## General Description of the District

Orange Unified School District is located in the central portion of Orange County. Founded in 1953, the District encompasses nearly 108 square miles, including the cities of Orange, Villa Park, and portions of Santa Ana, Anaheim, and Garden Grove.

### Orange Unified School District Boundary Map

Starting from an original school building in 1872, the District has grown to 26 elementary schools (K-6), one Magnet School (K-8), three middle schools (7-8), two Charter Schools (7-8), four high schools (9-12), a school for students with special needs, a community day school, a continuation high school and a new online academy covering grades K-12. A Career Education Center houses the District's Regional Occupational Program and Child Development Center. The District educates approximately 26,000 students in the Cities of Orange, Villa Park, Anaheim, Garden Grove, Santa Ana and county areas.

District schools have "partnered" with more than 100 local businesses, service clubs, local universities, and other organizations to provide funding for special projects. Special Projects include community speakers, career days/fairs, and scholarship programs.

The District office is located at 1401 North Handy Street in the City of Orange, California.

## SECOND INTERIM

### Report Overview

The Second Interim report is a snapshot in time of the local educational agency's revenue and expenditure forecasts for the current fiscal year as well as a projection of the two subsequent fiscal years. It is time to adjust the budget based on the Governor's January Proposal and subsequent trailer bills, the change in the current fiscal year, and other factors that impact revenue and expenditures. The Second Interim Report covers the period from July 1 through January 31 each fiscal year and must be submitted to the Orange County Department of Education no later than March 15.

### General Fund

The District receives its allocated funds based upon several criteria. The State requires the establishment of various funds for the accounting of revenues and expenditures. The type of fund determines the way in which the money may be spent.

The General Fund is the chief operating fund for all Local Education Agencies (LEAs), including school districts, county offices of education, and joint powers agreements/agencies.

The General Fund is used to account for the ordinary operations of the LEA. All transactions, except those required or permitted by law to be in another fund, are accounted for in this fund.

Within the General Fund, restricted projects or activities must be identified and separated from unrestricted activities.

### Budget Considerations

#### Enrollment and Unduplicated Pupil Count:

The District's enrollment establishes the basis of state revenue, staffing needs, operation cost and capital outlay needs. Enrollment history, excluding Charter schools and County are reflected below. For the 2023-24 year, the District is projecting a decline of 418 students, which is higher than the initial projected decline of 361 students. The District reached 60.69% Unduplicated Pupil Percentages due to changes in alternative meal application strategies in the 2022-23 year and is projecting 61.48% for 2023-24. In addition to the LCFF base and supplemental monies, the District will be eligible to receive concentrations funds for the first time.

SUMMARY OF STUDENT POPULATION	2022-23	2023-24	2024-25	2025-26

<b>Unduplicated Pupil Percentages</b>	60.69%	61.48%	60.68%	60.68%

#### Average Daily Attendance (ADA):

The Average Daily Attendance (ADA) is reported to the state three times per year: P1 Report, which covers the start of the school year through December 31; P2 Report, which covers the start of the school year through April 15; and Annual Report, which covers the entire school year. The Local Control Funding Formula (LCFF) is based on P2 attendance. The generated ADA is the primary funding for the District.

## SECOND INTERIM

### Funded ADA:

Historically, LCFF funding is based on the higher of the current or prior year's ADA. However, since districts are experiencing a dramatic decline in enrollment and ADA due to the pandemic, the state passed a budget act which included a revised formula starting with the 2022-23 school year and continuing onward to provide protection from excessive declines. For districts with declining attendance, the 2023-24 funding is based on the greater of:

- the current year's projected ADA (2023-24), or
- the prior year's ADA (2022-23), or
- the computed average ADA using the three most recent prior years' average ADA (2020-21, 2021-22 and 2022-23).

In addition, the state budget act included measures to mitigate the lost ADA in 2021-22 by establishing an "Attendance Yield". The Attendance Yield calculates the ADA-to-enrollment percentage using 2019-20 ADA data. That percentage is then applied to the 2021-22 ADA and Enrollment factors. The benefit of the Attendance Yield is that it applies to school districts who offered independent study by October 1, 2021, adopted and implemented written policies for the 2021-22 school year, and offered independent study to students who were out due to Covid-19 quarantine during the 2021-22 school year. School districts can utilize higher ADA factors to replace 21-22 generated attendance which was severely negatively impacted due to COVID.

