

## Video Security on School District Grounds or Property

The Highland School District is committed to maintaining a safe and positive environment for students, staff and visitors. The board recognizes that it is necessary to use video security on its property to ensure the safety of school staff, students and visitors; to protect district property; and to aid in the enforcement of district policies, procedures and rules. Toward that end, monitoring activity on district property, including by video security, is authorized.

The superintendent shall develop procedures regarding the use of video security.
