Informational and Discussion Items:

1. Discussion Item: Principal's Update

- Our enrollment projection was 1191, and we received 1192 students.
- Since we reached the 10-day count, TAG teachers are assigned based on the enrollment.
- Some Special Ed positions were expected to be removed in the summer.
- World language staff was reduced from 1.0 to 0.5 based on the number of students.
- Most safety-related projects will be taken care of by the district. This will include window filming in common meeting places, such as the cafeteria and media room.
- There was a coaching session for teachers after the Labor Day weekend, which helped them learn more about the resources available to assist students in crisis.
- The next strategic plan will include progress updates on ELA, Math, and the goal of increasing students' trust in the staff.
- Literacy, math coaching, tutoring, and learning support will begin next month. Counselors will select eligible students.
- Grade-level meetings will be held next month.
- Instructional walkthroughs will take place in a couple of weeks, allowing teachers to observe their colleagues' classes. They will have the opportunity to learn new strategies and provide positive feedback to each other.