### Cost-of-Living Adjustment:

The Cost-of-Living Adjustment ("COLA") reflects the annual increase which will be applied to the prior year per-student funding rate. That calculation determines the per-pupil funding rate for the new fiscal year.

### Budget Components: Revenue

Shown below are the revenue projections for the 2022-23 Unaudited Actuals and 2023-24 Second Interim, which include both unrestricted and restricted revenues.

Restricted revenues, as the name implies, may only be used for specific purposes. They also come from various federal, state, and local revenue sources. Examples of restricted program funding include Special Education, Learning Loss Mitigation, Expanded Learning Opportunity entitlements, Educator Effectiveness, Career & Technical Education Programs, Learning Recovery Block Grant and After School Programs, to name but a few.

Remember: The Budget is only a tool to achieving the District's Goals and Objectives

### Budget Components: Fund Balances

Fund Balances are the differences between the revenue received and the expenditures incurred within a fiscal year. Unrestricted fund balances are carried over to the next fiscal year. The ending fund balances are the accumulated reserves over time.

In addition, districts are required to maintain a minimum reserve level. The minimum reserve level is a percentage calculation based on district enrollment. As required by law, Orange Unified must maintain a minimum 3% reserve level for economic uncertainties.

Starting with the 2022-23 year, there is also a limit on the amount a district may reserve. District reserves cannot exceed 10% in assigned and unassigned balances including required reserves for economic uncertainties. If reserve levels exceed the 10% level, the overage must be designated for specific purposes.

### 2023-24 Summary at Second Interim

The District's unrestricted and restricted combined fund balances increased by approximately \$2.08 million. Between the First and Second Interim Reports, the Expenditure budget increased by \$3.2 million (due to various facilities, technology and educational projects related to health, life and safety) while Revenues increased by \$5.2 million. Revenue projections have been revised to reflect higher interest revenue and additional funding for the restricted programs and planned expenses for them. The District anticipates receiving \$427 million and spending \$415 million, leaving a fund balance of approximately \$11.5 million.

**Part I - General Administrative Share of Plant Services Costs**

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

**A. Salaries and Benefits - Other General Administration and Centralized Data Processing**

1. Salaries and benefits paid through pay roll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

2. Contracted general administrative positions not paid through pay roll

a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through pay roll, in functions 7200-7700, goals 0000 and 9000, Object 5800.

b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

**Part II - Adjustments for Employment Separation Costs**

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

**A. Normal Separation Costs (optional)**

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

Retain supporting documentation.

**B. Abnormal or Mass Separation Costs (required)**

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

**Part IV - Carry-forward Adjustment**

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

<b>A. Indirect costs incurred in the current year (Part III, Line A8)</b>	15,783,468.71
<b>B. Carry-forward adjustment from prior year(s)</b>	
1. Carry-forward adjustment from the second prior year	130,885.11
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
<b>C. Carry-forward adjustment for under- or over-recovery in the current year</b>	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.99%) times Part III, Line B19); zero if negative	699,625.84
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.99%) times Part III, Line B19) or (the highest rate used to recover costs from any program (4.80%) times Part III, Line B19); zero if positive	0.00
<b>D. Preliminary carry-forward adjustment (Line C1 or C2)</b>	699,625.84
<b>E. Optional allocation of negative carry-forward adjustment over more than one year</b>	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
<b>F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)</b>	699,625.84

#### S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

# **GLOSSARY**

## Glossary of Common School Finance Terms

**Average daily attendance (ADA)**—There are several kinds of attendance, and these are counted in different ways. For regular attendance, ADA is equal to the average number of pupils actually attending classes who are enrolled for at least the minimum school day. Ever since 1998–99, excused absences no longer count toward ADA. Attendance is counted every day of the school year and is reported to the California Department of Education (CDE) three times a year (see Attendance Reports).

**Ad valorem Taxes**—Taxes that are based on the value of property, such as the standard property tax. The only new taxes based on the value of property that are allowed today are those imposed by voter approval for capital facilities bonded indebtedness, with a vote requirement of either 55% for a Proposition 39 bond or a two-thirds requirement for other bonds.

