Release of Student During School Hours Procedure

Schools must exercise a high order of responsibility for the care of students while in school. The removal of a student during the school day may be authorized in accordance with the following procedures:

- 1. Law enforcement officers, upon proper identification, may remove a student from school as provided in Policy 4410;
- 2. Any other agencies must have a written administrative or court order directing the District to give custody to them. Proper identification is required before the student shall be released;
- 3. A student shall be released to the custodial parent. When in doubt as to custodial rights, school enrollment records must be relied upon, as the parents/guardians have the burden of furnishing schools with accurate, up-to-date information;
- 4. The school should always check with the custodial parent before releasing the student to a non-custodial parent; however, the school relies on the official information provided by the custodial parents and it is the custodial parent's responsibility to ensure all information is accurate and up to date;
- 5. Prior authorization from the custodial parent or guardian is required before releasing a student into someone else's custody, unless an emergency situation justifies a waiver; and
- 6. Police should be called if a visitor becomes disruptive or abusive.
