### Informational and Discussion Items:

#### 1. Discussion Item: Principal's Update

- Just wrapped up book fair with a new vendor/book company. The books were cheaper than scholastic. The new vendor was better aligned to middle school students. Family Night for the book fair was a success.
- One of our PA took a job as a data clerk at another school. Last year we purchased an additional PA-2 for her position, the school will not be filling this position but will be getting some back.
- We received an award from the American Heart Association for being 2<sup>nd</sup> place in fundraising.
- As we get into the 2<sup>nd</sup> quarter of school, we have informed parents on how to check Infinite Campus and progress reports. We are starting to look more at which students need additional support based on data from 1<sup>st</sup> 9 weeks of school.

#### 2. Discussion Item: Semester Action Plan Review

##### 3 Big Rocks

- **Relationships and Routines:** By May 2024, 90% of HMS students will identify at least one trusted adult they have connected with in the school.
- **Tier 1 Instruction:** By May 2024, HMS will increase the percent of students in grades 6-8 demonstrating proficiency (proficient & distinguished) in math from 67% to 75% as measured by Georgia Milestones.
- **Interventions:** By May 2024, 80% of students in grades 6-8 who began the year in the bottom 30<sup>th</sup> percentile in reading and who are served through HMS High Dosage Small Group tutoring programs will meet their i-Ready stretch goal and/or the grade-level reading indicator as measured by the Georgia Milestones.

#### 3. Discussion Item: Website Audit and Cross-Council Meeting (11/1, 10-11:30, NLC)

- We are in good shape for our website audit. There were recent and minor things that were missing, but will be updated this week.