**Apportionment**—State aid given to a school district or county office of education. Apportionments for the Local Control Funding Formula (LCFF) and special education are calculated four times for each school year: (1) the Advance Apportionment, which is based on an agency's prior year's state aid, is certified in July, (2) the First Principal Apportionment (P-1) is certified February 20 of the school year corresponding to the P-1 ADA (see Attendance Reports), (3) the Second Principal Apportionment (P-2) is certified by July 2 corresponding to the P-2 ADA, and (4) the annual recalculation of the apportionment is certified in February following the school year (at the same time as the P-1 Apportionment) and is based on P-2 ADA, except for programs where the annual count of ADA is used.

**Appropriation Bill**—A bill before the Legislature authorizing the expenditure of public money and stipulating the amount, manner, and purpose for the expenditure items.

**Assembly Bill (AB) 1200**—Reference to AB 1200 (Chapter 1213/1991) that imposed major fiscal accountability controls on school districts and county offices of education, by establishing minimum reserve levels and other requirements for agency budgets and fiscal practices. See especially Education Code Sections (EC §) 1240 et seq. and 42131 et seq.

**Assessed Valuation (also, assessed value)**—The total value of property within a school district as determined by state and county assessors. The "AV" of a school district will influence the total property tax income. The percentage growth in statewide AV from one year to the next is an important ingredient in determining appropriations levels required from the state for fully funding district and county LCFF entitlements, as well as for Proposition 98 calculations. Ever since Proposition 13, assessed value is reset to be the true market value only at the time of property transfer or new construction.

**Attendance Reports**—Each school district reports its attendance three times during a school year. The First Principal Apportionment (P-1) ADA, called the P-1 ADA or the P-1 count, is counted from July 1 through the last school month ending on or before December 31 of a school year. The Second Principal Apportionment (P-2), called the P-2 ADA, is counted from July 1 through the last school month ending on or before April 15 of a school year. Fiscal or annual ADA is based on the count from July 1 through June 30. The final recalculation of the apportionment is based on the P-2 ADA except for nonpublic school, community day school, extended year, and nonpublic school funding, all of which use the annual count of ADA. Also, under certain circumstances when a district has a very large influx of migrant students in the spring, a district may request the use of annual ADA in lieu of P-2 ADA.

**Base Grant**—The base grant (along with the supplemental and concentration grants) replaces previously existing K–12 revenue limits and approximately forty state-funded categorical funding streams. The base grant varies based on grade span (K–3, 4–6, 7–8, 9–12).

**Basic Aid**—The California Constitution guarantees that each school district will receive a minimum amount of state aid, called “basic aid,” equal to \$120 per ADA or \$2,400 per district, whichever is greater. Per a change in state law effective 2003–04, state categorical aid is counted first toward meeting the minimum allocation of basic aid (ref. EC § 41975). Basic aid school districts are districts where property taxes exceed the computed LCFF entitlement; such districts receive no state aid from the LCFF.

**Categorical Aid**—Funds from the state or federal government granted to qualifying school agencies for specialized programs regulated and controlled by federal or state law or regulation. Examples include programs for children with special needs (such as special education) or special programs (such as child nutrition). Expenditure of most categorical aid is restricted to its particular purpose. The funds are granted to districts in addition to their LCFF entitlement.

**California Longitudinal Pupil Achievement Data System (CALPADS)**—Is used to maintain individual-level data including student demographics, course data, discipline, assessments, staff assignments, and other data for state and federal reporting.

**California Public Employees’ Retirement System (CalPERS)**—State law requires that classified employees and their employer contribute to this retirement fund.

**California State Teachers’ Retirement System (CalSTRS)**—State law requires that certificated employees, their employer, and the state contribute to this pension fund.

**California State Teachers’ Retirement System (CBEDS)**—The statewide system of collecting classified staffing, graduation requirements, and technology data from all school districts on an “Information Day” each October.

**Certificated Personnel**—School employees who hold positions for which a credential is required by the state—teachers, librarians, counselors, and most administrators.

**Classified Personnel**—School employees who hold positions that do not require a credential—like instructional aides, custodians, clerical support, cafeteria workers, bus drivers, etc.

**Class Size Penalties**—The penalties imposed on school districts that have classes in excess of certain maximum sizes. (Class size penalties result in a reduction in ADA which, in turn, results in a loss in LCFF income.) See EC § 41376 and 41378.

**Concentration Grant**—The concentration grant (along with the supplemental and base grants) replaces previously existing K–12 funding streams. For targeted students (English learners, free or reduced-price meal (FRPM) recipients, or foster youth unduplicated counts) exceeding 55% of a local educational agency's (LEA's) enrollment, the concentration grant will provide 50% of the adjusted base grant.

