Information Item – Public Comment

- None

Information Item – PTO Update (Ann Nath)

- As was discussed at the December meeting, we are working on developing a volunteer-based TA program for parents who are interested in assisting teachers on an on-going basis; hoping to roll out a pilot program in the coming weeks.
- Still working to fill all front office and outdoor lunch volunteers
- Next Meeting Wednesday, 1/19/22, 9:00 am media center

Information Item - PBIS Update (Rebecca DeWeese)

- Kicking off a smaller initiative to restart program. Developing a program where faculty/staff are encouraged to utilize note cards to recognize positive behaviors in both students and other faculty/staff members

Information Item - Student Success Skills Update (Rebecca DeWeese)

- For week of January 10, FCS has written the curriculum with the subject being time management skills; 2nd annual data review will begin next week

Information Item – Superintendent’s Council Update (Tara Spolan)

- Parent survey coming out to community; Looney talked about it not being feasible to require covid testing, even temp checks are not reliable methods of mitigation

Information Item - Principal’s Report (Brian Jones)

- Attendance #'s of kids coming back will be interesting to see; remote learning last week went well, very few issues with teams; mitigation matrix no longer being followed – new info has led to pivoting away from it; a few

faculty had covid but are now clear to be back in the building; as of yesterday, 23 active covid cases for the school; would need there to be 15 or more open faculty positions without subs before we switch to remote

- New ATLAS accounting system is now open and active, purchasing can occur; have few open positions to fill
- Coach Clack (head football coach) has stepped down; will stay in-house to fill his position; will be announced soon
- Projected enrollment for next year is 50 more students than the current year; once budgeting begins, will see how many new positions we are allotted
- No loitering initiative moving forward, students received IDs in advisement, will be running safety drills during advisement this week as well; want to obtain a high capacity ID printer for front office so we don't have to rely on Cady Studios
