Releasing A Student During School Hours

The Board recognizes the District's responsibility for the proper care of students during school hours. Students shall not be released from school grounds, any school building, or school function during school hours except by a person duly authorized in accordance with District procedures. Before a student is released or excused, the person seeking to remove the student must present, to the satisfaction of the principal or his/her designee, with evidence of proper authority to leave with the student.

The Superintendent shall establish procedures for the releasing of a student during school hours.
