REQUIRED IMMUNIZATIONS

No shots? No records? No school. All immunizations listed below must be given to the student before completing the registration process. For more information on TK-12 student immunizations, visit drycreekschools.us or the California Department of Public Health's Shots for School website. These are the California immunization requirements for TK-12th grades for an August 2023 school start date. Please note, some doctors prefer not to give the final Polio, DPT & MMR until right before school starts for TK and kinder students. At the time of registration, we will accept an appointment card with the date the boosters will be given (appointment must be before the start of school) and require proof of immunization post-appointment.