**Consumer Price Index (CPI)**—A measure of the cost-of-living compiled by the United States Bureau of Labor Statistics. Separate indices of inflation are calculated regularly for the United States, California, some regions within California, and selected cities. The CPI is one of several measures of inflation.

**Contribution**—The expenditure of general purpose funds in support of a categorical program, i.e., the categorical expense requires a contribution from the district's General Fund for support. This occurs in most districts and county offices of education (COE) that provide special education and transportation. Contributions to other programs may be caused by deficit factors or local decisions to allocate general purpose funds to special purpose programs.

**Cost-of-Living Adjustment (COLA)**—An increase in funding for government programs, including the LCFF entitlement calculation and categorical programs. Current law ties the COLA percentage for most education programs to the annual percentage change in the "Implicit Price Deflator" for state and local governments—a government price index. See EC § 42238.1.

**Criteria and Standards**—Local district budgets must meet state-adopted provisions of "criteria and standards." These provisions establish minimum fiscal standards that school districts, COE and the state use to monitor district fiscal solvency and accountability. See EC § 33127 et seq.

**Declining Enrollment Adjustment**—A formula that cushions the drop in income in a district with a declining student population. Under current law, districts are funded for the greater of current-year or prior-year ADA. See EC § 42238.5.

**Deficit Factor**—When an appropriation to the State School Fund for any specific program is insufficient to pay all claims for state aid, a deficit factor is applied to reduce the allocation of state aid to the amount appropriated.

**Education Protection Account (EPA)**—The EPA was created by Proposition 30 of 2012, which increased sales and income taxes on a temporary basis. Proposition 55 of 2016 continued the EPA and the increased income taxes of Proposition 30 through the year 2030. Funds collected from the

increased taxes are deposited into the EPA, which is then issued to LEAs as a replacement for the state aid portion of the LCFF.

**Education Revenue Augmentation Fund (ERAF)**—The fund used to collect the property taxes that are shifted from cities, the county, and special districts within each county, prior to their distribution to K–14 school agencies.

**Excess Cost**—Costs in excess of the average annual per-student expenditure (all resources) in a LEA during the preceding school year for an elementary or secondary school student and is computed after deducting (Title 34 Code of Federal Regulations 300.16 and 300.202):

- Amounts received under Part B of the Elementary and Secondary Education Act (ESEA)
- Amounts received under Part A of Title I of the ESEA
- Amounts received under Parts A and B of Title III of the ESEA
- Any state or local funds expended for programs that qualify under this subsection, but excluding any amounts for capital outlay and debt service
  - Each must be calculated separately

**Forest Reserve Funds**—25% of funds received by a county from the United States government from rentals of forest reserve lands are apportioned among the various districts in the county according to scholastic population.

**Full-Time Equivalent (FTE)**—The ratio of time expended in a part-time position to that of a full-time position.

**Gann Limit**—A limit on the appropriation of tax revenues of all levels of California government—the state, cities, counties, school agencies, and special districts imposed by Proposition 4, an initiative passed in November 1979 (reference Article XIII B of the California Constitution). Using 1978–79 as a base year, subsequent years’ limits have been adjusted for: (1) an inflation increase which is currently equal to the annual change in California per-capita personal income, and (2) the change in population, which for school agencies is the change in ADA. Although officially called “Appropriation Limits,” these limits are commonly called “Gann Limits” after Paul Gann, the author of Proposition 4.

**Grade Span Adjustments (GSA)**—Added to the base grants in the LCFF calculation. There is a 10.4% GSA for reduced class sizes in grades TK–3 and a 2.6% GSA for career technical education (CTE) that applies to grades 9 K–12.

**Hold Harmless**—A formula providing a guarantee of no loss in funding for an agency when a change in law or data would otherwise require a loss in funding.

**Implicit Price Deflator**—See *Cost-of-Living Adjustment*.

**Individuals with Disabilities Education Act of 2004 (Formerly PL94-142)**—States must develop and implement policies that assure a free appropriate public education to all children with disabilities. The state plans must be consistent with the federal statute, Title 20 United States Code Section 1400 et seq.

