities to go to the restroom,
- detain a student after school for not more than one hour at the end of school, with notification of parent,
- refer student to school administration for correction and control, and
- Consider suspension.

Reference: RCSD Board Policy 5114 (a-b)  
RCSD Administrative Regulation 5114 (a-d)

Site Implementation:

The above regulations and procedures are followed at the site. At the beginning of the school year, each classroom meets to review school-wide PBIS expectations, and determine what actions fall under the different areas of the matrix. Positive behaviors are expected, and reward activities such as star tickets (for weekly prizes) for positive behavior are implemented. When an on-going discipline problem occurs, the school psychologist, teacher, RSP teacher (if the student is in special education), and principal meet to develop a plan of action. If necessary, a behavior plan is written. Orion has always followed, and will continue to follow, RCSD policy in all aspects.

#### ix. Safe and Drug-Free Schools and Communities Act Procedures

The Redwood City School District's Performance Goal under the Safe and Drug-Free Schools and Communities Act is as follows: All students will be educated in learning environments that are safe, drug-free, and conducive to learning. RCSD contracts with various agencies to address Safe Schools issues and teach preventive measures to students. RCSD participates in the California Healthy Kids Survey to determine next steps. Mandatory reporting is carried out according to the Mandatory Safe and Drug Free Schools and Communities Act (4114[D][2][e]). SDFSC funded program services are targeted to the Redwood City School District schools and students.

Site Implementation:

- Orion has outside communication and a supervisor's sport radio communications system.
- There is a District Alternative School set up for students who are expelled from regular class settings and/or have behavioral issues.
- District Multidisciplinary Team meetings are available for families who need outside intervention.
- The School Attendance Review Board is in place for truants.
- The District offers: Conflict Resolution/Peer Mediation training, an Alternative to Suspension program partner with a local family agency, and PLUS; a Parenting and Student partner with a local agency.
- Orion has always followed, and will continue to follow, RCSD policy in all aspects.

### **Hate Crime Reporting Procedures and Policies**

#### **Discrimination and Harassment Policies Including hate crime reporting)**

Redwood City School District believes all students are entitled to a safe, orderly, caring, and equitable learning environment that promotes academic achievement, school connectedness, and meaningful participation for all students.

- Protect the right of all students, staff, and parents/guardians to be free from harassment or any activity that degrades the unique qualities of an individual or association with a person or a group with one or more actual or perceived protected characteristics, to include students' parental, family, or marital status, ancestry, color, race, gender, gender identity, gender expression, ethnicity, age, culture, heritage, sexuality, physical/mental/intellectual attributes, or religious beliefs and practices.
- The Redwood City School District expressly prohibits discrimination, intimidation, bullying, cyberbullying, or harassment of any student or employee by any employee, student, or other person on any school campus or at any school activity whether on or off campus.
- School personnel will take immediate steps to intervene when it is safe to do so and when he or she witnesses an act of discrimination, harassment, intimidation, or bullying.
- The Superintendent or designee shall ensure that all students receive age-appropriate information on sexual harassment.
- For students in grades 4-12, disciplinary action may include suspension and/or expulsion provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account. Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.
- The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable Redwood City School District to monitor, address, and prevent repetitive harassing behavior at Redwood City School District schools.

## **Procedures for Preventing Acts of Bullying and Cyber-bullying**

Redwood City School District recognizes the harmful effects of bullying on student well-being, student learning and school attendance and works towards providing a safe school environment that protects all students from physical and emotional harm. No student or group of students shall, through physical, written, verbal or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against another student, group of students or school personnel.

In compliance with ED Section 32283.5 Redwood City School District makes available the [California Department of Education's online training resources](#) to address and prevent bullying and cyberbullying to certificated staff and all other school site employees who have regular interaction with pupils.
