Superintendent’s Response to Community Questions: Dr. Konrad updated all regarding the Singer Scholarship. He stated that we have been informed that Dr. Avery, the individual responsible for overseeing the Singer Scholarship, has chosen not to offer it to students within our school district this year. He said that while the decision is disappointing, it is one that we must respect and that Dr. Avery holds the authority in the selection process and we honor the autonomy granted in such matters. He assured all that this will not deter us from our commitment to supporting students in their academic pursuits. Further, required training has been completed by our school counselor for the Singer Scholarship and hopes that Dr. Avery and the selection committee will reconsider offering it to our students in the future. In the meantime, Dr. Konrad stated that we will continue to explore and promote other scholarship opportunities within and beyond our school district. Dr. Konrad stated that there were three community members, Donna Yozwiak, Sandy Bartashunas, and Theresa Daly, who posed questions about high school scholarships. He encouraged high school seniors to stay proactive in their scholarship search by checking the high school guidance website.

Dr. Konrad addressed the question regarding cyber charter reform and stated that the projected cost for 2023-2024 is approximately six million which is down from the pandemic total of \$13.2 million dollars. He said that our PV Bears Academy program continues to work towards bringing students back to Pleasant Valley. Dr. Konrad also informed all that for grades K-5 our teachers will be directly instructing our cyber students for the 2024-2025 school year. He also stated that a meeting with Senator Rosemary Brown was held to discuss cyber charter reform and he has reached out to PA House of Representative Tarah Probst regarding her efforts for cyber charter reform.