**Learning Continuity and Attendance Plan**—The Learning Continuity and Attendance Plan (Learning Continuity Plan) is a part of the overall 2020–21 State Budget package for K–12 that seeks to address funding stability for schools while providing information at the local educational agency (LEA) level for how student learning continuity will be addressed during the COVID-19 crisis in the 2020–21 school year.

**Local Control and Accountability Plan (LCAP)**—Under the LCFF, districts, COEs, and charter schools are required to create and update a three-year LCAP, which will describe how annual goals will be met and address state and local priorities identified in EC § 52060(d). The State Board of Education (SBE) is required to create evaluation standards to assist with analyzing strengths, weaknesses, areas of improvement, technical assistance, and identify intervention needs.

**Local Control Funding Formula (LCFF)**—The LCFF, which replaced revenue limits and most categorical programs starting in 2013–14. It is the amount that a district or charter school can collect annually from local property taxes and state aid. It is comprised of a base grant by grade span multiplied per unit of ADA, with grade span adjustments for class-size reduction in grades TK–3 and for CTE at the high school level. Supplemental and concentration grants are added based upon the percentage of the student population that is FRPM eligible, English learners, foster youth unduplicated counts.

**Mandate Block Grant (MBG)**—In 2012–13, the MBG program was established for LEAs (COEs, school districts, and charter schools [both direct and locally funded]) that elect to participate to receive reimbursement for 49 mandated activities (specified in Government Code Section [GC §] 17581.6[e]). LEAs make an annual choice to receive funds for mandated activities either through the MBG or through the traditional claim reimbursement process, for which reimbursements have been suspended indefinitely. The MBG funds are unrestricted and allocated on a per-ADA rate.

**Mandated Costs**—School district expenses that occur because of federal or state laws, decisions of state or federal courts, federal or state administrative regulations. See Senate Bill 90, 1977, and also Proposition 4, 1979.

**Maintenance Factor**—See *Proposition 98*.

**Miscellaneous Funds**—Local revenues received from mineral royalties or bonuses and other payments in lieu of taxes. Fifty percent of such revenues are used as an offset to state aid in the LCFF.

**Necessary Small School (NSS)**—An elementary school with 96 or fewer ADA or high school with 286 or fewer ADA that meets the standards of being “necessary.” See EC § 42280 et seq.

**Parcel Tax**—A special tax that is a flat amount per parcel and not ad valorem based (i.e., not based on the assessed value of the property). Parcel taxes must be approved by a two-thirds vote of the electorate. See GC § 50079, et al.

**Permissive Override Tax**—Prior to Proposition 13, any of a number of local tax levies that were for specific purposes and that required only the permission of a school board to be levied. School agencies are no longer allowed to levy such taxes.

**PL81-874**—A federal program of “Impact Aid” that provides funds to school agencies that educate children whose families live and/or work on federal property, such as military bases. Also called “PL874.”

**Prior Year’s Taxes**—Tax revenues that had been delinquent in a prior year and that are received in the current fiscal year. These revenues offset state aid in the current year in the LCFF.

**Proposition 13**—An initiative amendment passed in June 1978 adding Article XIII A to the California Constitution. Under Proposition 13, the maximum total property tax rate for all government operations—including school agencies, cities, counties, and special districts—is 1% of assessed value and additional property tax levies may only be made for voter-approved debt. Proposition 13 also defined assessed value and required a two-thirds vote to levy any special purpose tax.

**Proposition 98**—An initiative adopted in 1988 and then amended by Proposition 111 in 1990. Proposition 98 contains three major provisions: (1) a minimum level of state funding for K–14 school agencies (unless suspended by the Legislature); (2) a formula for allocating any state tax revenues in excess of the state’s Gann Limit; and (3) the requirement that a School Accountability Report Card be prepared for every school. The minimum funding base is set equal to the greater of the amount of state aid determined by two formulas, commonly called “Test 1” and “Test 2” unless an alternative formula, known as “Test 3,” applies.

- “Test 1” originally provided that K–14 school agencies shall receive at least 39.5% of state General Fund tax revenues in each year, the same percentage as was appropriated for K–14 school agencies in 1986–87.
- “Test 2” provides that K–14 school agencies shall receive at least the same amount of combined state aid and local tax dollars as was received in the prior year, adjusted for the statewide growth in K–12 ADA and an inflation factor equal to the annual percentage change in per-capita personal income.
- “Test 3” only applies in years in which the annual percentage change in per-capita state General Fund tax revenues plus 1/2% is lower than the “Test 2” inflation factor (i.e., the change in per-

capita personal income), in which case the inflation factor is reduced to the annual percentage change in per capita state General Fund tax revenues plus 1/2%.

