SCHOOL NAME: Chattahoochee High School

CONCEPT NAME: Accelerated-Based Learning/Modified Seat Time

STRATEGIC INITIATIVE(S) (from new strategic plan): Student Achievement: 100% of students will master interpersonal skills, as well as strengthen mental and emotional health, needed for college, career, and life success.

Data Analysis & Program Impact	
<p>1) To what extent was there a measurable increase in student outcomes, teacher instructional practices, and/or school climate and culture as a result of the RFF-supported initiative? Include quantitative data that specifically supports the continuing use of the RFF.</p>	<p>In the past four years, approximately 250 kids have been able to start an AP science class in 10th grade instead of 11th grade. This has created more varied pathways to graduation, utilized teacher skills and interests differently, and given these students a useful academic advantage for their futures.</p>
Rationale for Continuing RFF	
<p>2) Were there unique challenges to implementing the RFF that you did not originally consider? How did you overcome this challenge? Describe any changes or adjustments that must be made to the original proposal for implementation during the 2018-2022 strategic plan cycle.</p>	<p>Accelerated-based strategies provide flexibility in the way that credit can be earned or awarded and provide students with personalized learning opportunities. This type of learning leads to better student engagement because the content is relevant to the pace at which students work and can be better tailored to their unique needs.</p>
Additional Considerations	
<p>3) What resources (human, operational, etc.) are needed to continue implementation of the RFF? How do you plan to provide these resources?</p>	<p>-May require more staff and/or staff hours -Would require around \$42,000</p>