One of the provisions of Proposition 98 (as amended by Proposition 111) applies only if the minimum funding level is reduced due either to “Test 3” or the suspension of the minimum funding level by the Legislature and Governor. In such a situation, a “maintenance factor” is initially set equal to the amount of that year’s funding reduction due to “Test 3” or suspension, and this amount grows each year by statewide ADA growth and the “Test 2” inflation factor. In subsequent years when state taxes per-capita grow faster than personal income per capita, this “maintenance factor” is restored by increasing the Proposition 98 minimum funding level until the funding base is fully restored. This restoration process is applied prospectively only, and there is no requirement that the revenue loss in the year or years prior to the maintenance factor being fully restored be made up.

**Reserves**—Funds set aside in a school agency budget to provide for economic uncertainties, future expenditures, working capital, or other purposes.

**Regional Occupational Center or Program (ROC/P)**—A vocational educational program for high school students and adults. An ROC/P may be operated by a single district, by a consortium of districts under a joint powers agreement, or by a COE for the districts within the county.

**Senate Bill (SB) 90**—Reference to either:

1. SB 90/1972, which established the revenue limit system for funding school districts. The first revenue limit amount was determined by dividing the district’s 1972–73 state and property tax income by that year’s ADA. This original per-ADA amount became the historical base for all subsequent revenue limit calculations.
2. SB 90/1977, which required that the state reimburse state-imposed mandates on local governments.

**SB 813**—Reference to SB 813/1983 that provided a series of education “reforms” in funding calculations. Longer day, longer year, mentor teachers, and beginning teacher salary adjustments are a few of the programs implemented by this 1983 legislation.

**Secured Roll**—That portion of the assessed value that is stationary, i.e., land and buildings. See also *Unsecured Roll*. The secured roll averages about 90% of the taxable property in a district.

**Serrano Decision**—In 1974, the California Superior Court in Los Angeles County ruled in the *Serrano v. Priest* case that school district revenues in California depended so heavily on local property taxes that students in districts with a low assessed value per pupil were denied an equal educational opportunity in violation of the “Equal Protection” clause of the California Constitution. This ruling established certain standards under which the school finance system would be constitutional and was upheld by the California Supreme Court in 1976. In 1983, the

California Superior Court in Los Angeles County ruled that the system of school finance in effect at that time was in compliance with the earlier California Superior Court order. After several appeals, in March 1989, all of the plaintiffs in the case agreed to dismiss their legal challenges, thereby settling *Serrano v. Priest* as a legal issue.

**State School Fund**—Each year the state appropriates money to this fund, which is then used to make state aid payments to school agencies. Section A of the State School Fund is for K–12 education and Section B is for community college education.

**Subventions**—The term used to describe assistance or financial support, usually from higher governmental units to local governments or school agencies. State aid to school agencies is a state subvention.

**Sunset**—The termination of a categorical program. A schedule is in current law for the Legislature to consider the “sunset” of most state categorical programs. If a program sunsets under this schedule, the funding for the program shall continue for the general purposes of the program, but the specific laws and regulations shall no longer apply.

**Supplemental Grant**—Created under the LCFF, the supplemental grant (along with the concentration and base grants) replaces previously existing K–12 funding streams. The supplemental grant equals 20% of the adjusted base grant for targeted disadvantaged students (English learners, FRPM recipients, or foster youth unduplicated counts).

**Supplemental Roll**—An additional property tax assessment for properties that are sold or newly constructed that reflect a higher market value than on their prior lien date. By taxing this increase in assessed value immediately—rather than waiting until the next lien date—additional property taxes are generated.

**Test 1/Test 2/Test 3**—See *Proposition 98*.

**Transitional Kindergarten (TK)**—A developmentally appropriate program offered to children (at ages 4 or 5) that are too young to start kindergarten in that year. Essentially, California offers a two-year kindergarten program.

**Unsecured Roll**—That portion of assessed property that is movable, such as boats, planes, etc.

**Waivers**—Permission from the SBE—or, in some cases, from the State Superintendent of Public Instruction—to set aside the requirements of an Education Code provision upon the request of a school district. See EC § 33050.
